Eleanor Marx Volume 1 Family Life 1855 1883:

Eleanor Marx Yvonne Kapp,1972 **Eleanor Marx** Yvonne Kapp,2018-07-10 Yvonne Kapp s monumental biography of the daughter of Karl Marx who became a radical activist Eleanor Marx is one of the most tragically overlooked radical figures in history usually overshadowed by her father Karl But not only did she edit translate transcribe and collaborate with her father she also led an extraordinary life as a labour organiser trade unionist translator actor writer and feminist Much of this we only know because of this highly acclaimed outstanding exception to the omission of Eleanor Marx from history Yvonne Kapp s biography was first published at the height of feminist organising in the 1970s Kapp brilliantly succeeds in capturing Eleanor s spirit from a lively child opining on the world s affairs to the new woman aspiring to the stage earning her living as a free intellectual and helping to lead England s unskilled workers at the height of the new unionism She was always more than yet at the same time inescapably Karl Marx s daughter It is also inevitably an unrivalled biography of the Marx household in Victorian London of the Marx circle and of Friedrich Engels the family s extraordinary mentor This single volume edition of Kapp s foundational biography includes an introduction by Sally Alexander *Clara Collet, 1860-1948* Deborah McDonald,2004-03 This absorbing account of the life and work of Clara Collet a leading economist statistician and champion of women s employment is the first biography of this remarkable woman and reveals through Collet s diaries her fascinating personal life An early female university graduate 1880 then teacher she campaigned for the secondary education provision of girls at a time when it was negligible Her other major contribution was in raising the status of working class women becoming a Commissioner for the Royal Commission on Labour 1892 She was close to the family of Karl Marx particularly with Eleanor Marx and with Beatrice Webb Her enduring friendship with the cult Victorian author George Gissing deeply influenced his writing Her working relationships with Charles Booth Lloyd George Ramsay MacDonald and Winston Churchill are also celebrated *Radicals, Secularists, and Republicans* Edward Royle,1980 **Marx, Engels and Modern British Socialism** Seamus Flaherty,2020-05-20 This book is a reception study of Karl Marx s and Friedrich Engels ideas in Britain during the late nineteenth century and a revisionist account of the emergence of modern British socialism It reconstructs how H M Hyndman E B Bax and William Morris interacted with Marx and Marxism It shows how Hyndman was a socialist of liberal and republican provenance rather than the Tory radical he is typically held to be how Bax was a sophisticated thinker and highly influential figure in European socialist circles rather than a negligible pedant and it shows how Morris s debt to Bax and liberalism has not been given its due It demonstrates how John Stuart Mill in particular was combined with Marx in Britain it illuminates other liberal influences which help to explain the sectarian attitude adopted by the Social Democratic Federation towards organised labour and it establishes an alternative genealogy for Fabian socialism

Memory, Place and Autobiography Jill Daniels, 2019-01-03 There has been a significant growth in autobiographical documentary films in recent years This innovative book proposes that the filmmaker in her dual role as maker and subject may act as a cultural guide in an exploration of the social world It argues that in the cinematic mediation of memory the mimetic approach in the construction of documentary films may not be feasible and memory may instead be evoked elliptically through hybrid strategies such as critical realism and fictional enactment Recognizing that identity is formed by history and what goes on in the world the book charts the historical trajectory of the British independent filmmaking movement from the mid 1970s to the present growth of new online distribution outlets and new media through digital technologies and social media

The Literary 1880s Penny Fielding, Andrew Taylor, 2019-10-17 Explores the diverse forces that shaped developments in literature in the 1880s an often overlooked literary decade

The Last Years of Karl Marx Marcello Musto, 2023-05-25 Brilliantly demonstrates that Marx spent these years opening new and important theoretical horizons

tienne Balibar author of *The Philosophy of Marx* In the last years of his life Karl Marx expanded his research in new directions studying recent anthropological discoveries analyzing communal forms of ownership in precapitalist societies supporting the populist movement in Russia and expressing critiques of colonial oppression in India Ireland Algeria and Egypt Between 1881 and 1883 he also traveled beyond Europe for the first and only time Focusing on these last years of Marx s life this book dispels two key misrepresentations of his work that Marx ceased to write late in life and that he was a Eurocentric and economic thinker fixated on class conflict alone With *The Last Years of Karl Marx* Marcello Musto claims a renewed relevance for the late work of Marx highlighting unpublished or previously neglected writings many of which remain unavailable in English

Readers are invited to reconsider Marx's critique of European colonialism his ideas on non Western societies and his theories on the possibility of revolution in noncapitalist countries From Marx's late manuscripts notebooks and letters emerge an author markedly different from the one represented by many of his contemporary critics and followers alike Musto takes us by the hand and invites us to discover a new Marx Antonio Negri author of Marx beyond Marx Highly recommended M J Wert Choice Fills a huge gap in our understanding of Marx Kevin B Anderson New Politics Journal of Socialist Thought A bold socio political reading of Marx Arkayan Ganguly Critique Journal of Socialist Theory **Karl Marx 1881-1883** Marcello Musto, 2020-04-07 En los últimos años de su vida Karl Marx extendió su investigación a nuevas disciplinas conflictos políticos cuestiones teóricas y áreas geográficas Marx estudió los recientes descubrimientos antropológicos analizó las formas comunales de propiedad en las sociedades precapitalistas apoyó la lucha del movimiento de los narodniki en Rusia expresó críticas a la opresión colonial en India Irlanda Argelia y Egipto y viajó más allá de Europa por primera y única vez Karl Marx 1881-1883 El último viaje del Moro disipa el mito de que Marx dejó de escribir en la vejez y desafía la distorsionada representación de Marx como un pensador eurocéntrico y economicista que estaba obsesionado sólo con el conflicto de clases Marcello Musto reivindica la importancia renovada de la obra de Marx destacando escritos inéditos o desatendidos anteriormente muchos de los cuales siguen sin estar disponibles en español Se invita a los lectores a reconsiderar la crítica de Marx al colonialismo europeo sus ideas sobre las sociedades no occidentales y sus teorías sobre la posibilidad de la revolución en los países no capitalistas De los últimos manuscritos cuadernos y cartas de Marx surge un autor notablemente diferente del que ha sido representado por muchos de sus críticos contemporáneos y seguidores En tanto que en la actualidad Marx experimenta un redescubrimiento significativo este libro llena un vacío en la biografía aceptada popularmente y sugiere una innovadora reevaluación de algunos de sus conceptos clave Marcello Musto probablemente el mayor conocedor de la vida de Marx nos ofrece una revelación tras otra Mientras que muchos habían entendido el periodo posterior a la Comuna de París como un tiempo de divulgación de su ya establecida doctrina política Musto en cambio demuestra de manera brillante que Marx pasó estos años abriendo nuevos e importantes horizontes teóricos Etienne Balibar La obra de Marcello Musto es esencial para el análisis de la vida y el pensamiento de Marx En este libro Musto se centra en las investigaciones de Marx durante sus últimos años Los manuscritos antropológicos los estudios sobre la transformación de la propiedad y las críticas contra el colonialismo escritos en este periodo son sorprendentes Musto nos lleva de la mano y nos invita a descubrir un nuevo Marx Antonio Negri

APPENDICES **Private property and the fear of social chaos** Aidan Beatty, 2023-03-14 This is a book about what people imagine it means to live in a world where private property is dominant and their fears and sometimes hopes about living in a future world where private property has disappeared In the propertied imagination private property is a fragile thing an institution beset by terrifying enemies and racialised and gendered mobs Levellers and Diggers socialists and anarchists fervent religious radicals abolitionists feminists and haughty welfare state bureaucrats The history of private property is the history of a recurring nightmare that one or another of these groups would storm the castle and take control That threatened social chaos is the central unifying story of this book Private property and the fear of social chaos starts by charting the thinkers who laid the foundations for how we understand private property including Locke Burke Marx and Engels The book looks at how their ideas have been put into practice in ways that continue to shape the modern world from

Harry Truman's housing policies and the anti abolitionist George Fitzhugh to Margaret Thatcher and Elon Musk Arguing that the spectre of the mob has been intimately interconnected with the idea of private property throughout capitalist modernity the book ambitiously narrates this history from the early colonisation of the Americas to Silicon Valley and the future of human colonisation in space

Bloomsbury Scientists Michael Boulter, 2017-09-25 Bloomsbury Scientists is the story of the network of scientists and artists living in a square mile of London before and after the First World War This inspired group of men and women viewed creativity and freedom as the driving force behind nature and each strove to understand this in their own inventive way Their collective energy changed the social mood of the era and brought a new synthesis of knowledge to ideas in science and art Class barriers were threatened as power shifted from the landed oligarchy to those with talent and the will to make a difference

Karl Marx Francis Wheen, 1999 A major biography of the man who more than any other made the twentieth century Written by an author of great repute The history of the 20th century is Marx's legacy Not since Jesus Christ has an obscure pauper inspired such global devotion or been so calamitously misinterpreted The end of the century is a good moment to strip away the mythology and try to rediscover Marx the man There have been many thousands of books on Marxism but almost all are written by academics and zealots for whom it is a near blasphemy to treat him as a figure of flesh and blood In the past few years there have been excellent and successful biographies of many eminent Victorians and yet the most influential of them has remained untouched In this book Francis Wheen for the first time presents Marx the man in all his brilliance and frailty as a poverty stricken Prussian emigre who became a middle class English gentleman as an angry agitator who spent much of his adult life in scholarly silence in the British Museum Reading Room as a gregarious and convivial host who fell out with almost all his friends as a devoted family man who impregnated his housemaid as a deeply earnest philosopher

Imperialism, Labour and the New Woman Liz Stanley, 2014-03-18 Olive Schreiner 1855 1920 was the best known feminist theorist and writer of her time Her writings spanned a number of conventionally separate genres including the novel short story allegory political essay polemic and theoretical treatise which she crafted to produce a highly distinctive feminist and analytical voice A feminist who was contemporaneously an internationally renowned social commentator Schreiner's developing political analysis was and still is highly original She developed a materially based socialist and feminist analysis of labour which led her to theorise social and economic change divisions of labour in society and between women and men capitalism and imperialism around innovative ideas about how and by whom economic and social value was produced She combined with this a keen attention to inter personal relations between women as literally or politically sisters between respectable and sexually outcast women between feminist women and the New Men and within the family Distinctively Schreiner's writings on economic and political life in South Africa criticised the policies and practice of Rhodes in the Cape Colony and British imperialism in southern Africa more widely She opposed the South African War of 1899 1902 promoted federation rather than union as the form the South African state

should take and insisted on equal political rights for all Schreiner steadfastly opposed the development of apartheid segregationist policies and provided a radical analysis of the relationship between race and capital Imperialism Labour and the New Woman is based on primary archive research making particular use of Schreiner s unpublished letters and other major manuscript sources to provide a major reconceptualisation of the scope and importance of her writings and innovative and experimental ideas about genre and form It offers a major rethinking of Schreiner s political writings on South Africa and it emphasises the distinctiveness of Schreiner s contribution as the major feminist theorist of her age and that which followed The book will appeal particularly to readers interested in the development of social theory in influential feminist ideas and writing of the fin de siècle period in the contemporary critique of capitalism and imperialism and in the age of imperialism in Southern Africa as well as to Women s Studies scholars across the academic disciplines *The Library Journal Book Review*, 1977
