*Egypt on the Pentateuch's Ideological Map* Franz V. Greifenhagen, 2003-04-01 This book explores the references to Egypt in the Pentateuch twice as dense as in the rest of the Hebrew Bible in the context of the production of the text's final form during the Persian period Here as Greifenhagen shows Egypt functions ideologically as the primary other over against which Israel's identity is constructed while its role in Israel's formation appears as subsidiary and as a superseded stage in a master narrative which locates Israel's ethnic roots in Mesopotamia But the presentation of this powerful neighbour is equivocal a dominant anti Egyptian stance coexists with alternative though subordinate pro Egyptian views suggesting that the Pentateuchal narrative was produced within a context of ideological conflict over attitudes towards a land that provided a home for Jewish fugitives and emigrants

**Coming Out of Egypt** K.C. Stricker, 2008-03-15 Coming Out of Egypt is an exodus out of idolatry the idolatry of ancient Egypt and the idolatry that permeates the church today Its goal is to make the exodus come alive for the reader not to just read about the exodus but to experience the exodus not to just read about the Passover but to experience the Passover to catapult the reader back through time like a time traveler entering a time portal The goal of Coming Out of Egypt is to experience redemption not just to read about redemption to experience redemption from Pharaoh at the Reed Sea and witness Yeshua's resurrection
