Everything Women Of Color Should Know About Cosmetic Surgery:

Race, Gender, and the Politics of Skin Tone Margaret L. Hunter, 2013-05-13 *Race Gender and the Politics of Skin Tone* tackles the hidden yet painful issue of colorism in the African American and Mexican American communities Beginning with a historical discussion of slavery and colonization in the Americas the book quickly moves forward to a contemporary analysis of how skin tone continues to plague people of color today This is the first book to explore this well known yet rarely discussed phenomenon

Women, Wellness, and the Media Margaret C. Wiley, Barbara Barnett, 2009-05-27 As a former nurse and someone who now teaches Women s Studies I have long been interested in the politics of health care Today most Americans would agree that our health care system is broken We pay more for health care than any nation in the world yet in 2007 the World Health Organization ranked us as 37th in quality of health care Forty six million Americans are now without health insurance What is happening here And just where are all these dollars going In *Women Wellness and the Media* thirteen scholars from a wide range of disciplines examine the relationship between media stereotypes and women s health They look at several images of women the perfect mom the straight bikini clad sixteen year old blond who has been air brushed to perfection the wild black Jezebel who struts her stuff and the shriveled up menopausal crone The writers point out that these images are making millions of dollars for all sorts of businesses ranging from the pharmaceutical industry to women s magazines Scholars have long noted that stereotypes disempower women in *Women Wellness and the Media* we see how these stereotypes actually harm women s health while turning millions in corporate profits

Ebony, 2001-02 EBONY is the flagship magazine of Johnson Publishing Founded in 1945 by John H Johnson it still maintains the highest global circulation of any African American focused magazine

Amending the Abject Body Deborah Caslav Covino, 2012-02-01 Feminist theorists have often argued that aesthetic surgeries and body makeovers dehumanize and disempower women patients whose efforts at self improvement lead to their objectification *Amending the Abject Body* proposes that although objectification is an important element in this phenomenon the explosive growth of makeover culture can be understood as a process of both abjection ridding ourselves of the unwanted and identification joining the community of what Julia Kristeva calls clean and proper bodies Drawing from the advertisement and advocacy of body makeovers on television in aesthetic surgery trade books and in the print and Web based marketing of face lifts tummy tucks and Botox injections Deborah Caslav Covino articulates the relationship among objectification abjection and identification and offers a fuller understanding of contemporary beauty desire

Beauty Sleep Michael G. Ballard, 2008-12-30 On April 10 2001 Sandra Baker a recently separated forty five year old mother of two went for a facelift and a new lease on life But the nurse anesthetist was a woman from her past And Sandra s future was in jeopardy Decades before in a world of high school cliques and competition Sally Jordan Hill had a crush on a guy whose attentions turned toward Sandra Little did Sandra know how jealous Sally might have been Once Nurse Sally had Sandra in her care she administered a lethal dose of the painkiller Fentanyl Within hours Sandra

was brain dead and her death was ruled a medical mistake But earlier Sally s coworkers heard her say this That s the woman who stole my boyfriend in high school And soon a determined detective would find new clues to convince a judge that Sandra s death was no accident Beauty Sleep is the true story of glamor jealousy and cold blooded murder

Self-Transformations Cressida J. Heyes,2007-08-16 Heyes monograph in feminist philosophy is on the connection between the idea of normalization which per Foucault is a mode or force of control that homogenizes a population and the gendered body Drawing on Foucault and Wittgenstein she argues that the predominant picture of the self a picture that presupposes an inner core of the self that is expressed accurately or not by the outer body obscures the connection between contemporary discourses and practices of self transformation and the forces of normalization In other words pictures of the self can hold us captive when they are being read from the outer self the body rather than the inner self and we can express our inner self by working on our outer body to conform Articulating this idea with a mix of the theoretical and the practical she looks at case studies involving transgender people weight loss dieting and cosmetic surgery Her concluding chapters look at the difficult issue of how to distinguish non normalizing practices of the self from normalizing ones and makes suggestions about how feminists might conceive of subjects as embodied and enmeshed in power relations yet also capable of self transformation The subject of normalization and its relationship to sex gender is a major one in feminist theory Heyes book is unique in her masterful use of Foucault its clarity and its sophisticated mix of the theoretical and the anecdotal It will appeal to feminist philosophers and theorists

Everything Women of Color Should Know About Cosmetic Surgery Jan R. Adams,2000-12-16 Dr Jan R Adams has over sixteen years of training in aesthetic surgery from some of America s finest institutions and performs hundreds of cosmetic surgery procedures a year He felt compelled to write a book that would address the concerns of women of color after hearing numerous complaints from frustrated women unable to find any book in the marketplace that held vital information for their specific cosmetic surgery questions Although there are dozens of plastic surgery books on the shelves today not one of them is specifically tailored to address the concerns facing women of color In fact there is virtually no place these women can turn to get information about their particular aesthetic problems They age differently from Caucasian women and have unique skin problems such as scarring hyperpigmentation and blotchy skin Dr Adams will help take the anxiety out of cosmetic surgery by providing detailed information in a reader friendly format that will calm any anxieties and arm consumers with useful information He will address such issues as Choosing the right aesthetic surgeon for you When selecting a doctor it is important to make sure your surgeon has the knowledge and expertise to treat your specific concerns

What to expect before surgery the various pre operative visits and tests what medications to avoid What to expect post operatively a reassuring guide to the many stages your mind and body will pass through the weeks after surgery Dr Adams will also include actual cases of women who sought various procedures and the choices he offered them He will also provide chapters detailing the majority of procedures sought by women of a specific age Women in twenties are usually interested in rhinoplasty breast reduction and breast augmentation The thirties are an interesting time and women are usually looking to rejuvenate their figures after childbirth They are usually the biggest candidates for abdominoplasty tummy tuck liposuction and mastopexy breast lift The forties are an age where many women will see the first signs of facial aging Procedures discussed in this chapter include browlifts and eyelid surgery The Fifties are typically the period where women elect to have facelifts and the Sixties are traditionally a time of touch ups where it is recommended to get small procedures done when appropriate in order to avoid that tight masked look pard This book celebrates the beauty and diversity of women of color It will help you look and feel your best and can serve as a blueprint for being healthy vital and youthful at any age Book Review Index ,2003 Vols 8 10 of the 1965 1984 master cumulation constitute a title index *Is Lighter Better?* Joanne L.
