Against Ambience and Other Essays Seth Kim-Cohen, 2016-03-10 Against Ambience diagnoses in order to cure the art world's recent turn toward ambience Over the course of three short months June to September 2013 the four most prestigious museums in New York indulged the ambience of sound and light James Turrell at the Guggenheim Soundings at MoMA Robert Irwin at the Whitney and Janet Cardiff at the Met In addition two notable shows at smaller galleries indicate that this is not simply a major donor movement Collectively these shows constitute a proposal about what we wanted from art in 2013 While we're in the soft embrace of light the NSA

and Facebook are still collecting our data the money in our bank accounts is still being used to fund who knows what without our knowledge or consent the government we elected is still imprisoning and targeting people with whom we have no beef We deserve an art that is the equal of our information age Not one that parrots the age s self assertions or modes of dissemination but an art that is hyper aware vigilant active engaged and informed We are now one hundred years clear of Duchamp s first readymades So why should we find ourselves so thoroughly in thrall to ambience Against Ambience argues for an art that acknowledges its own methods and intentions its own position in the structures of cultural power and persuasion Rather than the warm glow of light or the soothing wash of sound Against Ambience proposes an art that cracks the surface of our prevailing patterns of encounter initiating productive disruptions and deconstructions

Living Your Magic Robert Anthony,2019-09-03 Living Your Magic lays out how life when people really look at it is like a magic trick A magic trick works because of illusion and misdirection And with all sorts of tricks of the mind human thinking and perception works just like a magic trick When people don t understand how the trick is done they get fooled every time In Living Your Magic Dr Robert Anthony teaches readers how to look at their life before the trick or the illusions happens and how to never be fooled again Rather than following the same flawed premise behind almost every self help therapeutic or personal development methodology that projects people having a separate self that needs fixing Living Your Magic sees that self as an illusion The problem is that most people don t recognize it as an illusion and believe they must change or improve their self before they can be happy and live a magical life Dr Anthony reveals that everyone has an Inner Creative Genius that allows them to live a magical life if people would only learn to trust it and get out of their own way In that way life becomes easier by giving people less to think about less to remember and less to do so they
