El Salvador La Lucha Por La Libertad:

Anti-Colonial Texts from Central American Student Movements 1929-1983 Heather A Vrana, 2017-03-01 Collects more than sixty foundational documents from student protest from the frontlines of revolution Few people know that student protest emerged in Latin America decades before the infamous student movements of Western Europe and the U S in the 1960s Even fewer people know that Central American university students authored colonial agendas and anti colonial critiques In fact Central American students were key actors in shaping ideas of nation empire and global exchange Bridging a half century of student protest from 1929 to 1983 this source reader contains more than sixty texts from Guatemala Nicaragua Honduras El Salvador and Costa Rica including editorials speeches manifestos letters and pamphlets Available for the first time in English these rich texts help scholars and popular audiences alike to rethink their preconceptions of student protest and revolution The texts also illuminate key issues confronting social movements today global capitalism dispossession privatization development and state violence Key Features Makes available for the first time to English language readers a diverse archive of more than sixty foundational documents and ephemera accompanied by an introduction section introductions and further reading Expands the geographic scope of anti colonial movement scholarship by presenting anti colonial thought in the most contentious decades of the 20th century from a region peripheral even within anti colonial and postcolonial studies Advances anti colonial and postcolonial studies by taking urban students as critical actors and so recasting thematics of the peasantry the rural urban divide and religion Suggests a new social movement chronology beyond the so called Global 1968 or the common notion that student movements peaked in May 1968 in Paris New York City Berkeley and Mexico City [The Real Contra War](#) Timothy Charles Brown, 2001 The Contra War and the Iran Contra affair that shook the Reagan presidency were center stage on the U S political scene for nearly a decade According to most observers the main Contra army or the Fuerza Democrática Nicaragüense FDN was a mercenary force hired by the CIA to oppose the Sandinista socialist revolution The Real Contra War demonstrates that in reality the vast majority of the FDN's combatants were peasants who had the full support of a mass popular movement consisting of the tough independent inhabitants of Nicaragua's central highlands The movement was merely the most recent instance of this peasantry's one thousand year history of resistance to those they saw as would be conquerors The real Contra War struck root in 1979 even before the Sandinistas took power and during the next two years grew swiftly as a reaction both to revolutionary expropriations of small farms and to the physical abuse of all who resisted Only in 1982 did an offer of American arms persuade these highlanders to forge an alliance with former Guardia anti Sandinista exiles those the outside world called Contras Relying on original documents interviews with veterans and other primary sources Brown contradicts conventional wisdom about the Contras debunking most of what has been written about the movement's leaders origins aims and foreign support **Bang For Freedom; A Brief History of Mexican Mafia, Nuestra Familia and Latino Activism in the U.S.**
