**The Credit Game: Learn the Rules of How to Play & Win** W. Lamar Foster, MAFM, 2018-05-18 Many people cringe when they hear the word credit The credit system is complicated scary and sometimes might even appear overwhelming However it can be understood and even controlled if you possess the right knowledge With this book in your hands you are about to become a credit master You will know exactly what your credit scores are based on and how you can control them You will learn the secrets the credit bureaus don't want you to know about their computers systems and tainted past You will uncover unethical creditor tactics that are being used right now to ruin your credit You will even have access to credit bureau dispute methods letters and advanced letters I personally use which will all help you remove inaccurate items from your credit report **Be a Millionaire** G.P. Baroowah, 2013-10-18 This is a book on empowerment for planning personal

finance especially for Indian middle class with a stress on the investors from North East Nobody can live decently without making provisions for food shelter and cloth For human beings to provide for above provisions wealth creation is necessary

Even monks need money for sustenance The great prophet like Swami Vivekananda once said that no proper worship would be possible with empty stomach People nowadays enjoy a much longer life than before This necessitated the emergence of Personal Finance for security of family members for continued better health and for better livelihood This book attempts to make our young citizens much more investment savvy It is not an effort for spoon feeding The book would ultimately inspire one to be a millionaire This is not just a copy book or handbook of notes that would make investors millionaire automatically The essays of the book would only empower the mind and inspire one to take his her own decisions honestly and truthfully Most of the articles of the book were written from 2008 till 2012 Though economic conditions of the country have vastly changed the principle of investing has remained unchanged **Saving and Investing** Michael Fischer,2005 We all need to save and invest intelligently in today s world this stuff is too important to ignore Relying on someone else to make all the decisions can also lead to disaster If we never get the full picture we are relying on snippets that are often opinions or even worse biased opinions when in reality the facts are what should matter most Fortunately saving investing and our financial system are very straightforward if we get the full picture once After that everything makes sense Saving and Investing brings the world of investing to an easy to read and understand level The book covers compounding how companies make money financial markets debt equity bonds stocks mutual funds and unit trusts hedge funds real estate commodities other investments the economy and all of the related terminology the impact of time dollar cost averaging taxes and compounding diversification and transaction cost as well as getting started If you are not intimately familiar with these concepts that can be amazingly straightforward when properly explained then you should read this book The book is different because it highlights facts and principles that will withstand the test of time and because of all of this comes from a professional practioner in the field After reading this book the simplicity will seem astounding and the path towards financial independence and freedom so much clearer Kliatt Young Adult Paperback Book Guide ,1997
