*Ecological Research with Children and Families* Alan R. Pence, 1988      *Ecological Research to Promote Social Change* Tracey A. Revenson, Anthony R. D'Augelli, Sabine E. French, Diane Hughes, David E. Livert, Edward Seidman, Marybeth Shinn, Hirokazu Yoshikawa, 2012-12-06 During the past quarter century community psychologists have worked to make relevant contributions to human welfare in community settings and to effect social change Working with and in schools neighborhood organizations religious institutions social programs and government agencies the community psychologist has come to understand how social settings and social policy influence behavior and foster change that promotes individual health and well being Using a social ecological paradigm as their guiding framework they focus on the interactions between persons and their environments cultural diversity and local empowerment for understanding organizational community and social change Community psychologists have relied on multiple methods of obtaining data but more often they have had to develop new methodologies or adapt existing ones These innovative methods have been recorded in the *American Journal of Community Psychology* throughout the years of its history and have changed the way that researchers in the field have gathered data      Developmental Research Methods Scott A. Miller, 2017-02-14 The Fifth Edition of Scott A Miller's classic *Developmental Research Methods* presents an overview of methods to prepare students to carry out report on and evaluate research on human development across the lifespan The book explores every step in the research process from the initial concept to the final written product covering conceptual issues of experimental design as well as the procedural skills necessary to translate design into research Incorporating new topics pedagogy and references this edition conveys an appreciation of the issues that must be addressed the decisions that must be made and the obstacles that must be overcome at every phase in a research project capturing both the excitement and the challenge of doing quality research on topics that matter      *The SAGE Encyclopedia of Marriage, Family, and Couples Counseling* Jon Carlson, Shannon B. Dermer, 2016-10-11 The *SAGE Encyclopedia of Marriage Family and Couples Counseling* is a new all encompassing landmark work for researchers seeking to broaden their knowledge of this vast and diffuse field Marriage and family counseling programs are established at institutions worldwide yet there is no current work focused specifically on family therapy While other works have discussed various methodologies cases niche aspects of the field and some broader views of counseling in general this authoritative Encyclopedia provides readers with a fully comprehensive and accessible reference to aid in understanding the full scope and diversity of theories approaches and techniques and how they address various life events within the unique dynamics of families couples and related interpersonal relationships Key topics include Assessment Communication Coping Diversity Interventions and Techniques Life Events Transitions Sexuality Work Life Issues and more Key features include More than 500 signed articles written by key figures in the field span four comprehensive volumes Front matter includes a Reader's Guide that groups related entries thematically Back matter includes a history of the development of the field a

Resource Guide to key associations websites and journals a selected Bibliography of classic publications and a detailed Index All entries conclude with Further Readings and Cross References to related entries to aid the reader in their research journey

**Effective Technology Integration for Disabled Children** Malka Margalit, 2012-12-06 Effective Technology Integration for Disabled Children The Family Perspective explores microcomputer based special education intervention programs aimed at advancing mildly handicapped children and empowering their parents The book applies the stress resources and coping model to families with disabled children examining specific components of the proposed model through family surveys and studies and presenting future directions for research and experimentation The book also offers an overview of the research related to effective integration of computers into the special education system with particular attention to a cognitive approach to skill development through various software programs Effective Technology Integration For Disabled Children is intended for researchers and practitioners in a wide range of fields interested in family research and parent empowering interventions as well as for those involved in technology integration within special education contexts

*Sourcebook of Family Theories and Methods* Pauline Boss, William J. Doherty, Ralph LaRossa, Walter R. Schumm, Suzanne K. Steinmetz, 2008-11-19 Origins We call this book on theoretical orientations and methodological strategies in family studies a sourcebook because it details the social and personal roots i.e. sources from which these orientations and strategies flow Thus an appropriate way to preface this book is to talk first of its roots its beginnings In the mid 1980s there emerged in some quarters the sense that it was time for family studies to take stock of itself A goal was thus set to write a book that like Janus would face both backward and forward a book that would give readers both a perspective on the past and a map for the future There were precedents for such a project The Handbook of Marriage and the Family edited by Harold Christensen and published in 1964 the two Contemporary Theories about the Family volumes edited by Wesley Burr Reuben Hill F. Ivan Nye and Ira Reiss published in 1979 and the Handbook of Marriage and the Family edited by Marvin Sussman and Suzanne Steinmetz then in production

*Does It Take A Village?* Alan Booth, Ann C. Crouter, 2001 In this volume experts from several social science disciplines explore the condition under which communities affect children's development and family functioning

*Studying Minority Adolescents* Vonnie C. McLoyd, Laurence Steinberg, 1998-07 This volume which addresses issues at all levels concerning research on minority children and adolescents will be invaluable to scholars and professionals doing research in psychology sociology and education

**Family Empowerment** Katherine Dunlap, 2019-06-04 First published in 2000 Routledge is an imprint of Taylor Consortium for Longitudinal Studies 1983 Deutsch Jordan Lazar Darlington 1982 This study considers positive benefits for caregivers who participate in cooperative preschool education Since not all caregivers are parents the study includes grandparents who have custody of children and kin with responsibility for kith

**Neighborhood Poverty** Jeanne Brooks-Gunn, Greg Duncan, J. Lawrence Aber, 1997-11-13 Perhaps the most alarming phenomenon in American cities has been the transformation of many neighborhoods into isolated ghettos where

poverty is the norm and violent crime drug use out of wedlock births and soaring school dropout rates are rampant Public concern over these destitute areas has focused on their most vulnerable inhabitants children and adolescents How profoundly does neighborhood poverty endanger their well being and development Is the influence of neighborhood more powerful than that of the family Neighborhood Poverty approaches these questions with an insightful and wide ranging investigation into the effect of community poverty on children s physical health cognitive and verbal abilities educational attainment and social adjustment This two volume set offers the most current research and analysis from experts in the fields of child development social psychology sociology and economics Drawing from national and city based sources Volume I reports the empirical evidence concerning the relationship between children and community As the essays demonstrate poverty entails a host of problems that affects the quality of educational recreational and child care services Poor neighborhoods usually share other negative features particularly racial segregation and a preponderance of single mother families that may adversely affect children Yet children are not equally susceptible to the pitfalls of deprived communities Neighborhood has different effects depending on a child s age race and gender while parenting techniques and a family s degree of community involvement also serve as mitigating factors Volume II incorporates empirical data on neighborhood poverty into discussions of policy and program development The contributors point to promising community initiatives and suggest methods to strengthen neighborhood based service programs for children Several essays analyze the conceptual and methodological issues surrounding the measurement of neighborhood characteristics These essays focus on the need to expand scientific insight into urban poverty by drawing on broader pools of ethnographic epidemiological and quantitative data Volume II explores the possibilities for a richer and more well rounded understanding of neighborhood and poverty issues To grasp the human cost of poverty we must clearly understand how living in distressed neighborhoods impairs children s ability to function at every level Neighborhood Poverty explores the multiple and complex paths between community family and childhood development These two volumes provide an indispensable guide for social policy and demonstrate the power of interdisciplinary social science to probe complex social issues

Children's Saving Edmund J. S. Sonuga-Barke, Paul Webley, 1993 In order to highlight this child centred approach the authors studied the way children tackle the particular problems posed by limitations of income How do children learn a the relationship between choices available in the present and the future b to spread their limited financial resources over time into the future and c about the strategies such as banking that allow them to protect those resources from threats and temptations In short how do children learn to save This volume goes some way to answering these and related questions and in so doing sets up an alternative framework for the study of the emergence of economic awareness In addition commentaries by Anna E Berti Chapter 7 and Sharone L Maital and Shlomo Maital Chapter 8 explore these issues further
