

## *Electric Light*

*When the great Bulwer's pen did trace  
The history of the coming race  
His hero to us he hath unfurled  
The glories of his new found world.*

*This bold traveller he did venture  
Far below our world's centre ;  
He entered through an ancient mine  
And to us doth new world define.*

*Once all was discord and fierce jars,  
Continuous engaged in wars  
Till they discovered great vrill power,  
Then wars did cease from that same hour.*

*Mighty bolts from it were hurled ;  
Would soon have laid waste the world ;  
So for world's preservation  
At once they stopped desolation.*

*All wars by them are now despised  
Unfit for nation civilized ;  
Their peaceful glories they do sing  
And fly on artificial wing.*

*Great blazing artificial light  
It ever burns both day and night,  
For they have neither sun nor moon,  
But radiant, always 'tis high noon.*

*When we beheld the glorious sight,  
High in the air did shine so bright ;  
It seemed that it could banish night,  
Great refulgent electric light.*

*But after all, 'tis children's play,  
Compared with the great orb of day,  
Or when the moon it doth shine bright,  
And stars do beautify the night.*
