Children's Picture Books and Contemporary Egyptian Society Yasmine Motawy,2025-02-25 A social and political history of two decades of Egyptian neoliberalism through children s picture books published in Egypt in the post 2000 era Children s picture books are some of the most transparently ideological materials available to parents and educators and as cultural objects they are an expression of the zeitgeist of a particular era They reveal much about the hopes values and aspirations of the society that produces them as well as that society s vision of its place in the wider world at large Children s Picture Books and Contemporary Egyptian Society examines a new wave of Egyptian picture books that was published in the current century to see how these books responded to larger societal trends and transformations in Egypt as well as to explore the ideologies that lie behind them Yasmine Motawy argues that a host of factors including the growth of gated communities and international schooling the proliferation of lucrative literary awards returning Gulf migrants television dramas and nationwide reading advocacy initiatives helped give rise to a new kind of children s picture book in Egypt Motawy focuses on three clusters of selected picture books to investigate the extent to which these books reproduce hegemonic discourses or alternatively open up new horizons of childhood agency and societal transformation The first cluster includes books that directly socialize the child by showing them how things are done in both the domestic sphere and the increasing globalized spaces that children frequent with their families The second cluster aims at reframing cultural notions around femininity through the retelling of folk and fairy tales while the third cluster addresses children s abilities to assess the impact of their actions on their environment and invites them to examine their personal suitability to positions of power and stewardship 2008, ٢٠٠٨ The Big Picture Interactive Bible for Kids, David and Goliath Edition LeatherTouch B&H Editorial Staff,B&h Editorial,2014-03 A full color fully designed Bible that allows kids to engage in Bible reading and study as never before seeing scenes from the Bible literally pop off the page via a free downloadable app that lets them view images in an augmented reality format along with listen to narration of the event *Ancient Egypt* Paul Flux,2001 **The Divine Moses** Oleg Uryupin, Theologian,2021-03-18 The Prophet Moses whose life is depicted in a variety of paintings icons movies and other forms of art is one of the most famous biblical figures However these types of portrayals tend to draw exclusively on biblical narratives This book attempts to create a three dimensional structure of the biblical narrative in order to uncover the global and historical significance of this remarkable human being as well as the
