So it's no surprise that in these stressful times, we've turned to skincare not only for hygienic purposes but as a form of self-care and belonging. However, with more products on the market than ever, the beauty industry can sometimes feel a bit overwhelming and confusing. Do I need a toner? Is it best to use organic products? Should I try Gwyneth's bee sting therapy? Every Woman's Guide to Healthy Glowing Skin answers your burning questions and delves into the specifics of all these new treatments and trends in a way that feels informative and fun. This practical guide makes the material easily understandable for everyone, from ultimate multi-step skin gurus to someone venturing out for their first facial. In Chapter 1, you'll start off learning the essentials: think product layering and do I really need that vitamin C serum? While later on, you'll explore special occasion procedures, body creams, and SPF. Plus, you'll learn how to read product labels like an expert and which classics are here to stay: say hello to your grandma's favorite cold cream.
