Ecumenical Missionary Conference, New York, 1900 Ecumenical conference on foreign missions,1900 **Religion in Multicultural Education** Farideh Salili,Rumjahn Hoosain,2006-05-01 The National Association for Multicultural Education in Washington D C listed a number of issues that the school curriculum should address with reference to multicultural education including racism sexism classism linguisticism ablism ageism heterosexism and religious intolerance It is noteworthy that of all these issues religion is about the only one that throughout history people are willing to die for although whether what is at issue is really religion or other things such as territory is another matter It is also interesting that all the others have isms in their names but religious issues are characterized by intolerance Perhaps we should try to understand this intolerance and look at what steps might help to alleviate it However while intolerance might seem a simple thing understanding what is behind it and how it plays such a crucial role in religion requires what we refer to in the Introduction chapter as a multifaceted approach at multiple levels It is not enough just to try to dispel stereotypes of followers of other religions or to point out commonalities in world religions We should for example try to understand and appreciate how adherents of other religions try to answer questions regarding their adaptation to the contemporary environment It is through understanding how different religions coexist side by side at various levels that we truly come to learn about religion in multicultural education **The Missionary Review of the World** ,1912 **Roland Allen** Steven Richard Rutt,2018-04-25 Roland Allen 1868 1947 is remembered as one of the foremost missionaries of the last century Throughout his life Allen travelled the world following his vocation and building his missionary methods centred on a theology of indigenisation From his early days as a Chaplain in China during which Allen was forced to flee to the British Legation in Beijing through to his continued mission to India Canada and South Africa he developed as man missionary and theologian The first of two volumes Roland Allen A Missionary Life is an intellectual biography which explores the people and ideas that influenced Allen while tracing the ways in which his missionary ecclesiology evolved during his life Through extensive examination of unpublished archival papers including lesser known letters and sermons Steven Richard Rutt has

uncovered the growth of a forthright morally indefatigable churchman who was also a loving family man with close and long running friendships Rutt unpacks Allen s Church centred missionary ecclesiology and missiology of indigenisation which were based on Allen s knowledge gained from experience Roland Allen A Missionary Life and Roland Allen A Theology of Mission explore the thought of a Christian whose writings provided farsighted clarity on global Christian missionary work that is still relevant today The Gospel in All Lands ,1899 *Eternity as a Sunrise* R.
