Lineages of Brahman Power Rosalind O'Hanlon, 2025-07-01 Traces the role that western India's influential Brahman communities played in shaping India's modern caste system Western India's Brahman communities have played a key role in the shaping of India's modern caste system In *Lineages of Brahman Power* Rosalind O'Hanlon focuses on their rise to power between the seventeenth and nineteenth centuries exploring the ways in which some Brahman intellectuals sought to defend the hierarchies of caste against the social changes of the early modern era while others looked for compromise Drawing on Marathi vernacular sources O'Hanlon also examines the household family and lineage as key sites for Brahman accumulation of skills and cultural capital This approach also reveals Brahman identity itself as contested as Brahman subcastes competed with each other not only for service positions and state patronage but also to define who could actually be considered a Brahman and of what kind This focus on Brahman social history is novel in that most historians focus on Brahman power as emerging out of their religious prestige and dominance of intellectual and literary cultures The emphasis on Brahman identity itself as complex and internally contested also helps to avoid essentializing Brahman power as always and everywhere the same *Spaces and Places in Western India* Bina Sengar, Laurie Hovell McMillin, 2019-09-05 This book studies places and spaces in Western India both as geographical locations and as imagined constructs It uncovers the rich history of the region from the perspective of places of pilgrimage commerce community expression and indigeneity The volume examines how spaces are intrinsically connected to the lived experiences of people It explores how spaces in Western India have been constructed over time and how these are reflected in both historical and contemporary settings in the art architecture political movements and in identity formation The rich examples explored in this volume include sites of Bhakti and Sufi literature Maharashtrian Sikh identity Mahanubhav pilgrimage monetary practices of the Peshwas and the internet as an emancipatory space for the Dalit youth in Maharashtra The chapters in this book establish and affirm the forever evolving cultural topography of Western India Taking a multidimensional approach this book widens the scope of academic discussions on the theme of space and place It will be useful for scholars and researchers of history cultural studies
