Everything Has A Price:

Eye for an Eye William Ian Miller, 2005-12-19 This book is a historical and philosophical meditation on paying back and buying back that is it is about retaliation and redemption It takes the law of the talion eye for an eye tooth for a tooth seriously In its biblical formulation that law states the value of my eye in terms of your eye the value of your teeth in terms of my teeth Eyes and teeth become units of valuation But the talion doesn't stop there It seems to demand that eyes teeth and lives are also to provide the means of payment Bodies and body parts it seems have a just claim to being not just money but the first and precisest of money substances In its highly original way the book offers a theory of justice not an airy theory though It is about getting even in a toughminded unsentimental but respectful way And finds that much of what we take to be justice honor and respect for persons requires at its core measuring and measuring up

Peace Has a Price Roy Paul Shields, 2018-08-30 Peace Has a Price By Roy Paul Shields Paul and Kim had found peace and solitude in Freedom Village a picturesque safe haven from the world's turmoil But nothing could keep Paul from the realities of the world including the danger of North Korea and the real possibility of World War III The threat of North Korea wasn't just America's problem it was the world's problem Finding a solution to this growing threat was on the front of Paul's and other members of America's military and political elite's minds A request by Sharon Powers to accompany her to Switzerland where the world's leaders would decide how to handle North Korea and protect the world from devastation left Paul feeling hesitant and skeptical of the outcome Nevertheless Paul accepted the invitation and after a world summit a full scale military mission was swiftly underway But soon it became clear that chaos throughout the world was ensuing and North Korea was just one small player in what would turn out to be a world on fire Can the world's leaders come together and create the peaceful world that seems so out of reach

solutions and tools generally offered to policymakers on environmental issues such as carbon pricing and environmental taxation most often emanate from neoclassical economists This book shows that the tools of these economists are ineffective for the job and must be replaced by methods from the sphere of ecological accounting The work has four main themes First the book provides a presentation and criticism of the tools traditionally proposed by neoclassical economists Adopting a historical perspective this section shows how these tools have evolved over time and explores some of the theoretical criticisms which have been leveled at them Second the book shows how mainstream economists have moved away from more pragmatic and efficient solutions because of their ignorance of the realities of management in particular corporate accounting and their ideologically driven desire to avoid attacking the capitalist model Third a toolkit of anti capitalist ecological accounting is outlined showcasing the distinct advantages of this approach for the environmental crises And finally the book considers the concrete possibilities of a rapid application of these new tools to combat the immediate threats we are facing The book will interest all readers who want to understand how anti capitalist ecological accounting can contribute to cooling and saving the planet in particular readers in ecological economics and accounting Voyage of the Banshees H J Turner,2021-11-29 THE TIGRESS OF THE CHROMA SEA HAS KILLED MY SON I WILL KILL HER On the drab island of Robberts Town Dea has lived an uneventful colonial life for twenty years But after an attack by a notorious pirate and its devastating consequences Dea takes what is left of her life into her own hands and vows revenge Guided by seemingly clairvoyant dreams Dea ventures into the seas alongside a crew of fierce seawomen and their leader the enigmatic Quartz Her want for revenge will see them all pushed to their limits taking them to one of the most dangerous and dark places the Chroma Sea has to offer the insidious Isle of Eyes and lay bare for Dea the inadequacies of her life even before its recent tragedy Introspective and bloody Voyage of the Banshees is Killing Eve meets Treasure Island and Annihilation in a terrifying high seas tale that explores the price of revenge the twisting perceptions of ourselves and others and the meaning of truly living **Christian Ethics of Creation** Michael Rosenberger,2022-11-04 Wenn die gewaltigen kologischen Herausforderungen der Gegenwart bew ltigt werden sollen braucht es klare ethische Orientierungen und tiefe Quellen innerer Kraft Der Autor reflektiert die Potenziale der christlichen Tradition f r eine Ethik und Spiritualit t der Sch pfung Daf r greift er auf biblische und liturgische Impulse ebenso zur ck wie auf die Enzyklika Laudato si von Papst Franziskus und setzt sie mit naturwissenschaftlichen soziologischen und konomischen berlegungen in Beziehung Auf dieser Grundlage entwickelt es eine Handlungs und Hoffnungsperspektive die durch Schwierigkeiten und Entt uschungen hindurch tragf hig ist *Rich Dad's Guide to Becoming Rich...Without Cutting Up Your Credit Cards* Robert T.
