

A smiling woman with long dark hair, wearing a wide-brimmed hat and a white top, is the central figure. She is looking upwards and to the right, with her hands raised in a gesture of joy or surprise. The background is a soft-focus outdoor scene with green foliage and a bright light source, possibly the sun, creating a warm and uplifting atmosphere.

Tarot and the Path of Initiation Henry Ho,2013-11 This book came into being from the author s exasperation at the ignorance of many users of the Thoth tarot deck They prefer to go by their intuition rather than study Crowley s companion book to the deck The Book of Thoth It s too dense they cry I m not interested in these philosophies I just want to read Tarot The above sentence is the greatest insult to Aleister Crowley the creator of the Thoth deck For the deck s purpose was to convey the higher mysteries to the diviner Crowley intended for the deck never to be sold separately

from the Book of Thoth And so heart full of elitist snobbery and sense of obligation to Crowley the author of this book set out to spoon feed this dense material to the masses without watering down its contents In the spirit of Crowley who sought to enlighten the world the author has added his own contribution to Crowley s legacy out of duty It was due to Crowley s belief in freedom of information during an era of politics and secrecy that the author was able to get his own hands on the gem of all spiritual writing the Book of Thoth

Initiation Science

Rudolf Steiner,2016-11-14 In an astonishing series of lectures on the science of spiritual knowledge Rudolf Steiner begins by addressing an audience in Dornach Switzerland where only months earlier his architectural masterpiece the first Goetheanum had been destroyed by fire He discusses the nature of our planetary system revealing the planets that are characterised by freedom and those that determine destiny The spirits of the moon live in seclusion preserving original wisdom and reflecting powers connected to sexuality whereas the sun creates harmony Jupiter is the thinker whilst the spirits on Saturn act as living memory Speaking in London Steiner states that the things that happen to people in sleep are more important than anything that occurs during waking hours Human beings he says must learn to see themselves as an image of spirits and spiritual activities on earth In a break from the theme and returning to Dornach Rudolf Steiner reports on his recent visit to England and Wales where he attended an educational conference in Ilkley a Summer School in Penmaenmawr and a school for the disadvantaged in the East End of London Steiner speaks of the particular atmosphere he experienced in West Yorkshire and North Wales where remnants of Druid spirituality live in the surroundings The latter theme emerges strongly in the next lectures which examine the Druid priest s sun

initiation and perception of moon spirits The Druids investigated the secrets of the universe influencing both social and religious life Steiner also describes the mythic being of Woden who signified the birth of intellectuality and the subsequent fear of death which he asserts can be healed by the Mystery of Golgotha In the final section Rudolf Steiner discusses The past present and future development of the human mind Again he references the importance of Druid culture noting that the ground plans of the stone circles in Penmaenmawr are similar to that of the first Goetheanum He also points to the crucial roles of the ancient Mysteries and Christ s deed in human development Handbook of Material Culture Christopher Y. Tilley,2006-01-26 Provides a critical survey of the theories concepts intellectual debates substantive domains and traditions of study characterizing the analysis of things This handbook charts an interdisciplinary field of studies that makes a fundamental contribution to an understanding of what it means to be human
