El Retorno de la Feminidad Sagrada y el Alma del Mundo

Llewellyn Vaughan-Lee, 2014-01-01 Lo femenino contiene el misterio de la creación Esta verdad simple y primordial a menudo pasa desapercibida Sin embargo en estos tiempos de crisis global que a su vez portan las semillas de una transformación global es necesario que redespertemos al poder espiritual y al potencial de lo femenino Las cualidades femeninas forman parte tanto del hombre como de la mujer y nos empujan hacia las profundidades de nuestro ser hasta los misterios del alma cuya sabiduría se denomina Sophia Sin lo femenino nada nuevo puede nacer nada nuevo puede llegar a la existencia quedamos atrapados en las imágenes materialistas de la vida que están contaminando nuestro planeta y profanando nuestras almas Tenemos que volver al centro de nuestro ser al lugar donde lo sagrado se manifiesta en la existencia Y la feminidad mística contiene la clave para poder llevar a cabo esta labor de redención y de transformación En las últimas dos décadas Llewellyn Vaughan Lee ha impartido enseñanzas sobre lo femenino y el alma mundi el Alma del Mundo que por primera vez han sido recopiladas en este libro

El regreso de la Diosa Manuel

Fernández Muñoz, 2020-02-18 En pos de la recuperación de nuestra magia y de la restitución de nuestra relación con la diosa viajaremos por Irlanda buceando sobre todo en las tradiciones celtas y prácticas adentrándonos de lleno en una antigua cultura que sin embargo podría ser la mejor medicina para nuestra sociedad Tras visitar junto a Manuel Fernández Muñoz lugares tan místicos como la India Etiopía o Tierra Santa le acompañaremos en esta ocasión en su viaje por Irlanda para encontrar la sabiduría ancestral de aquella tierra Las enseñanzas que nos ayudarán a recordar el vínculo sagrado que nos une con el cielo con la tierra con el agua con el aire con el fuego y con el resto de los seres que nos acompañan en este viaje que es la vida Con El regreso de la Diosa su autor nos ayudará a reconectar con la esencia mágica que llevamos dentro y con el vínculo que nos une con la naturaleza Una travesía hasta el corazón de las tradiciones prácticas y celticas de la mitología de la esencia femenina que en algún momento fue ocultada pero cuya relación no está perdida ya que el espíritu de la diosa como una madre paciente sigue esperándonos en cada amanecer deseando que ocupemos el espacio que dejamos libre en lo alto de la montaña en el cauce de los ríos en las riberas de las cascadas y en las entradas de las cuevas únicamente cuando nos demos cuenta de que ese vacío no puede ser llenado con otra cosa que no sea aquello que nos han extirpado volveremos a buscar a nuestra madre para tomar la mano que nunca debimos soltar

Theorising Religion John Walliss, 2017-10-24 Religion is

controversial and challenging Whilst religious forces are powerful in numerous societies they have little or no significance for wide swaths of public or private life in other places The task of theoretical work in the sociology of religion is therefore to make sense of this apparently paradoxical situation in which religion is simultaneously significant and insignificant The

chapters of Part One consider the classical roots of ideas about religion that dominated sociological ways of thinking about it for most of the twentieth century Each chapter offers sound reasons for continuing to find theoretical inspiration and challenge in the sociological classics whilst also seeking ways of enhancing and extending their relevance to religion today Part Two contains chapters that open up fresh perspectives on aspects of modern post modern and ultra modern religion without necessarily ignoring the classical legacy The chapters of Part Three chart new directions for the sociological analysis of religion by fundamentally re thinking its theoretical basis by extending its disciplinary boundaries and by examining previously overlooked topics

The Power of Huacas Claudia Brosseder, 2014-07-01 Based on extensive archival research, *The Power of Huacas* is the first book to take account of the reciprocal effects of religious colonization as they impacted Andean populations and simultaneously dramatically changed the culture and beliefs of Spanish Christians. Winner Award for Excellence in the Study of Religion in the category of Historical Studies, American Academy of Religion, 2015. The role of the religious specialist in Andean cultures of the sixteenth, seventeenth, and eighteenth centuries was a complicated one, balanced between local traditions and the culture of the Spanish. In *The Power of Huacas*, Claudia Brosseder reconstructs the dynamic interaction between religious specialists and the colonial world that unfolded around them, considering how the discourse about religion shifted on both sides of the Spanish and Andean relationship in complex and unexpected ways. In *The Power of Huacas*, Brosseder examines evidence of transcultural exchange through religious history, anthropology, and cultural studies. Taking Andean religious specialists or *hechizeros* (sorcerers) in colonial Spanish terminology as a starting point, she considers the different ways in which Andeans and Spaniards thought about key cultural and religious concepts. Unlike previous studies, this important book fully outlines both sides of the colonial relationship. Brosseder uses extensive archival research in Bolivia, Chile, Ecuador, Peru, Spain, Italy, and the United States, as well as careful analysis of archaeological and art historical objects, to present the Andean religious worldview of the period on equal footing with that of the Spanish. Throughout the colonial period, she argues, Andean religious specialists retained their own unique logic, which encompassed specific ideas about holiness, nature, sickness, and social harmony. *The Power of Huacas* deepens our understanding of the complexities of assimilation, showing that within the maelstrom of transcultural exchange in the Spanish Americas, European paradigms ultimately changed more than Andean ones.
