El Punto En Cuestion:

Cuestiones Fundamentales de la Educación Cristiana Robert W. Pazmiño, 2002-07-31 Para evitar la cautividad cultural los fundamentos de la educación cristiana deben ser repensados por cada generación. De no hacerlo dice el autor los educadores cristianos corren el riesgo de perpetuar ideas y prácticas anticuadas ajenas al evangelio. Al explorar con criterio los diversos fundamentos que han predominado y predominan en el pensamiento evangélico continúa el autor los educadores pueden enfrentar mejor las necesidades de hoy y los retos del futuro. En *Cuestiones fundamentales de la educación cristiana* el autor mismo se entrega a este proceso de evaluación crítica con importantes resultados. El autor llama a los educadores evangélicos a reafirmar las verdades bíblicas que constituyen la autoridad esencial para nuestra teoría y práctica y a incorporar las verdades de otras disciplinas proceso que tiene que estar sujeto a la continua autoridad de la Palabra de Dios.

El sujeto en cuestión Pedro Karczmarczyk, 2014-01-01 Los trabajos de este libro abordan desde diferentes perspectivas a la categoría de sujeto como una categoría crucial del pensamiento contemporáneo. El ámbito de preocupaciones es amplio: la perspectiva del filósofo norteamericano S. Cavell quien hace una original síntesis de la herencia de Austin y Wittgenstein; la perspectiva fenomenológica de Sartre en diálogo y conflicto con la del psicoanálisis lacaniano y las reconceptualizaciones de la ideología realizadas por Louis Althusser; la constitución del sujeto en tensión entre la sujeción al poder y las posibilidades de resistencia según la perspectiva de Judith Butler; una relectura de la implicación de estructura y sujeto en la perspectiva estructural abierta por Saussure y continuada por Lévi Strauss; Benveniste y Lacan tema que recibe un tratamiento circunscripto al pensamiento del argentino Ernesto Laclau en el que se distinguen distintas etapas; las implicaciones que los eventos fundamentales de la historia del siglo XX acarrearán para una conceptualización de la subjetividad en la perspectiva de Theodor Adorno y las limitaciones que la conceptualización de la obra de arte como juego en la obra de Gadamer impone a la concepción moderna de la subjetividad. **DESCARGA** <https://www.libros.fahce.unlp.edu.ar/index.php/libros/catalog/book/29>

Antecedentes de la cuestión de límites promovida por la provincia de Entre Ríos

Buenos Aires (Argentina : Province). Legislatura. Cámara de Diputados, 1911

El padre en cuestión Juan Carlos Indart, 2021-05-07 Es necesario entender por qué razón esa vigencia del psicoanálisis les decía depender de un deseo y es un deseo nuevo político y podremos decir militante porque no podemos responder a ese real sobre la base de dedicamos a investigar eso como si fuésemos científicos para un día encontrar la fórmula y decir traeremos tranquilidad a la humanidad a partir de mañana ellos y ellas se van a entender sin queja ninguna porque así es la manera de hacer el amor hace sobre jota por razón cuadrada. Vigencia del psicoanálisis en el 2000 Se entiende que Lacan cuando pensó hasta dónde se podría llevar un análisis el fin del análisis como ser a un análisis logrado hubiese pensado nuevos modos de ejercer el amor más eficaces todavía. Est por verse dados los datos que generalmente tienen los psicoanalistas entre sus odios y amores ya bastante con que pueda ejercer el que está anudado al Nombre del Padre. Pero más allá es verdad que a Lacan le ocupó mucho ese tema como podrá

ejercitarse con más sabiduría en el amor que la nueva mejor podrá haber como resultado de un análisis. Bueno pero esos son temas vinculados al fin de análisis en Lacan. Ac estamos y eso es de uno por uno y veremos qué pasa con eso pero socialmente el único amor posible de ejercitar depende del amonadamiento del no. El signo de una degeneración catastrófica.

Biografía eclesiástica completa, 1865 **Diario de las sesiones de Cortes** España Cortes, 1853 **Diario de las sesiones ...** Spain. Cortes. Congreso de los Diputados, 1858 Documentos relativos a la cuestión de límites y navegación fluvial entre el Imperio del Brasil y la República de Venezuela, 1859 *Diario de las Sesiones de Cortes, Congreso de los Diputados* Spain. Cortes. Congreso de los Diputados, 1850 **El bien en cuestión** Elena Mancinelli, 2022-02-03

Emerge en el presente libro una inédita comparación entre las obras de dos figuras mayores del pensamiento político como son Platón y Aristóteles. La audacia de Elena Mancinelli consiste en establecer un diálogo entre estos clásicos con la obra del psicoanalista francés Jacques Lacan en una articulación profundamente original y altamente fructífera que produce rigurosas formulaciones y novedosos puntos de vista. La elección de la obra de Jacques Lacan como matriz de lectura en particular las nociones de goce y discurso del Amo se revela como un elemento en extremo prolífico e insoslayable que permite el cuestionamiento del problema del Bien. Esta decisión permite mostrar cómo el discurso del Amo puede encontrar puntos de inestabilidad en las propias obras de Platón y Aristóteles en un contrapunto brillante con Sócrates y Antígona y problematizar asimismo las figuras del lazo social. De esta forma si Platón y Aristóteles ocupan el lugar del Nombre del Padre en la Filosofía Política a través de una herencia que se remonta a la filología clásica la lectura de Mancinelli permite trasladarse hacia la praxis lacaniana como un modo de desplazamiento de esa primacía. Por ello este libro se inserta plenamente en la Teoría Política pero al mismo tiempo la subvierte como un modo de pensar una nueva política por venir. La anti filosofía política lacaniana no es una anti política sino al contrario la reconsideración del sentido mismo de toda política. En este libro Mancinelli logra el acto excepcional de someter a la propia Teoría Política a una suerte de psicoanálisis de sus presupuestos el resultado a través de Sócrates en la posición de analista y de Antígona como discurso del no todo permite el aflorar de lo femenino desestabilizante. Así para nuestro mundo contemporáneo no se puede continuar haciendo Teoría Política sin antes permitir que el auto psicoanálisis de la disciplina logre asumir plenamente los desafíos de la caída del Nombre del Padre. Es la invitación que la autora propone al lector con fuerza inusitada.
