

Das apostolische Glaubensbekenntnis

Ich glaube an Gott, den Vater,
den Allmächtigen,
den Schöpfer des Himmels und der Erde.

Und an Jesus Christus,
seinen eingeborenen Sohn, unsern Herrn,
empfangen durch den Heiligen Geist,
geboren von der Jungfrau Maria,
gelitten unter Pontius Pilatus,
gekreuzigt, gestorben und begraben,
hinabgestiegen in das Reich des Todes,
am dritten Tage auferstanden von den Toten,
aufgefahren in den Himmel;
er sitzt zur Rechten Gottes,
des allmächtigen Vaters;
von dort wird er kommen,
zu richten die Lebenden und die Toten.

Ich glaube an den Heiligen Geist,
die heilige christliche Kirche,
Gemeinschaft der Heiligen,
Vergebung der Sünden,
Auferstehung der Toten
und das ewige Leben.

Amen.

Der Herold der Christlichen Wissenschaft, 1919 **Markell von Ankyra, Die Fragmente. Der Brief an Julius von Rom** Markus Vinzent, 2015-12-22 Marcellus of Ancyra ca. 285-290 ca. 374 was one of the prominent bishops who fought against the Eusebians at the council of Nicaea. After this council he was the first to attack them and especially Asterius of Cappadocia. Only fragments of his work were preserved. These fragments together with a letter which he wrote in 341 to Julius of Rome, the only undisputed works of Marcellus are collected in this volume. The book opens with an introduction, contains the edition with German translation, notes and indices. In contrast to the former editions of Marcellus' works, this edition follows substantially the new order of the fragments established by K. Seibt 1994. As a result, Marcellus' fragments give an idea of how his work was originally structured. Songs for a Revolution Eckhard John, David Robb, 2020
 Makes available twenty-two protest songs of the period up to and including the 1848 Revolution in Germany along with a reception history of the songs through their revival after 1945. The socially volatile period of the Vormärz 1830-1848 and the 1848 Revolution in Germany produced a wealth of political protest songs. *Songs for a Revolution* makes available twenty-two prominent protest songs from that time, both lyrics in German and English and melodies. It also chronicles the songs' reception, suppressed after the revolution, they fell into obscurity despite intermittent revivals by the workers' movement and later in the Weimar Republic until they were appropriated as democratic cultural heritage by the folk and political song movements of East and West Germany after 1945. The songs reflect the new oppositional political consciousness that emerged during the post-1830 period of restoration and led to the revolution. The book makes use of broadsides, songbooks, newspaper reports and manuscripts to document the songs' transmission and shed light on the milieus in which they circulated. It also demonstrates how the appropriation of these songs by the German Liedermacher and folk scene shaped today's cultural memory of the 1848 period. It illuminates the functioning of political ideology in these reception processes, which in turn have given rise to myths that have influenced the discourse on the 1848 songs. Des Armen Teufel Gesammelte Schriften ... Robert Reitzel, 1913. *The Nuremberg Trials (Vol. 1-22)* International Military Tribunal, 2023-11-24. The Nuremberg Trials Vol 1-22 is a monumental compilation of the proceedings that followed World War II detailing the prosecution of major war criminals from the Third Reich. This exhaustive collection spans twenty-two volumes encapsulating the testimonies, legal arguments and judgments that defined a pivotal moment in international law and human rights discourse. The trials are portrayed with a meticulous attention to the complexities of justice and morality set against the backdrop of a world reckoning with the aftermath of systemic atrocities. The literary style is both formal and narrative-driven, aiming to document history while also exploring the human condition under extreme duress. The International Military Tribunal established in 1945 comprised jurists from the Allied powers tasked with holding Nazi leaders accountable for war crimes. This groundbreaking legal experiment emerged from the devastation of the Holocaust and the fierce debates over justice versus vengeance. The tribunal not only sought to deliver justice but also laid the groundwork for future international legal standards reflecting its authors' commitment to ensuring such atrocities would not go unpunished. This seminal collection is essential for anyone interested in law, history and human rights. It serves as both a historical document and a moral compass, compelling readers to ponder the fragile nature of justice in the wake of unprecedented evil. The Nuremberg Trials stand as a profound reminder of humanity's responsibility to confront its darkest chapters.

German Literature, Jewish Critics Stephen D. Dowden, Meike Werner, 2002. Proceedings of the Brandeis conference on Jewish Germanists who fled Nazi Germany and their impact on Anglo-American German studies. Among the Jewish academics and intellectuals expelled from Germany and Austria during the Nazi era were many specialists in German literature. Strangely, their impact on the practice of Germanistik in the United States, England and Canada has been given little attention. Who were they? Did their vision of German literature and culture differ significantly from that of those who remained in their former homeland? What problems did they face in the American and British academic settings? Above all, how did they help shape German studies in the postwar era? This unique and important symposium, which convened at Brandeis University under the auspices of its Center for German and European Studies, addresses these and many other questions. Among its distinguished participants, who numbered over thirty in all, are Peter Demetz (Yale emeritus), Gesa Dane Göttingen, Amir Eshel (Stanford), Willi Goetschel (Toronto), Barbara Hahn (Princeton), Susanne Klingenstein (MIT), Christoph König (Deutsches Literaturarchiv Marbach), Ritchie Robertson (Oxford), Egon Schwarz (Washington University St. Louis emeritus), Hinrich Seeba (UC Berkeley), Walter Sokel (University of Virginia emeritus), Frank Trommler (University of Pennsylvania) and many more. The volume includes not only the revised essays of the participants but also their prepared responses, transcripts of the panel discussion and dialogue of the participants with members of the audience.
