society The book takes an interdisciplinary focus and contributors include well known experts in such fields as psychology educational policy studies history of education political history curriculum philosophy of education theology and gender studies The essays delve into the myriad reasons for the moral education controversy and examine how the contemporary debate over the place of moral education in a pluralist society takes place within the larger context of the current arguments over the quality of American education In addition to a historical examination of the values pluralism issue the volume offers critiques of specific educational regimens as they address the problem of moral education This volume offers relevant pertinent discussions that will benefit professional educators social scientists and any individual concerned about the quality of American education and its ability to provide adequate moral and values education Contributors Walter Nicgorski Michael W Apple Rev Michael Himes Dwight Boyd Ronnie A F Blakeney Charles D Blakeney Daniel K Lapsley William Reese Michael R Olneck Ann Diller James W Fowler and F Clark Power **Teaching in a Pluralistic Society** Ricardo L.
