Economic Reform And The Poor In Africa:

Economic Reform and the Poor in Africa David E. Sahn, Examining policy responses to the economic crises faced by most African countries in the 1980s this book looks at whether the poor are hurt by economic policies designed to restore macroeconomic stability and reinvigorate markets *Economic Reform in Africa* David E. Sahn, Paul Anthony Dorosh, 1994

Public Opinion, Democracy, and Market Reform in Africa Michael Bratton, Robert Mattes, E. Gyimah-Boadi, 2005 This book is a groundbreaking exploration of public opinion in sub Saharan Africa Based on the Afrobarometer a survey research project it reveals what ordinary Africans think about democracy and market reforms subjects on which almost nothing is otherwise known The authors find that support for democracy in Africa is wide but shallow and that Africans feel trapped between state and market While Africans are learning about reform on the basis of knowledge reasoning and experience few countries are likely to attain full fledged democracies and markets anytime soon **African Economic Reform** Carol

Lancaster, 1991 This study proposes a new initiative involving the cancellation of concessional rescheduling of public bilateral debt of reforming African countries through a new international mechanism that would replace existing ones such as the Paris Club and the World Bank Consultative Groups Each of a series of Adjustment Review Consortia would bring together representatives of donor and creditor governments international aid and development agencies and an African government to coordinate debt relief aid and reform initiatives Properly implements ARCs would contribute to building a system in which economic need and performance not political favoritism play the principal roles in how debt and external financing in general are managed **The Impact of Economic Reforms on Rural Households in Ethiopia** Stefan Dercon, 2002-01-01 But the

experience of the poor is mixed with some outperforming all other households and others persisting in poverty Although economic reforms do not deliver similar benefits to all the poor there are high costs for withholding reforms The study also highlights the effects of shocks on households and the need for social protection measures in a poverty reduction strategy

BOOK JACKET **Economic Reforms and the Poor** Alexandre Marc, Carol Graham, Mark Schacter, 2012 For many African countries and for developing countries in other regions the latter half of the 1980s was a turning point in the struggle to alleviate poverty In response to a marked deterioration in the living standards of the poor caused by an economic crisis and the austerity measures instituted to control it governments added explicit poverty alleviation objectives to their development policies In cooperation with external agencies they began to design and implement interventions such as social action programs SAPs and social funds SFs to protect the poor and some vulnerable groups from the harmful effects of the economic situation and from the transitory negative effects of economic reform There has been a growing acceptance of these interventions in Africa as the World Bank has placed greater emphasis on protecting the poor during adjustment The present study previewed in this brief reviews the experience of twelve SAPs and SFs in sub Saharan Africa Because a number of the programs are still in progress at this writing it is too soon to analyze their effects on poverty reduction in depth

However performance information is increasingly available on the implementation of these programs This report is based on data gathered from project documents and task managers of the projects and on findings by the authors during field visits

Structural Adjustment Reconsidered David E. Sahn,Paul A. Dorosh,Stephen D. Younger,1999-08-13 In this 1998 study the authors isolate the effect of specific policy measures associated with adjustment programs in ten African countries **Party**

Politics and Economic Reform in Africa's Democracies M. Anne Pitcher,2012-05-07 Argues that the interaction of formal institutions and the quality of democracy explain patterns of private sector development across Africa Economic Transformation for Poverty Reduction in Africa Almas Heshmati,2019-04-05 This book is an edited volume which contains empirical studies on determinants of poverty and its reduction in Africa It looks at multidimensional measures of poverty production and productivity related factors policies influencing poverty and random hazardous but preventive factors influencing poverty levels and their reduction The book argues that we need to account for different dimensions of poverty when it is measured and classified and for identifying the determinants of poverty and factors reducing poverty The studies in the volume provide readers with a comprehensive picture of the state of poverty its measurement causal factors and efficient policies and practices in poverty reduction on the African continent as a whole and also in selected countries

Economic Reforms in Ghana Ernest Aryeetey,Jane Harrigan,Machiko Nissanke,2000 Reviews the performance of the Ghanaian economy for the period 1983 to 1991 aimed at assessing the impact of structural adjustment policies in different areas of the economy **Growth, Inequality, and Poverty** Anthony Shorrocks,Rolph van der Hoeven,2004-03-04 The relationship between growth inequality and poverty lies at the heart of development economics This volume draws together many of the most important recent contributions to the controversies surrounding this topic Some of the chapters help explain why there is profound disagreement on crucial issues of growth poverty and inequality within academic circles and among organizations and various groups active in the development field Another central theme is the cross country evidence on the relationship between growth and poverty and the extent to which it is valid to draw policy conclusions from this empirical evidence The volume also shows how new microeconomic techniques such as poverty maps and microsimulation models can be used to improve poverty analysis and the design of pro poor policies The overall conclusion points to the need for diverse strategies towards growth and poverty rather than simple blanket policy rules Initial conditions specific country structures and time horizons all play a significant role Initial conditions affect the speed with which growth reduces poverty and can also determine whether policies such as trade liberalization have a pro poor or an anti poor outcome Improved education is valuable in itself and also contributes to poverty reduction but its effect on inequality depends on supply and demand factors which differ significantly across countries Likewise the quantitative impact on poverty of redistribution from the rich to the poor vis vis an increase in total national income can vary greatly across countries Hence the need for creative approaches to poverty which take full account of the specific circumstances of individual nations and which assign a central

role to inequality analysis in the discussion of poverty alleviation policies Analyzing the Distributional Impact of Reforms: A practitioner's guide to trade, monetary and exchange rate policy, utility provision, agricultural markets, land policy, and education World Bank,2005 This publication is a practitioner s guide for analyzing the distributional impact of reforms to trade monetary and exchange rate policy utility provision agricultural markets land policy and education These six areas of policy reform are the ones most likely to have an impact on distribution and poverty Such analysis helps in policy formulation and development and for implementing poverty reduction strategies in developing countries Each chapter in this volume provides an overview and guidance on the specific issues arising in the analysis of the distributional impacts of policy and institutional reforms in selected sectors **African Poverty at the Millennium** Howard White,Tony Killick,Steve Kayizzi-Mugerwa,2001-01-01 This explores the complex nature of poverty in Africa It identifies its political and social causes and assesses the impact of recent economic growth on the welfare of poor people To permanently reduce poverty it calls for realistic home grown policy initiative governmental commitment a realignment of the donor community s role and the development of institutional structures such as poverty monitoring systems that can hold the governments accountable

Democratic Transitions in East Africa F. Wafula Okumu,2019-07-16 Originally published in 2004 Genocide in Rwanda massive floods of refugees and displaced people in the Horn of Africa violent civil wars in the West African countries of Sierra Leone and Liberia these are testimonies to the tremendous cost to grassroots communities when the authority and legitimacy of national political systems and leaders are called into question The consolidation of democracy represents one tangible strategy to restore authority and legitimacy of political rule providing the peace and security necessary for political enfranchisement and economic opportunity This volume explores the factors that are crucial to the emergence of democratic political systems on the African continent specifically focusing on Kenya Tanzania and Uganda It highlights the political challenges facing these countries during this crucial transition period and provides insights that are applicable to other countries engaged in this process in Africa and beyond New Growth and Poverty Alleviation Strategies for Africa Karl Wohlmuth,2009 This Volume XIV analyses the New Growth and Poverty Alleviation Strategies for Africa Institutional issues and perspectives in designing new growth and poverty alleviation strategies are considered in various case studies Cote d Ivoire Nigeria Botswana and Tanzania Other studies deal with institutional problems of resource rich countries after conflict Sudan and with the institutions to enhance environmental protection parallel with economic growth and poverty reduction Niger Further studies deal with institutions to bridge the gap between formal and informal entrepreneurial sectors in Kenya and Tanzania Local issues and perspectives for designing new growth and poverty alleviation strategies are considered in case studies on rural urban development gaps in Tanzania and on microfinance as an instrument for new growth and poverty alleviation strategies Tanzania and Eritrea A study on small farmers in Ghana provides information on the role they can play in value chains Two studies on Nigeria highlight the local and the sub regional health and poverty alleviation programmes

and the relation to growth Book Reviews and Book Notes on the theme are part of the volume This Volume builds the foundation for a comprehensive strategy of policy reforms in Africa so as to integrate new growth and poverty alleviation strategies Complementary to Volume XIV is Volume XIII on New Growth and Poverty Alleviation Strategies for Africa International and Regional Perspectives Both Volumes are of importance for all those who work in African countries as officials executives managers researchers and policy makers but also for all those who actively support Africa s development concerns at the international regional country local and project levels They will experience this Volume XIV and also the complementary Volume XIII as indispensable sources of insight reference and inspiration
