Lester, 2014-05-29 Take example all ye that this do hear or see The Morality Play was popular in England between 1400 and 1600 It offers moral instruction and spiritual teaching with personal abstractions representing good and evil Surviving plays from that period number about sixty and the three in this edition were among the first ten Mankind is a plain honest farming man who struggles against worldly and spiritual temptation The bawdy humour and violent action in the play serve to make the moral point and instruct by example Everyman portrays a

man's struggles in the face of death to raise himself to a state of grace so that he may experience everlasting life. It is exceptional among the Moralities for this narrow focus on the last phase of life and conveys its message with awe-inspiring seriousness. *Mundus et Infans* is more typical of the Morality genre. It shows an arrogant bullying protagonist led astray by a single evildoer into a life of debauchery before the inevitable conversion to virtue. In showing the whole of man's life, it is the antithesis of *Everyman*, the action of which seems to take place in a single day. *Know it All, Find it Fast* Robert John Duckett, Bob Duckett, Peter Walker, Christine Donnelly, 2008. There is a queue, the phone is ringing, the photocopier has jammed, and your enquirer is waiting for a response. You are stressed and you can feel the panic rising. Where do you go to find the information you need to answer the question promptly and accurately? Answering queries from users is one of the most important services undertaken by library and information staff. Yet it is also one of the most difficult, least understood subjects. There are still very few materials available to help frontline staff often paraprofessionals develop their reader enquiry skills. This award-winning sourcebook is an essential guide to where to look to find the answers quickly. It is designed as a first point of reference for library and information practitioners to be depended upon if they are unfamiliar with the subject of an enquiry or wish to find out more. It is arranged in an easily searchable, fully cross-referenced A-Z list of around 150 of the subject areas most frequently handled at enquiry desks. Each subject entry lists the most important information sources and where to locate them, including printed and electronic sources, relevant websites, and useful contacts for referral purposes. The authors use their extensive experience in reference work to offer useful tips, warn of potential pitfalls, and spotlight typical queries and how to tackle them. This new edition has been brought right up to date with all sources checked for currency and many new ones added. The searchability is enhanced by a comprehensive index to make those essential sources even easier to find, saving you valuable minutes. *Readership*: Offering quick and easy pointers to a multitude of information sources, this is an invaluable reference deskbook for all library and information staff in need of a speedy answer in reference libraries, subject departments, and other information units. *European Political Facts 1789-1848* Chris Cook, John Paxton, 1981-02-19. **Routledge's Every Man's Cyclopedia of Biography, History, Geography, General Information, Law, Spelling, Abbreviations, Synonyms, Pseudonyms, Etc** Arnold Villiers, 1910. *Library of Congress Catalog* Library of Congress, 1974-07. Beginning with 1953 entries for motion pictures and filmstrips. Music and phonorecords form separate parts of the Library of Congress catalogue. Entries for Maps and atlases were issued separately 1953-1955. **Subject Catalog** Library of Congress, 1981. Walford's Guide to Reference Material Albert John Walford, Anthony P.
