SPELL CRISIS

As incidents of tomb robbery continue to rise, grieving mourners hit out at the poor quality of spells available to protect Egypt's mummies and their belongings. "They just don't seem to be doing the trick," said Akhe-mes Amenhotep, 36, widow of Bakenshah Amenhotep, whose grave was robbed last week.

Ferryman

"I mean, my Bakenshah, now he's dead, he's got to persuade the ferryman to take him across the River of Death, then he's got to pass through the Twelve Gates guarded by serpents, then he's got to pass through the Lake of Fire, and then, after all that, if he's judged to have led a sinful life he'll get fed to a monster. That's quite enough to worry about without having your grave robbed. Someone even snipped the sandals he's left for him."

Tomb bosses were unavailable for comment.

regional countries and a diaspora that remits large amounts of funds has seldom performed to its economic potential during the last sixty years. Indeed economic weakness created political weakness and often exposed the country to foreign dictats. What should the country do to change this state of affairs? Nineteen internationally recognized authorities on the Egyptian economy discuss the critical challenges that the Egyptian economy is likely to face in the next two to three decades: challenges which must be overcome in order to improve the life of Egypt's citizens and to protect the country from external pressures. Their analyses cover population and employment, development strategies, principal macroeconomic issues, development of a digital economy, fiscal and monetary matters, the external sector, poverty and income distribution, the enterprise structure, higher education, water availability, urbanization, institutional performance and many others.

Many people are concerned about losing these ancient treasures. Find out what they are doing to stamp out the dangers that threaten the priceless reminders of Egypt's glorious past.
