Economics And The Truman Administration:

Economics and the Truman Administration Harry S. Truman Library. Institute for National and International Affairs, 1981 This retrospective study brings together twenty two key associates of President Truman s to consider the administrative operation of the presidency from 1945 to 1953 The contributors are persons who were close to Truman throughout his presidency members of the cabinet the White House staff and senior officials in Executive Office agencies Sharing personal reflections are among others Charles Brannan W Averell Harriman Leon H Keyserling Charles S Murphy Richard E Neustadt John W Snyder Elmer B Staats and the late Tom C Clark A number of important administrative aspects of Truman s presidency are touched upon as the participants review the years of their White House experience They talk about policy making in the areas of national security and foreign affairs about budget and economic matters relations with Congress domestic problems such as civil rights presidential appointments and even press relations They exchange anecdotes about the president s style and their working relationships with him in staff meetings cabinet meetings and private briefing sessions The creation of the Central Intelligence Agency and the establishment of the National Security Council the Council of Economic Advisers and the National Security Resources Board during Truman s administration clearly improved and strengthened the organization of and the institutional aids to the presidency In answer to the question of what can be learned from the way Truman operated the presidency however the overriding theme of the exchanges recorded here is that the style of the White House is inescapably the president s style The picture that emerges in these pages of life and work in Truman s administration is one of informality enthusiasm and camaraderie A family like atmosphere pervaded the staff and the president played the crucial role in setting the tone Incorporating a broad spectrum of firsthand information on the administrative concepts and practices of the Truman era this volume will be of prime interest to all students of government and executive organization

Harry S Truman: The Economics Of A Populist President E Ray Canterbury, 2014-03-19 Harry S Truman is best remembered as the President who witnessed the swift arrival of the Cold War in the tumultuous years after World War Two Little however has been written to show that he was also the populist President who set the political economic course for the United States to win it merely 40 years later In this timely biography E Ray Canterbury captures the spirit of the man who first and foremost was a politician who crafted political programs such as the Fair Deal program full employment program New Deal program reconversion stabilization and agriculture programs through the lens of progressiveness He focuses on Truman s populist economics by charting Truman s early years the makings of his populist character his beginnings in Washington Communism and the Truman Doctrine the campaign of 1948 the Marshall Plan the firing of General MacArthur and the Korean War While the economic aspects of his term were fundamentally that of war and peace Canterbury analyses in great depth Truman s economic policies and instruments such as the Employment Act of 1946 and the President s Council of Economic Advisers CEA results of Truman s presidency that other authors of books on Truman

have largely ignored Harry S Truman The Economics of a Populist President shows how Truman should be remembered As a progressive politician whose populist policies rank him among the near great Presidents in the tradition of William Jennings Bryan Theodore Roosevelt and Woodrow Wilson **The Economic Cold War** I. Jackson,2001-03-13 This book provides a new interpretation of the economic dimension of the Cold War It examines Anglo American trade diplomacy towards the Soviet Union and Eastern Europe from the late 1940s to the early 1960s The book which is based on research in American and British archives presents new evidence to suggest that Anglo American relations in East West trade were characterised by friction and conflict as the two countries clashed over divergent commercial and strategic perceptions of the Soviet Union

A Companion to Harry S. Truman Daniel S. Margolies,2012-07-30 With contributions from the most accomplished scholars in the field this fascinating companion to one of America s pivotal presidents assesses Harry S Truman as a historical figure politician president and strategist Assembles many of the top historians in their fields who assess critical aspects of the Truman presidency Provides new approaches to the historiography of Truman and his policies Features a variety of historiographic methodologies **The Presidency of Harry S. Truman** Donald R. McCoy,1984 In this volume in the American Presidency Series McCoy recounts and evaluates the record of the Truman Administration and identifies its distinctiveness and relations to the past its own time and the future Focusing on the problems that faced the United States between 1945 1953 he explains how Truman s vigor in championing civil rights health labor education and natural resource policies brought him immense unpopularity and how despite this Truman triumphed in 1948 winning bipartisan support for his foreign and military policies The author depicts Truman as an honest hard working capable and complex man and describes his relationships with his staff Congress foreign representatives the judiciary political parties the press the public and influential private citizens ISBN 0 7006 0252 6 25 00 **The 1977 Economic Report of the President** United States. Congress. Joint Economic Committee,1977 The Truman Presidency Michael James Lacey,1991-06-28 The essays in this volume provide a wide ranging overview of the intentions achievements and failures of the Truman administration **Leon H. Keyserling** Donald K. Pickens,2009-09-03 Leon H Keyserling A Progressive Economist is the insightful biography of the life and thought of the influential liberal reformer Leon H Keyserling By examining Keyserling s life in the context of integrative liberalism the biography aims to explore the origins of the concept of integrative liberalism and Keyserling s profound and provocative contribution to it The book follows the political reformer s life from the beginning of his career as a member of Democratic Senator Robert Wagner s staff at the same time showing how the Progressive Movement before World War I was the ideological and institutional origin for integrative liberalism The Great Depression and subsequent New Deal to which Keyserling was a significant contributor allowed integrative liberalism to develop until the movement started losing vitality in the 1960 s and came to an end during the Reagan Presidency In the meantime the book presents Keyserling as a major sculptor of Truman s economic policies after which he left the government and began effectively debating public policy

on his own Tracing Keyserling's interactions with each presidency the biography shows that Keyserling's policies and politics were expressive of integrated liberalism an often overlooked philosophy of reform in the second half of the twentieth century The ideological cornerstone of integrative liberalism was a full employment public policy expressed as economic growth and developed directly from United States history The fear driving the policy was that there would be wide swings in the business cycle resulting in underemployment and economic stagnation This sentiment and fear has an impact even now in the twenty first century making Leon H Keyserling a timely and profitable study for graduate and undergraduate students of history economics political science and public administration

The Origins of International Economic Disorder Fred L. Block, 1977 Monograph examining the impact of the USA monetary policy on the international monetary system traces trends in the decline of the gold standard discusses various monetary agreements and explains the U.S. Balance of payments deficit Bibliography pp 259 to 274 references and statistical tables

Encyclopedia of U.S. - Latin American Relations Thomas Leonard, Jurgen Buchenau, Kyle Longley, Graeme Mount, 2012-01-31 No previous work has covered the web of important players places and events that have shaped the history of the United States relations with its neighbors to the south From the Monroe Doctrine through today's tensions with Latin America's new leftist governments this history is rich in case studies of diplomatic economic and military cooperation and contentiousness Encyclopedia of U.S. Latin American Relations is a comprehensive three volume A to Z reference featuring more than 800 entries detailing the political economic and military interconnections between the United States and the countries of Latin America including Mexico and the nations in Central America the Caribbean and South America Entries cover Each country and its relationship with the United States Key politicians diplomats and revolutionaries in each country Wars conflicts and other events Policies and treaties Organizations central to the political and diplomatic history of the western hemisphere Key topics covered include Coups and terrorist organizations U.S. military interventions in the Caribbean Mexican American War The Cold War communism and dictators The war on drugs in Latin America Panama Canal Embargo on Cuba Pan Americanism and Inter American conferences The role of commodities like coffee bananas copper and oil Big Stick and Good Neighbor policies Impact of religion in U.S. Latin American relations Neoliberal economic development model U.S. Presidents from John Quincy Adams to Barack Obama Latin American leaders from Simon Bolivar to Hugo Chavez With expansive coverage of more than 200 years of important and fascinating events this new work will serve as an important addition to the collections of academic public and school libraries serving students and researchers interested in U.S. history and diplomacy Latin American studies international relations and current events

Presidential Doctrines Robert P. Watson, Charles Gleek, Michael Grillo, 2003 The first presidential doctrine was announced by President James Monroe on 2 December 1823 during his seventh annual message to Congress An international version of this phenomenon would be Winston Churchill's Iron Curtain speech Such was also the case when President George W. Bush addressed the nation in the immediate aftermath of the 9/11 terrorist attacks This book examines

American national security policies in the 20th century the century in which America rose to superpower or hyperpower status The same policies will probably determine how long she holds such a powerful position **Understanding American Economic Decline** Michael Alan Bernstein, David E. Adler, 1994-07-29 The public has long been painfully aware of the economy's stagnation The contemporary recession has brought to the foreground problems which have been germinating for decades Falling real wages slow productivity growth and the loss of international competitiveness in major industries all are outgrowths of long term developments that predate this crisis As the United States moves from a position of global economic leadership to one of economic interdependence we need alternative approaches to explain the dramatic changes in the US economy This collection of essays written by leading scholars presents a systematic analysis of the nation's economic woes The authors furnish more than hard hitting criticisms of the US economy They provide hope as they offer solutions to America's most pressing economic problems **The New Economic Diplomacy** Nicholas Bayne, Stephen Woolcock, 2016-10-04 The New Economic Diplomacy explains how states conduct their external economic relations in the 21st century how they make decisions domestically how they negotiate internationally and how these processes interact Although the previous edition published in 2011 was able to reflect the impact of the financial crisis and the immediate reaction to it a lot has happened since then and the atmosphere of economic diplomacy has darkened To capture the emergence of new trends and the intensification of old ones the salient features of this new edition are The advance of China and other emerging powers at the expense of G7 governments despite some setbacks Much greater activity in negotiating regional and plurilateral trade agreements while the multilateral system struggles The persistence of problems exposed by the financial crisis notably the long running euro zone crisis The interaction between domestic and external forces the balance has shifted towards the domestic axis with international agreement more difficult to achieve This edition goes further in comparing the practice of different players to reflect the greater diversity of economic diplomacy Based on the authors work in the field of International Political Economy it is suitable for students interested in the decision making processes in foreign economic policy including those studying international relations government politics and economics It will also appeal to politicians bureaucrats business people NGO activists journalists and the informed public **American Economic Development Since 1945** Samuel Rosenberg, 2002-12-04 This clearly written book provides an historical analysis of postwar economic development in the United States helping the reader to understand the nation's current economic position Samuel Rosenberg investigates three postwar phases the creation of an institutional framework setting the stage for prosperity in the U S after World War II the forces undermining this institutional framework and the resulting stagflation of the 1970s and the recreation of a new institutional structure in the 1980s Basic economic concepts are introduced and explained throughout and specific attention is paid to macroeconomic policy industrial relations the role of the U S in the world economy social and labour policy the structure of the labour force and the distribution of income by race

and gender *Economic Cold War* Shu Guang Zhang, 2001 Why would one country impose economic sanctions against another in pursuit of foreign policy objectives How effective is the use of such economic weapons This book examines how and why the United States and its allies instituted economic sanctions against the People's Republic of China in the 1950s and how the embargo affected Chinese domestic policy and the Sino Soviet alliance *The Limits of Empire* Robert J. McMahon, 1999 The most complete picture to date of how U S strategies of containment and empire building spiraled out of control in Southeast Asia investigating also how the demoralizing experience of Vietnam radically undermined U S enthusiasm for the region in a strategic sense **Handbook of Global Economic Governance** Manuela

Moschella, Catherine Weaver, 2013-12-17 Since the summer of 2007 the world scenario has been dominated by the US sub prime mortgage crisis and its repercussions on global financial markets and economic growth As banks around the world wrote down their losses and governments intervened to rescue domestic financial institutions financial distress severely hit the real economy leading to what has been widely defined as the worst recession since the 1930s Under these conditions along with the immediate concern for stemming the effects of the crisis policy makers around the world have been debating the long term measures that have to be adopted in order to reduce the likelihood of future crises and to ensure stable economic growth Although this debate has not yet produced significant transformations it indicates a renewed concern about the institutional architecture that is meant to govern the global economic and financial system This book tackles the issue of what the governance of the global economic and financial system looks like and what the prospects for its reform are Specifically the book will address the following three main themes Governance What is governance in the international economic system What forms does it take How did it come about How can we study it Functions of governance What are the functions of global economic governance Who performs them What are the rules and mechanisms that make global governance possible Problems and prospects of governance What are the problems in global economic governance Is there a trade off between legitimacy and efficiency What are the prospects for reform of global economic governance in the aftermath of the global financial crisis This book will _ Provide a thorough analysis of the issues at stake in designing international rules and institutions able to govern the global economy _ Illustrate and analyze virtually all the main institutions rules and arrangements that make up global economic governance inscribing them within the function these institutions rules and arrangements are meant to perform _ Discuss the problems that affect today's global economic governance and assess alternative proposals to reform the international financial architecture *American Economic History* James S. Olson, Abraham O. Mendoza, 2015-04-28 Covering figures events policies and organizations this comprehensive reference tool enhances readers appreciation of the role economics has played in U S history since 1776 A study of the U S economy is important to understanding U S politics society and culture To make that study easier this dictionary offers concise essays on more than 1 200 economics related topics Entries cover a broad array of pivotal

information on historical events legislation economic terms labor unions inventions interest groups elections court cases economic policies and philosophies economic institutions and global processes Economics focused biographies and company profiles are featured as sidebars and the work also includes both a chronology of major events in U S economic history and a selective bibliography Encompassing U S history since 1776 with an emphasis on recent decades entries range from topics related to the early economic formation of the republic to those that explore economic aspects of information technology in the 21st century The work is written to be clearly understood by upper level high school students but offers sufficient depth to appeal to undergraduates In addition the general public will be attracted by informative discussions of everything from clean energy to what keeps interest rates low

Guide to the White House Staff Shirley Anne Warshaw,2013-03-27

Guide to the White House Staff is an insightful new work examining the evolution and current role of the White House staff It provides a study of executive legislative relations organizational behavior policy making and White House cabinet relations The work also makes an important contribution to the study of public administration for researchers seeking to understand the inner workings of the White House In eight thematically arranged chapters Guide to the White House Staff Reviews the early members of the White House staff and details the need statutory authorization and funding for staff expansion Addresses the creation of the Executive Office of the President EOP and a formal White House staff in 1939 Explores the statutes executive orders and succession of reorganization plans that shaped and refined the EOP Traces the evolution of White House staff from FDR to Obama and the specialization of staff across policy and political units Explores how presidential transitions have operated since Eisenhower created the position of chief of staff Explains the expansion of presidential in house policymaking structures beginning with national security and continuing with economic and domestic policy Covers the exodus of staff and the roles remaining staff played during the second terms of presidents Examines the post White House careers of staff Guide to the White House Staff also provides easily accessible biographies of key White House staff members who served the presidencies of Richard M Nixon through George W Bush This valuable new reference will find a home in collections supporting research on the American presidency public policy and public administration

Economic Report of the President Transmitted to the Congress United States. President,2016 Represents the annual report of the President s Council of Economic Advisers Appendix B contains historical tables from 1959 or earlier on aspects of income national personal and corporate production prices employment investment taxes and transfers and money and finance
