Electoral Allegiance In Sri Lanka:

Electoral Allegiance in Sri Lanka Dilesh Jayanntha, 1992-06-04 A detailed comparative analysis of electorates in Sri Lanka It addresses issues that are relevant not only to South Asia but to the developing world in general and will therefore be of interest to specialists and students of South Asia comparative politics sociology and anthropology Catch-All Parties and Party-Voter Nexus in Sri Lanka Pradeep Peiris, 2021-11-20 This book systematically maps the evolution of the party voter nexus of the United National Party UNP and Sri Lanka Freedom Party SLFP In doing so it argues that these parties rely mostly on a complex Web of patronage based networks to mobilise electorates They employ informal and highly dynamic loosely knit networks as their organisational structures at the local level They mainly focus on mobilising voters through local political actors rather than maintaining clear party bases and membership schemes The study highlights the salience of personalities at the national as well as local levels in forming electoral support for the parties These individuals exploit their economic social and cultural capital to mobilise the most efficient network that would strengthen their party during elections The study also analyses the emergence of two new coalition centres from within these traditional parties the Sri Lanka Podujana Peramuna SLPP and Samagi Jana Balawegaya SJB and argues that these parties though portraying themselves as new have in fact retained the overall logic of the party voter nexus by appropriating the organisational schemes and structures of their predecessors The Political Economy of Ethnic Conflict in Sri Lanka Nikolaos Bizziouras, 2014-03-26 At the point of independence in 1948 Sri Lanka was projected to be a success story in the developing world However in July 1983 a violent ethnic conflict which pitted the Sinhalese against the Tamils began and did not come to an end until 2009 This conflict led to nearly 50 000 combatant deaths and approximately 40 000 civilian deaths as well as almost 1 million internally displaced refugees and to the permanent migration abroad of nearly 130 000 civilians With a focus on Sri Lanka this book explores the political economy of ethnic conflict and examines how rival political leaders are able to convince their ethnic group members to follow them into violent conflict Specifically it looks at how political leaders can influence and utilize changes in the level of economic liberalization in order to mobilize members of a certain ethnic group and in the case of Sri Lanka shows how ethnic mobilization drives can turn violent when minority ethnic groups are economically marginalized by the decisions that the majority ethnic group leaders make in order to stay in power Taking a political economy approach to the conflict in Sri Lanka this book is unique in its historical analysis and provides a longitudinal view of the evolution of both Tamil and Sinhalese ethnic drives As such this interdisciplinary study will be of interest to policy makers as well as academics in the field of South Asian studies political science sociology development studies political economy and security studies Nationalism, Development and Ethnic Conflict in Sri Lanka Rajesh Venugopal, 2018-10-18 This book examines the relationship between ethnic conflict and economic development in modern Sri Lanka Drawing on a historically informed political sociology it explores how the economic and the ethnic have encountered one another focusing in particular on the

phenomenon of Sinhala nationalism In doing so the book engages with some of the central issues in contemporary Sri Lanka why has the ethnic conflict been so protracted and so resistant to solution What explains the enduring political significance of Sinhala nationalism What is the relationship between market reform and conflict Why did the Norwegian sponsored peace process collapse How is the Rajapaksa phenomenon to be understood The topical spread of the book is broad covering the evolution of peasant agriculture land scarcity state welfarism nationalist ideology party systems political morality military employment business elites market reforms and development aid *The State and NGOs* Shinichi Shigetomi,2002 This volume examines the state NGO relationships in fifteen Asian countries *Conflict and Peacebuilding in Sri Lanka* Jonathan Goodhand,Benedikt Korf,Jonathan Spencer,2010-12-14 The period between 2001 and 2006 saw the rise and fall of an internationally supported effort to bring a protracted violent conflict in Sri Lanka to a peaceful resolution A ceasefire agreement signed in February 2002 was followed by six rounds of peace talks but growing political violence disagreements over core issues and a fragmentation of the constituencies of the key parties led to an eventual breakdown In the wake of the failed peace process a new government pursued a highly effective war for peace leading to the military defeat of the LTTE on the battlefields of the north east in May 2009 This book brings together a unique range of perspectives on this problematic and ultimately unsuccessful peace process The contributions are based upon extensive field research and written by leading Sri Lankan and international researchers and practitioners The framework of liberal peacebuilding provides an analytical starting point for exploring the complex and unpredictable interactions between international and domestic players during the war peace war period The lessons drawn from the Sri Lankan case have important implications in the context of wider debates on the liberal peace and post conflict peacebuilding particularly as these debates have largely been shaped by the high profile cases such as Kosovo Afghanistan and Iraq This book is of interest not only to Sri Lanka specialists but also to the wider policy practitioner audience and is a useful contribution to South Asian studies *Patronage and Politics in the Victorian Empire* , **The Democratization Project** Ashok Swain,Ramses Amer,Joakim Öjendal,2011-07 This volume drawing on the work of a variety of scholars contributes to identifying and understanding the challenges and opportunities presented by the current wave of democratization to the peace and development of the world both at the domestic level in selected countries trends in regions of the world and in the global system of the post Cold War Era **Economic Growth and Political Change in Asia** Graham Field,2016-07-27 This book looks at the main factors which have contributed to the strikingly strong growth of Asian economies in the last twenty five years It considers the economic policies adopted to promote such growth arguing that it will become increasingly difficult to sustain this The author then examines the inequalities generated by economic growth before considering the dynamics of the four different types of political system which have evolved in Asia veiled authoritarianism market Stalinism emerging bourgeois democracy and elite democracy *Shahjahanabad* Stephen P.
