Edward Dudowicz

Everythings A Racket:

Everything's a Racket Ned Beaumont, 2001 This book tells us clearly just what rackets are and why human nature seems to make them both omnipresent and inevitable At the root of these exposed rackets lies the theory of rackets rackets being the schemes by which the lazy and the incompetent seek to gain something for nothing Ned Beaumont targets the government but only in relation to the banks and the money system big time sports computer culture and big media His ammunition consists of a broad range of examples drawn from history literature and the daily news but his real aim is directed toward the reader's mind Using humor Ned wants us to see through the self importance of the racketeers and the silliness of their schemes for ourselves

Visionary Douglas Milewski, 2020-09-06 In the Age of Jazz Jack is a failed wizard With the Great War lost the Free States of America wander as lost as Jack himself Who needs magic in the industrial age Wizards are only scapegoats for those who ruined the empire portrayed as villains of the people Better to stay obscure Better to play smart Better to just be another bird on the street But the time for a new magic isn't later it's now and Jack's the only man brilliant enough to solve the problem But Jack's power has always been blind and if he's to bring the vision of a new age then somehow he must open his mystic eye

Everything? Edward Dudowicz,1976 *The Comfort of Things* Daniel Miller,2013-04-24 What do we know about ordinary people in our towns and cities about what really matters to them and how they organize their lives today This book visits an ordinary street and looks into thirty households It reveals the aspirations and frustrations the tragedies and accomplishments that are played out behind the doors It focuses on the things that matter to these people which quite often turn out to be material things their house the dog their music the Christmas decorations These are the means by which they express who they have become and relationships to objects turn out to be central to their relationships with other people children lovers brothers and friends If this is a typical street in a modern city like London then what kind of society is this It s not a community nor a neighbourhood nor is it a collection of isolated individuals It isn t dominated by the family We assume that social life is corrupted by materialism made superficial and individualistic by a surfeit of consumer goods but this is

misleading If the street isn't any of these things then what is it This brilliant and revealing portrayal of a street in modern London written by one of the most prominent anthropologists shows how much is to be gained when we stop lamenting what we think we used to be and focus instead on what we are now becoming It reveals the forms by which ordinary people make sense of their lives and the ways in which objects become our companions in the daily struggle to make life meaningful
