Educating Our Daughters Lynn Townsend White,1950 *Divine*

Decadence Linda Mizejewski,2014-07-14 As femme fatale cabaret siren and icon of Camp the Christopher Isherwood character Sally Bowles has become this century's darling of divine decadence a measure of how much we are attracted by the fiction of the shocking British American vamp in Weimar Berlin Originally a character in a short story by Isherwood published in 1939 Sally has appeared over the years in John Van Druten's stage play *I Am a Camera* Henry Cornelius's film of the same name and Joe Masteroff's stage musical and Bob Fosse's Academy Award winning musical film both entitled *Cabaret* Linda Mizejewski shows how each successive repetition of the tale of the showgirl and the male writer scholar has linked the young man's fascination with Sally more closely to the fascination of fascism In every version political difference is read as sexual difference fascism is disavowed as secretly female or homosexual and the hero eventually renounces both Sally and the corruption of the coming regime Mizejewski argues however that the historical and political aspects of this story are too specific and too frightening to explain in purely psychoanalytic terms Instead *Divine Decadence* examines how each text engages particular cultural issues and anxieties of its era from postwar Momism to the Vietnam War Sally Bowles as the symbol of wild Weimar or Nazi eroticism represents history from within the grid of many other controversial discourses including changing theories of fascism the story of Camp vicissitudes of male homosexual representations and discourses and the relationships of these issues to images of female sexuality To Mizejewski the Sally Bowles adaptations end up duplicating the fascist politics they strain to condemn reproducing the homophobia misogyny fascination for spectacle and emphasis of sexual difference that characterized German fascism Originally published in 1992 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Higher Education for Women in Postwar America, 1945-1965 Linda Eisenmann,2006-01-19 Outstanding Academic Title for 2007 Choice Magazine This history explores the nature of postwar advocacy for women's higher education acknowledging its unique relationship to the expectations of the era and recognizing its particular type of adaptive activism Linda Eisenmann illuminates the impact of this advocacy in the postwar era identifying a link between women's activism during World War II and the women's movement of the late 1960s Though the postwar period has been portrayed as an era of domestic retreat for women Eisenmann finds otherwise as she explores areas of institution building and gender awareness In an era uncomfortable with feminism this generation advocated individual decision making rather than collective action by

professional women generally conceding their complicated responsibilities as wives and mothers By redefining our understanding of activism and assessing women s efforts within the context of their milieu this innovative work reclaims an era often denigrated for its lack of attention to women **The Messianic Character of American Education** R. J.

Rushdoony,2014-08-26 Rushdoony s study tells us an important part of American history exactly what has public education been trying to accomplish Before the 1830s and Horace Mann no schools in the U S were state supported or state controlled They were local parent teacher enterprises supported without taxes and taking care of all children They were remarkably high in standard and were Christian From Mann to the present the state has used education to socialize the child The school s basic purpose according to its own philosophers is not education in the traditional sense of the 3 R s Instead it is to promote democracy and equality not in their legal or civic sense but in terms of the engineering of a socialized citizenry Public education became the means of creating a social order of the educators design Such men saw themselves and the school in messianic terms This book was instrumental in launching the Christian school and homeschool movements **Challenged by Coeducation** Leslie Miller-Bernal,Susan L. Poulson,2007-01-22 Challenged by Coeducation details the responses of women s colleges to the most recent wave of Women s colleges originated in the mid nineteenth century as a response to women s exclusion from higher education Women s academic successes and their persistent struggles to enter men s colleges resulted in coeducation rapidly becoming the norm however Still many prestigious institutions remained single sex notably most of the Ivy League and all of the Seven Sisters colleges In the mid twentieth century colleges concerns about finances and enrollments as well as ideological pressures to integrate formerly separate social groups led men s colleges and some women s colleges to become coeducational The admission of women to practically all men s colleges created a serious challenge for women s colleges Most people no longer believed women s colleges were necessary since women had virtually unlimited access to higher education Even though research spawned by the women s movement indicated the benefits to women of a room of their own few young women remained interested in applying to women s colleges Challenged by Coeducation details the responses of women s colleges to this latest wave of coeducation Case studies written expressly for this volume include many types of women s colleges Catholic and secular Seven Sisters and less prestigious private and state liberal arts and more applied northern southern and western urban and rural independent and coordinated with a coeducational institution They demonstrate the principal ways women s colleges have adapted to the new coeducational era some have been taken over or closed but most have changed by admitting men and thereby becoming coeducational or by offering new programs to different populations Some women s colleges mostly those that are in cities connected to other colleges and prestigious with a high endowment still enjoy success Despite their dramatic drop in numbers from 250 to fewer than 60 today women s colleges are still important editors Miller Bernal and Poulson argue With their commitment to enhancing women s lives women s colleges and formerly women s colleges can serve as models of egalitarian coeducation

Women at Cornell Charlotte Williams Conable, 1977 Estudio historico sobre la universidad de cornell pionera en la educacion de la mujer Expone como este centro fue una de las primeras instituciones de estados unidos que adopto y desarrollo la coeducacion entre hombres y mujeres **Higher Education** ,1949 *A Century of Women* Deborah G. Felder, 2003 Comprehensive and riveting this important volume on women s history surveys the revolutionary changes in the social economic and political status of women during the twentieth century From the battles of suffragists and labor activists such as Carrie Chapman Catt and Rose Schneiderman to the provocative ideas of Betty Friedan here are the women of vision and courage who fought for equality and freedom But here too are the unexpected medical and technological discoveries that removed a woman s destiny from the restrictions of biology the electric washing machine anesthesia for childbirth sulfa drugs to stop post partum deaths the birth control pill and more This lively and provocative history covers groundbreaking legislation and Supreme Court rulings yet it doesn t neglect the often conflicting cultural forces from Emily Post and Barbie to the founding of the La Leche League and Ellen DeGeneres s sitcom that have shaped women s lives in today s world Book jacket University of Michigan Official Publication ,1954 *Newcomb College, 1886-2006* Susan Tucker, Beth Willinger, 2012-05-07 In 1886 Josephine Louise Newcomb donated funds to Tulane University for the founding of the H Sophie Newcomb Memorial College Her contribution created the nation s first degree granting coordinate college for women For more than a century Newcomb College educated thousands of young women in the liberal arts and sciences preparing them for positions in the civic and economic world of New Orleans and the South Newcomb College 1886 2006 explores the rich history and tradition of the college through a diverse and multidisciplinary collection of essays Early chapters focus on the life of Josephine Louise Newcomb and her desire to memorialize her daughter Sophie as well as the development of student culture in the Progressive Era Several essays explore the staples of a Newcomb education from its acclaimed pottery and junior year abroad programs to lesser known but trailblazing work in physical education and chemistry Concluding biographical and autobiographical chapters recount the lives of distinguished alumnae and the personal memories of Newcomb s influence on New Orleans The essays offer insight into the work of artists Caroline Wogan Durieux and Ida Kohlmeyer education reformer Sarah Towles Reed U S representative Lindy Boggs and other Newcomb leaders in various fields Throughout the book contributors reflect on the curriculum pedagogy and alliances that created paths for students not only for advanced studies but also for their roles as friends wives mothers reformers and professionals Touching on three centuries the book concludes in 2006 when Tulane University closed Newcomb College and Paul Tulane College the arts and sciences college for men and united the two as Newcomb Tulane College This absorbing collection offers both a scholarly history and an affectionate tribute to a Newcomb education *Digging People Up For Coal* Fletcher, Meredith, 2013-05-31 a dramatic account of Australia s most astounding urban story Professor Tom Stannage This book is about the birth life and loss of a community Yallourn was designed in the 1920s as a garden town laid out on hygienic and aesthetic principles It

became a thriving and close knit community home to several generations of State Electricity Commission workers and their families By the 1960s however the town was surplus to requirements It had become an area to be cleared The Save Yallourn Campaign was long and bitterly fought but the residents efforts were in vain Meredith Fletcher brings to life a community that still exists vividly in memory and imagination She looks at the intense grief people feel for lost places and at the creativity that grief can release Digging People Up for Coal is the first book to examine the process of deconstruction demolition and detachment of an Australian town In resurrecting Yallourn from the depths of the open cut it both celebrates and mourns a lost community
