Burt, Linda Brower Meeks, 1975 *Glencoe Health, Softcover Human Sexuality - 2014 Student Edition* BRONSON, McGraw-Hill Education, 2014-05-30 *The Moral Panics of Sexuality* B. Fahs, M. Dudy, S. Stage, 2013-09-12 A provocative feminist analysis of the moral panics of sexuality this interdisciplinary edited collection showcases the range of historical and contemporary crises we too often suppress including vagina dentata vampires cannibalism age appropriateness breast cancer menstrual panics and sex education **Hijacked!** Clarence Washington Sr., 2023-12-18 The first four volumes of *Hijacked How Dr King's Dream Became a Nightmare* explores the goals that must be achieved and the methods that must be used to fix what is wrong with America However these things have been hijacked by super natural spiritual forces and caused the once unthinkable devastating nightmare in America which we are now experiencing This Nightmare has been orchestrated by spiritually dark forces who must be dealt with

through an effective super natural spiritual warfare prayer strategy Nothing else but this will solve the demonic insanity that is occurring all over America today In Volume 5 The Demonic everything that We the People need to do this and bring America back from the brink of total decline and destruction is explored in detail The demonic insanity that is so widespread in America today is clearly demonstrated by such things as critical race theory social justice transgenderism the open boarder policy the war on fossil fuel the climate control policy an obsession with renewing the JCPOA Iran nuclear argument the love affair of African Americans with the people that clearly hate them and the love affair of Jewish Americans and others with the people that clearly hate them The volumes respectively of Hijacked are The Dream The Hijack The Nightmare The Recovery and The Demonic All of these things are a very clear demonstration that most Americans have rejected the God given dream goals and dream methods of Dr Martin Luther King Jr and are instead being taught how to live by demons

Sexuality in Close Relationships Kathleen McKinney, Susan Sprecher, 2014-05-22 This is one of the first volumes to examine the interface between research undertaken in sexuality and that in close relationships from a social psychological perspective Experts from several different disciplines offer chapters that contain theory extant literature and their own original research on such topics as jealousy extradyadic sexuality communication love and sexual coercion Aimed at a fairly wide audience this book will be of interest to students faculty and other professionals in social psychology sociology communication and family and women s studies It is also a valuable source of information for teachers researchers and clinicians working in the areas of human sexuality and or close relationships

Sexuality and Women with Learning Disabilities Michelle McCarthy, 1999 Sexuality and Women with Learning Disabilities makes a significant contribution to both feminist and disability literature because it challenges common assumptions about the sexuality of people with learning disabilities forces a reconsideration of how this group of people are viewed by those around them and links gender and disability in its analysis Tizard Learning Disability Review By tackling

issues that have received little meaningful attention McCarthy both makes a valuable contribution to the literature and provides a useful practical guide to those wishing to support their clients more effectively Mental Health and Learning Disabilities Care The thoroughness and attention to detail with which McCarthy has investigated and written about the sexual lives of a small number of women with mild to moderate learning difficulties is to be commended Drawing upon interviews with the women who participated in this study there is explicit detail about the reality of their sexual lives that overall comes across as sad poignant and often shocking with a high level of sexual abuse revealed however McCarthy has a strong code of ethics and sensitivity and a reflexive honesty about her role and stance as a feminist researcher that removes any possibility or suggestion of prurient voyeurism or exploitation being a part of this research McCarthy writes as a woman with and about women allowing their voices about their sexual experiences to be heard through the medium of in depth interviews Within the book the sexual experiences of women with learning disabilities are set in a wider policy and practice framework and discussed in relation to ideologies surrounding learning disability gender and sexuality in a cultural context The book ends with a chapter discussing and listing policy and practice recommendations including suggestions about changes to the law Overall this was a convincing and compelling book that deserves serious attention and I would strongly recommend it to anyone with an interest in learning disability issues including practitioners carers relatives advocates and counsellors CSPRD Newsletter In this study of women with mild and moderate learning disabilities Michelle McCarthy investigates how these women experience their sexual lives basing her research on interviews with the women themselves She argues the importance of informing the work of those responsible at research practice and policy levels with the voices of people with learning disabilities In the interviews women talk openly about what form their sexual activity takes and what it means for them the circumstances in which it occurs and the pleasures or lack thereof associated with it These interviews directly shape the policy and practice recommendations the author makes Michelle McCarthy s findings suggest that women with learning disabilities commonly find themselves engaged in sexual activity which is not to their liking and not of their choosing A high level of sexual abuse was also reported The author discusses this in relation to the cultural forces which have influenced Western perceptions of sexuality feminism and theories and prejudices about learning disabilities She also studied the impact of institutional and community settings on the sexuality of women with learning disabilities In *Sexuality and Women with Learning Disabilities* McCarthy makes recommendations for policy and practice which will protect this vulnerable group and advises on education support and seeking justice for abused women *HIV/AIDS Guidelines for Special Education Populations* New Mexico.
