Economics For Young Adults:

Economics for young adults Bertram L. Linder,1971 *Economic Challenges and Young Adults* Magdalena Osińska,2025-06-17 In recent years there has been an unprecedented shift in the attitudes of young individuals towards the key economic issues they encounter as they embark on their adult lives Sociologists have identified two distinct generations namely Generation Y and Generation Z which exhibit behaviours contrary to those of their parents and older generations The reasons behind these shifts are shared across European countries where these generations have experienced lives characterized by peace cultural diversity globalization economic stability relative economic and social well being as well as parental care and education Addressing a gap in the economic literature this book uniquely bridges the current understanding of youth with empirical evidence specific to Central and Eastern European Countries represented by Poland and Czechia Germany was taken as an example of a Western European Country The novelty lies in identifying the contemporary trends and determinants shaping the decision making process of young adults regarding the labour market savings and investments job satisfaction retirement and sustainable consumption The book draws on a theoretical foundation from both economic and sociological perspectives The book comprises ten interconnected chapters each contributing to the central theme of youth intentions and attitudes toward economic financial issues The summary is presented from the perspective of contemporary megatrends The target audience includes students and researchers in fields related to contemporary economic challenges such as economics psychology and sociology Given the challenges faced by young adults from post socialist states implementing the policy recommendations in the book may contribute to reducing the gap between them and their counterparts in Western European countries Institutions involved in social policy including both non governmental organizations and public entities will also find the policy implications to be of interest *Economics for Young Adults* Bertram L. Linder,Edwin Selzer,William H. Sadlier, Inc,1974 *Good Cents* John Endris,2020-12-29 Are you a young adult and or their parent looking for an easy way to approach economic essentials Why should you learn personal economic principles by expensive trial and error Are you a high school student or a college student or just starting to work full time or are you a parent looking for a good resource to spark a productive personal economics conversation Are you looking for a short jargon free book to describe economic fundamentals that you can read in one day or something your young adult can use as a reference book This book is that resource John Endris a finance professional economic developer lifelong investor and MBA will provide some Good Cents Here are a few things you will be able to use right away The monetary value of choosing any career early The types of debt available and how to use each kind Which financial products to use for your goals and how to choose the right one How to buy a house and a way to select quality assets What types of insurance are available and how to avoid buying more than you need How to read and understand your credit report Ways to invest in your future and maximize your investment returns And more This book is designed to be a bridge between young adults and their

parents to discuss the big decisions of adulthood It will also function as a guidepost for those who don't have parental guidance about debt insurance homeownership and early investing Buy this book or at least download a free sample before leaving home or graduating college Use this practical advice to build a solid economic foundation for life after high school This is Book 1 in the Good Cents series Economics for Young Adults Edwin Selzer, 1971 **Economics and Youth Violence** Richard Rosenfeld, Mark Edberg, Xiangming Fang, Curtis S. ,1936 **Investing in the Health and Well-Being of Young Adults** National Research Council, Institute of Medicine, Board on Children, Youth, and Families, Committee on Improving the Health, Safety, and Well-Being of Young Adults, 2015-01-27 Young adulthood ages approximately 18 to 26 is a critical period of development with long lasting implications for a person s economic security health and well being Young adults are key contributors to the nation s workforce and military services and since many are parents to the healthy development of the next generation Although millennials have received attention in the popular media in recent years young adults are too rarely treated as a distinct population in policy programs and research Instead they are often grouped with adolescents or more often with all adults Currently the nation is experiencing economic restructuring widening inequality a rapidly rising ratio of older adults and an increasingly diverse population The possible transformative effects of these features make focus on young adults especially important A systematic approach to understanding and responding to the unique circumstances and needs of today s young adults can help to pave the way to a more productive and equitable tomorrow for young adults in particular and our society

at large Investing in The Health and Well Being of Young Adults describes what is meant by the term young adulthood who young adults are what they are doing and what they need This study recommends actions that nonprofit programs and federal state and local agencies can take to help young adults make a successful transition from adolescence to adulthood According to this report young adults should be considered as a separate group from adolescents and older adults Investing in The Health and Well Being of Young Adults makes the case that increased efforts to improve high school and college graduate rates and education and workforce development systems that are more closely tied to high demand economic sectors will help this age group achieve greater opportunity and success The report also discusses the health status of young adults and makes recommendations to develop evidence based practices for young adults for medical and behavioral health including preventions What happens during the young adult years has profound implications for the rest of the life course and the stability and progress of society at large depends on how any cohort of young adults fares as a whole Investing in The Health and Well Being of Young Adults will provide a roadmap to improving outcomes for this age group as they transition from adolescence to adulthood

Young Adults and Active Citizenship Natasha Kersh,Hanna Toiviainen,Pirkko Pitkänen,George K. Zarifis,2021-04-21 This open access book sheds light on a range of complex interdependencies between adult education young adults in vulnerable situations and active citizenship Adult education has been increasingly recognized as a means to engage and re engage young adults and facilitate their life chances and social inclusion thus contributing to an active citizenship within their societal contexts This collection of chapters dealing with issues of social inclusion of young people represents the first book to explicitly approach the complex interdependencies between adult education young adults in vulnerable situations and active citizenship from the European perspective Social exclusion disengagement and disaffection of young adults have been among the most significant concerns faced by EU member states over the last decade It has been increasingly recognised by a range of stakeholders that there is a growing number of young people suffering from the various effects of the unstable social economic and political situations affecting Europe and its neighbouring countries Young adults who experience different degrees of vulnerability are especially at risk of being excluded and marginalised Engaging young adults through adult education has been strongly related to addressing the specific needs and requirements that would facilitate their participation in social economic and civic political life in their country contexts Fostering the active citizenship of young people both directly and indirectly is an area where many AE programmes overlap and this has become a core approach to integration This book considers social economic and political dimensions of active citizenship encompassing the development of social competences and social capital civic and political participation and the skills related to the economy and labour market The cross national consideration of the notions of vulnerability inclusion and active citizenship underpins the complexity of translating these concepts into the national contexts of adult education programmes

The Youth Unemployment Crisis Christina G. Villegas,2018-12-01 Surveys the history of youth unemployment and identifies

key issues underlying the current crisis The Youth Unemployment Crisis A Reference Handbook examines the recent phenomenon in the United States wherein young workers ages 16 to 24 are unemployed or disconnected from the labor force at disproportionate rates It describes in detail what led to the crisis who it affects and what can be and is being done about it The book opens with a chapter that addresses the nature and scope of the crisis which is followed by a discussion of the inherent problems controversies and possible solutions It includes essays from a diverse range of contributors providing useful perspectives to round out the author s expertise as well as a collection of data and documents an overview of important people organizations and resources relating to the crisis a chronology listing important events in the youth unemployment timeline and a glossary of key terms

Young People and the Labour Market Floro Caroleo, Olga Demidova, Enrico Marelli, Marcello Signorelli, 2017-11-20 Young people are a vulnerable category of workers finding themselves in a delicate phase of their working life their first entry into the labour market In many European countries youngsters are unemployed or have difficulty finding and obtaining jobs This situation has deteriorated particularly after the crises recessions and stagnation that has impacted European economies in recent years In addition to the cyclical or crisis impact structural factors are also very important Additionally prolonged crises as in some Eurozone countries have transformed a significant part of cyclical unemployment in structural long term unemployment Young People and the Labour Market A Comparative Perspective explores the condition of young people in the labour market The authors present new evidence from several countries with a special focus on Europe and offer a comparative perspective They investigate questions such as which structural conditions and labour market institutions guarantee better youth performance which education systems and school to work processes are more effective and in which countries is gender differentiation less of an issue All of the aforementioned as well as many other comparisons which the authors make are significant in helping to facilitate the successful design of labour and education policies As the first investigation by economists to explore the complexity of this topic this book will be useful to both economists and sociologists who are interested in the role of young people in the labour market and the problem of youth unemployment

Economics, Education and Youth Entrepreneurship Marian Noga, Andrzej Brzeziński, 2021-07-23 The aim of this book is to justify the importance of economic knowledge for every human being in a country with an economic system based on the market mechanism and to explain and debunk the myths and stereotypes related to economic education and its effectiveness particularly among young people The book offers a comparative analysis of the economic education of young people in Poland and throughout the world It examines the historical emergence of economies and economic thinking and decision making as well as the different philosophies and educational systems in the EU and the USA It thoroughly investigates the economic knowledge of Polish youth via an annual study which the authors have conducted since 2012 The book outlines both the formal and informal methods of economic education from education programs in general secondary schools and economic technical schools as

well as in vocational schools and also examines school Business Incubators It concludes with a summary reviewing the implementation of research goals and issues and outlining directions for future research The authors break down complex topics and provide readers of this book with a base knowledge of economics at the micro and macro levels The book will serve as a useful and practical guide for students and researchers as well as policymakers concerned with rethinking the education system Additionally it will be a helpful resource for those wanting to acquire the knowledge needed to conduct a business as the authors maintain that entrepreneurship can be learned Youth in India Nitin Bisht, Falguni

Pattanaik, 2023-09-29 This book provides an overview of youth labour force and workforce participation in India and explores the dynamics of changing youth labour market in India Despite notifying a demographic dividend phase a significant share of youth witnessed higher exclusion unemployment and not in employment education or training from the Indian labour market Therefore this book investigates the role of education in labour market and examines open unemployment It conceptualizes the not in employment education or training NEET status of youth in Indian context and explores the heterogeneity of NEET youth by analysing the push and pull role of demographic and socio economic variables Furthermore this book examines the nexus of youth labour market status and economic growth in India to provide plausible recommendations for youth's higher inclusive and sustained participation in the labour market and the country's development pathway The book creates room for necessary policy interventions considering the changing dynamics of youth labour market and contemplating the challenges of skill technology and Industry 4.0 which entails a higher emphasis on re shape re focus and re share for enhanced and sustained inclusion of youth in labour market It is a necessary resource for students researchers policymakers and industry partners interested in exploring and understanding the political economy of youth labour market in India The Elgar
