**Edwin Arlington Robinson's Letters to Edith Brower** Edwin Arlington Robinson, 1968      Edwin Arlington Robinson Scott Donaldson, 2007-01-09 At the time of his death in 1935 Edwin Arlington Robinson was regarded as the leading American poet the equal of Frost and Stevens In this biography Scott Donaldson tells the intriguing story of this poet's life based in large part on a previously unavailable trove of more than 3 000 personal letters and recounts his profoundly important role in the development of modern American literature Born in 1869 the youngest son of a well to do family in Gardiner Maine Robinson had two brothers Dean a doctor who became a drug addict and Herman an alcoholic who squandered the family fortune Robinson never married but he fell in love as many as three times most lastingly with the woman who would become his brother Herman's wife Despite his shyness Robinson made many close friends and he repeatedly went out of his way to give them his support and encouragement Still it was always poetry that drove him He regarded writing poems as nothing less than his calling what he had been put on earth to do Struggling through long years of poverty and neglect he achieved a voice and a subject matter all his own He was the first to write about ordinary people and events an honest butcher consumed by grief a miser with eyes like little dollars in the dark ancient clerks in a dry goods store measuring out their days like bolts of cloth In simple yet powerful rhetoric he explored the interior worlds of the people around him Robinson was a major poet and a pivotal figure in the course of modern American literature yet over the years his reputation has declined With his biography Donaldson returns this remarkable talent to the pantheon of great American poets and sheds new light on his enduring legacy      **Selected Letters of Edwin Arlington Robinson** Edwin Arlington Robinson, 1940      **Letters of Edwin Arlington Robinson to Howard George Schmitt** Edwin Arlington Robinson, 1943

*The Impossible Craft* Scott Donaldson, 2015-02-23 In *The Impossible Craft* Scott Donaldson explores the rocky territory of literary biography the most difficult that biographers try to navigate Writers are accustomed to controlling the narrative and notoriously opposed to allowing intruders on their turf They make bonfires of their papers encourage others to destroy correspondence write their own autobiographies and appoint family or friends to protect their reputations as official biographers Thomas Hardy went so far as to compose his own life story to be published after his death while falsely assigning authorship to his widow After a brief background sketch of the history of biography from Greco Roman times to the present Donaldson recounts his experiences in writing biographies of a broad range of twentieth century American writers Ernest Hemingway F Scott Fitzgerald John Cheever Archibald MacLeish Edwin Arlington Robinson Winfield Townley Scott and Charlie Fenton Donaldson provides readers with a highly readable insiders introduction to literary biography He suggests how to conduct interviews and what not to do during the process He offers sound advice about how closely biographers should identify with their subjects He examines the ethical obligations of the biographer who must aim for the truth without unduly or unnecessarily causing discomfort or worse to survivors He shows us why and how misinformation comes into

existence and tends to persist over time He describes the mythical ideal biographer an imaginary creature of universal intelligence and myriad talents beyond the reach of any single human being And he suggests how its very impossibility makes the goal of writing a biography that captures the personality of an author a challenge well worth pursuing *Letters of Edwin Arlington Robinson to Harry de Forest Smith, 1890-1905*, 1971 **Edwin Arlington Robinson** Louis O. Coxe, 1969 Presenting Robinson as both a man and a poet with some emphasis on the split between the two the book delves deeply into Robinson's life and works brilliantly characterizes the era and the region to which he belonged and reveals how Robinson obeyed yet transcended the exigencies of both as well as those of his personal heritage and experience The author surveys the entire canon of Robinson's poetry from the earliest works the masterful vignettes through the Arthurian poems on to the last poems the long narratives such as *Amaranth* and *King Jasper* The book offers enriching new perspectives on both Robinson and his poetry and a new understanding of his poetic vision What he saw he saw steadily what often redeems a flawed poem and ensures a sound one is his awareness of other people and his Wordsworthian conviction that the poet was only a man like other men but in a particular way more so The more so is what counts **The Contemplative Poetry of Edwin Arlington Robinson, Robert Frost, and Yvor Winters** Richard Hoffpauir, 2002 This study challenges the entrenched view the 20th century American poetry is essentially Emersonian It examines the current critical debates outlines assumptions about knowledge morality and poetry that lay behind the pursuits of these three poets defines and lists the chief characteristics of contemplative poetry and examines the poems in depth *The Letters of Robert Frost* Robert Frost, 2021-04-30 The third installment of Harvard's five volume edition of Robert Frost's correspondence The Letters of Robert Frost Volume 3 1929-1936 is the latest installment in Harvard's five volume edition of the poet's correspondence It presents 601 letters of which 425 are previously uncollected The critically acclaimed first volume a Times Literary Supplement Book of the Year included nearly 300 previously uncollected letters and the second volume 350 more During the period covered here Robert Frost was close to the height of his powers If Volume 2 covered the making of Frost as America's poet in Volume 3 he is definitively made These were also however years of personal tribulation The once tight Frost family broke up as marriage illness and work scattered the children across the country In the case of Frost's son Carol both distance and proximity put strains on an already fractious relationship But the tragedy and emotional crux of this volume is the death of Frost's youngest daughter Marjorie Frost's correspondence from those dark days is a powerful testament to the difficulty of honoring the responsibilities of a poet's eminence while coping with the intensity of a parent's grief Volume 3 also sees Frost responding to the crisis of the Great Depression the onset of the New Deal and the emergence of totalitarian regimes in Europe with wit canny political intelligence and no little acerbity All the while his star continues to rise he wins a Pulitzer for *Collected Poems* in 1931 and will win a second for *A Further Range* published in 1936 and he is in constant demand as a public speaker at colleges writers workshops symposia and dinners Frost was not just a poet but a poet teacher

as such he was instrumental in defining the public functions of poetry in the twentieth century In the 1930s Frost lived a life of paradox as personal tragedy and the tumults of politics interwove with his unprecedented achievements Thoroughly annotated and accompanied by a biographical glossary and detailed chronology these letters illuminate a triumphant and difficult period in the life of a towering literary figure **The Oxford Companion to Modern Poetry in English** Jeremy Noel-Tod,Ian Hamilton,2013-05-23 This impressive volume provides over 1 700 biographical entries on poets writing in English from 1910 to the present day including T S Eliot Dylan Thomas and Carol Ann Duffy Authoritative and accessible it is a must have for students of English and creative writing as well as for anyone with an interest in poetry **An Edwin Arlington Robinson Encyclopedia** Robert L.
