Elder Abuse And Neglect At Home A Research Perspective

Raquel Kennedy Bergen

Elder Abuse And Neglect At Home A Research Perspective:

International Perspectives on Elder Abuse Amanda Phelan, 2013 Elder abuse has been increasingly recognised over the past ten years in many countries and progress has been made in both understanding and addressing the issue This volume provides a much needed international overview of the topic Opening with an examination of what elder abuse is Amanda Phelan sets it in a theoretical context and looks at assessment and approaches to the issue in residential and community care environments The book then presents a range of country studies which provide an overview of the context of elder abuse in the country and a discussion of related policy legislation research and practice Countries covered include Ireland United Kingdom Spain China Australia Kenya Israel Canada and the United States whilst a regional chapter looks at South America A concluding chapter draws together cross cultural comparisons and provides some guidance as to best practice The only comprehensive book in this area *International Perspectives on Elder Abuse* is an invaluable reference for practitioners academics and researchers from a range of disciplines including nursing social work sociology public health and social policy

Elder Abuse Andrew Papadopoulos, 2023-07-21 This book is primarily aimed at care workers and other practitioners whose roles involve working directly with older individuals couples and families experiencing abuse and who seek to enhance their knowledge and skills concerning psychological therapies

Perspectives on Elderly Crime and Victimization Peter C. Kratcoski, Maximilian Edelbacher, 2025-09-26 The updated second edition of this textbook focuses on understanding and addressing the criminality and victimization experienced by the elderly population globally It offers insights into the prevalence of elderly crime and victimization through international comparisons and explores effective strategies to tackle this issue The book covers a wide range of topics including the types of crimes committed by the elderly the characteristics of older offenders and the responses of the criminal justice system such as diversion programs and community based treatments It also delves into specialized programs providing health and mental health services for older prisoners Furthermore the new edition expands on processing and rehabilitation approaches for elderly offenders along with services aimed at preventing protecting and caring for elderly victims It also includes comparative international research on crime prevention methods and legislative measures making it a valuable resource for students in criminology criminal justice sociology and gerontology

Sociological Perspectives of Health and Illness Constantinos N. Phellas, 2010-10-12 Medical sociology has evolved from being considered as an unimportant area of enquiry to being regarded as central to the study of private troubles and public issues At present much of what is deemed in sociology as exciting is advancing or contributing to the field of health It is appropriate therefore that an edited text is published to specifically examine some of the important themes currently in medical sociology research and writing This volume documents thinking frameworks and processes that are actively shaping the medical sociology research of today It covers a wide range of topics ranging from the morality of death and euthanasia to the conflict that exists between different status health care providers *Sociological Perspectives of*

Health and Illness will be of interest to students across a wide range of courses in sociology and the social sciences. Specifically, students undertaking undergraduate and postgraduate courses in health studies and health promotion would benefit by reading this textbook. However, professionals will also be attracted to the book due to the dissemination of current practises in health promotion issues and practices.

International Handbook of Elder Abuse and Mistreatment Mala Kapur Shankardass, 2019-08-09. This first of its kind work on elder abuse and mistreatment provides a comprehensive and up to date overview of the subject. Covering almost all regions of the world, it highlights different dimensions of elder abuse and mistreatment in terms of their prevalence, incidence, prevention, treatment, management and response from governments and civil society, academic and research communities and society in general. Written by international specialists from various disciplinary and presenting the latest findings and data, the handbook includes sections on the Americas, the Caribbean, Europe, Central West and South Asia, East Asia and Asia Pacific and Africa. The chapters offer clarity on the concept and forms of elder abuse and neglect, discuss research methodology and provide policy options, legislative solutions and programmatic responses to give relief to older people as victims of abuse and neglect as well as to deal with the perpetrators. This book is intended for a wide range of students and researchers interested in aging from sociology to social work, community medicine, public health, clinical psychology and human rights law.

Institutional Abuse Jill Manthorpe, Bridget Penhale, Nicky Stanley, 2002-09-11. Nothing available that directly competes. The extent of institutional abuse tends to be played down; it is still something of a taboo subject. Material on abuse of adults in mental health settings has been a relatively neglected field.

International Perspectives on Family Violence and Abuse Kathleen Malley-Morrison, 2012-12-06. In this book, in which definitions and examples of abuse from men and women from every continent and a very diverse set of backgrounds are considered, the volume provides information on the extent to which family violence is a recognized problem in each country, research findings available on different forms of family violence and information on governmental responses to family violence. Finally, the value of an international human rights approach to abuse and violence in families is considered. The book presents an unparalleled international coverage addressing all forms of family violence in Australia and at least two countries from every other continent. Each chapter begins by describing the cultural context in which family violence and abuse take place. These sections emphasize the role of women and children in the country. Providing a multitude of voices, each chapter includes fascinating and often dramatic definitions and examples of abuse from ordinary citizens of the country. The concluding chapter elaborates on the appropriateness of a human rights approach in addressing family violence, cross nationally and cross culturally, and provides an excellent integration of much of the material from the previous chapters. The book is intended for advanced undergraduates and graduate students in psychology and sociology as well as pre-professionals and professionals in medicine, law and social services. It has strong relevance and value to individuals training in counseling, counselor education and clinical psychology. Because of its readable style and extensive use of quotations from

citizens of the countries studied for the book it may also appeal to a much broader audience including a lay audience

Gendered Domestic Violence and Abuse in Popular Culture Shulamit Ramon, Michele Lloyd, Bridget Penhale, 2020-11-30 As binge watching and streaming lead to increasing amounts of content and screen time understanding how domestic violence and abuse is portrayed in popular culture and its impact on DVA in our society is more important than ever This collection demonstrates how networked communication is influencing activism both online and in the real world

Elder Mistreatment National Research Council, Division of Behavioral and Social Sciences and Education, Committee on Law and Justice, Committee on National Statistics, Panel to Review Risk and Prevalence of Elder Abuse and Neglect, 2003-01-06 Since the late 1970s when Congressman Claude Pepper held widely publicized hearings on the mistreatment of the elderly policy makers and practitioners have sought ways to protect older Americans from physical psychological and financial abuse Yet during the last 20 years fewer than 50 articles have addressed the shameful problem that abusers and sometimes the abused themselves want to conceal Elder Mistreatment in an Aging America takes a giant step toward broadening our understanding of the mistreatment of the elderly and recommends specific research and funding strategies that can be used to deepen it The book includes a discussion of the conceptual methodological and logistical issues needed to create a solid research base as well as the ethical concerns that must be considered when working with older subjects It also looks at problems in determination of a report's reliability and the role of physicians EMTs and others who are among the first to recognize situations of mistreatment Elder Mistreatment in an Aging America will be of interest to anyone concerned about the elderly and ways to intervene when abuse is suspected including family members caregivers and advocates for the elderly It will also be of interest to researchers research sponsors and policy makers who need to know how to advance our knowledge of this problem

Nursing for Wellness in Older Adults Carol A. Miller, 2009 Now in its Fifth Edition this text provides a comprehensive and wellness oriented approach to the theory and practice of gerontologic nursing Organized around the author's unique functional consequences theory of gerontologic nursing the book explores normal age related changes and risk factors that often interfere with optimal health and functioning to effectively identify and teach health promotion interventions The author provides research based background information and a variety of practical assessment and intervention strategies for use in every clinical setting Highlights of this edition include expanded coverage of evidence based practice more first person stories new chapters and clinical tools such as assessment tools recommended by the Hartford Institute of Geriatric Nursing

[The Clinical Management of Elder Abuse](#) Georgia J Anetzberger, 2012-12-06 Learn to detect elder abuse and provide the help that your neglected or abused elderly clients need Even to clinicians experienced in managing difficult client situations elder abuse is perplexing complex and ethically charged This kind of abuse can be hard to detect with its subtle manifestations and indicators that could just as easily reflect other problems or illnesses It can seem impossible to control particularly when the victim refuses help or denies the seriousness of mistreatment

Moreover decision making when dealing with interventions for elder abuse is rarely easy and is frequently clouded by ethical dilemmas The Clinical Management of Elder Abuse can help This essential guide for present and future clinicians provides you with multidisciplinary perspectives on detecting elder abuse situations and interventions that can make a real difference in the lives of clients Three case studies are presented and then examined from the professional perspectives of an attorney a physician a nurse and a social worker What these professionals have to say will leave you better informed about the dynamics and complexities of elder abuse about important steps that must be taken in the clinical management of elder abuse and about the importance and application of multidisciplinary teams in elder abuse work The handy figures lists of definitions and tables you ll find in this well referenced book make important concepts and complex information easy to access and understand The Clinical Management of Elder Abuse shows how professionals in the above disciplines can address the effects of elder abuse which may manifest as physical effects including pain and injury sleep disturbances eating problems and headaches behavioral effects including anger helplessness reduced coping abilities and suicidal actions psychological effects which can be wide ranging and include denial fear anxiety and depression social effects such as increased dependence withdrawal and lessened contact with the outside world As the baby boom generation ages incidents of elder abuse are certain to continue to increase Whether you are a student an educator an experienced clinician or a novice in the field The Clinical Management of Elder Abuse is a resource that you ll return to again and again as you work to improve the lives of this important growing population

Elder Abuse Xinqi Dong,2017-02-22 This book provides a global comprehensive and systematic state of the review of this field that fills the gaps between research practice and policy The book addresses the epidemiology of the issue and the global prevalence of elder abuse in both developed and developing countries which synthesizes the most up to date data about risk factors and protective factors associated with elder abuse and consequences of elder abuse clinical assessment and management of elder abuse including screening detection management of elder abuse and the role of decision making capacity and forensic approaches practice and services that describe adult protective services legal justice elder court systems and guardianship system elder abuse and culture which provides more in depth anthropological and ethnographic experiences policy issues which highlights the elder justice movement GAO reports elder justice act older American act and elder justice coordinating council and future directions which explores translational research practice education training and policy issues surrounding elder abuse Elder Abuse Research Practice and Policy is a useful resource for aging researchers social services general internists family medicine physicians social workers nurses and legal professionals interested in the issues of elder abuse

Handbook of Psychological Approaches with Violent Offenders Vincent B. Van Hasselt,Michel Hersen,2013-11-11 The past quarter century has witnessed a dramatic upsurge of violent crime in the United States and abroad In this country the rise in violent criminal activity has been consistently documented in such published accounts as the Uniform Crime Reports and the

Statistical Handbook on Violence in America published by the FBI and the Violence Research Group respectively. Further, social scientists, particularly those working in the fields of sociology and psychology, have provided a convergence of findings attesting to the magnitude of one of today's most significant social problems: domestic violence, e.g., spouse, child, and elder abuse. Such efforts have served as the impetus for heightened clinical and investigative activity in the area of violent behavior. Indeed, a wide range of mental health experts, such as psychologists, psychiatrists, social workers, counselors, and rehabilitation specialists, have endeavored to focus on strategies and issues in research and treatment for violent individuals and their victims. The purpose of this book is to provide a comprehensive and timely examination of current psychological approaches with violent criminal offenders. Despite the fact that we continue to have much to learn about perpetrators of violent acts, in recent years an increasingly large body of empirical data has been adduced about this year's issue. However, these data generally have appeared in disparate journals and books. That being the case, it is our belief that such a handbook now is warranted.

Legislative Agenda for an Aging Society, 1988 and Beyond, 1988 *Abuse of Older Men* Jordan I. Kosberg, 2014-01-02

Learn the causes and consequences of elder abuse of men. For the most part, often only women are considered the victims of elder abuse. However, men are also subject to this disturbing social problem. *Abuse of Older Men* examines the diverse aspects of this surprisingly widespread issue that includes sexual abuse, abuse by intimates, and benign neglect in the health care field, as well as effective treatment strategies. This unique resource provides the latest research and crucial discussions of why the problem is often invisible, understudied, and undertreated. Detailed explorations include risk assessment, differential detection of abuse of one gender over the other, the risk of abandonment, economic exploitation, and the issues of older men who had been abused in childhood. In the past, elder abuse literature has quite correctly mainly focused on the abuse of women, who represent the majority of older persons. *Abuse of Older Men* expands the discussion of this distressing social challenge to include the other gender, reviewing the different types of abuse and the reasons why it is not readily apparent in today's society. This compelling text examines in detail the causes and consequences of elder abuse of men. The underreporting of abuse is addressed, along with suggestions on ways to better approach various problems. This insightful resource is extensively referenced and provides tables to clearly present data. Issues discussed in *Abuse of Older Men* include intimate partner abuse perpetrated against older men, sexual abuse of older men in nursing homes, the impact of gender on the reporting of elder abuse, neglectful aspects of osteoporosis in older men, past relationships that increase the risk of the neglect of older fathers, news accounts that report the frequency and types of abuse against men, identifying and treating victims, societal forces that affect older men's risk of mistreatment, recommendations for structuring services to better meet victims' needs, the social construction of manhood as an important factor in understanding the abuse of older men. *Abuse of Older Men* provides crucial information for practitioners, educators, researchers, and students in social work, nursing, medicine, law, gerontology, adult protective services, criminal justice, sociology, psychology, domestic violence,

counseling ethics public policy and aging networks **The Criminal Justice Periodical Index** ,1992 *Cruel But Not Unusual* Ramona Alaggia,Cathy Vine,2022-10-25 Picture family life in Canada Does it include women or girls being murdered on average every two and a half days Or the fact that intimate partner violence counts as nearly one third of all reports to police Or that child or elder abuse is more common than you might imagine Written for students instructors practitioners and advocates in all related fields this expanded and updated third edition of *Cruel But Not Unusual Violence in Families in Canada* offers the latest research thinking and strategies to address this hard reality in Canada today Violence takes many forms inside relationships and families and the systems charged with responding and helping can actually add to the harm further isolating and endangering victims Nowhere is this more evident than in intentionally marginalized communities such as Indigenous Black people of colour LGBTQI2S people with disabilities and immigrant refugee and non status women From recommendations on resisting anti Black state sanctioned violence to a call to action on partner abuse within LGBTQI2S communities the book offers bold ideas for moving forward highlighting the work of researchers and activists from these communities Using a range of perspectives feminist trauma informed intersectional anti oppression and including diverse couple and family relationships and settings foster care group homes institutions the contributors track violence across the life course addressing the impact on the brain trauma coercive control resilience disclosing abuse the MeToo movement self care and providing practical case examples and guidelines for working with children youth adults couples families and groups The result is an authoritative source that offers new insights and approaches to inform understanding policy practice and prevention **The Encyclopedia of Elder Care** Elizabeth Capezuti,Michael L. Malone,Ariba Khan,Steven L. Baumann,2017-12-07 Praise for the Third Edition The third edition of this outstanding resource reflects the many advances in the care of older people that have occurred since the publication of the second edition The vast bulk of the content is accessible and relevant to an international audience The indexing and cross referencing are excellent Score 5 5 stars Margaret Arthur Nursing Standard The information in this book is amazing I reviewed topics in which I have expertise and was very satisfied This is an excellent addition to my library and I will refer to it often much like a medical dictionary Score 90 4 Stars Doody s Medical Reviews Provides 273 comprehensive yet succinct entries on a variety of topics related to elder care In addition many of the entries include see also references that help readers easily navigate the book Recommended Choice Current Reviews for Academic Libraries This expanded one of a kind reference of more than 250 entries provides a comprehensive guide to all of the essential elements of elder care across a breadth of health and social service disciplines Responding to the needs of providers directcare workers family and other caregivers the diverse array of entries included in this encyclopedia recognize and address the complex medical social and psychological problems associated with geriatric care In addition to a brief accessible summary of each topic entries include several key references including web links and mobile apps for additional sources of information This updated edition contains more than 30 new entries written by

renowned experts that address a variety of elder care topics New to the Fourth Edition New entries addressing Ethics Consultation Eye Disorders Pain Acute and Chronic and many others Key Features Provides succinct descriptions of over 250 key topics for health and social service clinicians Offers crucial information for elder care providers across all settings and disciplines Distills current evidence based literature sources Written by nationally recognized expert researchers and clinicians Includes links to useful websites and mobile apps
