*The Power Struggles over the Post-neoliberal Social Security System Reforms in Venezuela and Ecuador* Ezequiel Luis Bistoletti,2018-08-25 This book carries out a comparative analysis of the power struggles over the post neoliberal social security reforms in Venezuela and Ecuador The research breaks down why the social security system reform initiated by Hugo Ch vez government in Venezuela has come down since its passing in 2002 whereas the social security system reform initiated by Rafael Correa s government in Ecuador has come along in spite of the obstacles since 2007 All in all the analysis determined that the struggles over the social security system reforms in both countries remarkably corresponded to each other with regard to their structural conditions points of contention and contending actors In contrast the analysis established substantial divergences regarding the ways in which the struggles over both reforms came about due to the divergent development of the struggles for hegemony between government and opposition These divergences finally brought about the indefinite stagnation of the reform in Venezuela and the advancement of subsequent partial reforms aimed at the universalization of social security in Ecuador      **AYÜEIMI** Florencia Arauco,2014-08-26 Ayuemi es un libro de poemas y cuentos inspirado en la cultura Mapuche recopilando su historia sentimientos y mostrando las riquezas y cualidades con las que ha cimentado la cultura chilena Se incorpora la producci n po tica y narrativa de estudiantes de secundaria quienes con su sensibilidad creatividad y empat a han nutrido art sticamente esta publicaci n Creado en un momento hist rico especial para el pueblo Mapuche en Chile deseamos que esta publicaci n sea un aporte a la comprensi n el respeto mutuo y la paz

Ram,2019-02-25 This book is named from heavens to earth written directly from my hands of course in the explanation from the beginning how my life has been unfolded and conducted under the hardness of my creator and the discovery at the end of time that Mother Earth is the producer of all that we can observe and that Celestial King is created under this sanctity and is set to govern all that it creates In this way Craon God continues to create and at the same time Mother Earth also produces This is that we cannot understand the psychology to which we are placed but we must understand that we must kneel down to God and to Mother Earth because even God kneels down himself Celestially there is this high force that cannot be destroyed but we must obey him as we are taught by our only begotten God and do not doubt that our forces will not decay in silence but in a force that is not invented I am declaring it today and with the presence of my paintings in this second book called Firmament12 I will explain that everything has been studied by me since the beginning of my life focusing my studies on everything I have been able to observe and posing from time to time to let them know my face It is something I can leave to be recognized in time and that my presence is legitimate today and that my offspring is also presented in this book descendant Maya Of course this is the race that God has chosen from the beginning I know you cannot understand but I leave you with this thinking with my stay here on Earth I am the son of man from the land of the Holy Spirit Of course humanity does not understand why they say that God acts in a mysterious way It is clear that Mother Earth is in charge of creating everything that pleases her and she gives them to the only begotten saint to govern it It s that in this form they homosexuals and lesbians are created under this divine order For that reason the Holy begotten King has had to provide a perfect plan so that all the creations are modified with a holy and celestial order which is his last covenant and he declares it in Jeremiah 31 33 34 With this perfect plan it is pleasing to our Mother Earth Note that the heart has no gender

**Emergency Politics in the Third Wave of Democracy** Claire Wright,2015-12-09 Emergency Politics in the Third Wave of Democracy aims to make an important contribution to the study of emergency politics by offering an up to date study of how it works in practice Specifically it studies the uses given to the regime of exception mechanism in Bolivia Ecuador and Peru in the first decade of the 21st century and analyzes potential incompatibilities with the two pillars of democratic governability efficiency and legitimacy This book offers a thorough review of existing literature on emergency politics offering conceptual clarification identifying three types or paradigms of emergency politics repressive administrative and disaster and pointing to regimes of exception as a useful route to their study It also provides an overview of emergency politics in Latin America throughout history pointing to the predominance of regimes of exception and the repressive paradigm The book describes the continuity of the repressive paradigm in Peruvian emergency politics to deal with both social protest and the apparent threat of organized crime and terrorism as well as how Bolivia has shifted from a repressive to a disaster paradigm in the face of pressure to deal with climate change It also analyzes the predominance of an administrative paradigm in Ecuadorian emergency politics in the context of weak institutions and difficulties in implementing policy as well as a populist style of leadership Ultimately the book offers some best practices in relation to the design and use of regimes of exception in democratic contexts Other studies on emergency politics tend to focus on legal or formal issues in the context of the United States War on Terror This study is decidedly political and empirical in focus offering analysis and interpretation as a result of intensive fieldwork carried out by the author in Bolivia Ecuador and Peru Consequently this volume offers important contributions to our understanding of emergency politics in general with evidence from the periphery as well as to our understanding of democratization processes in the Third Wave
