Eves Proud Descendants Four Women Writers And Republican Politics In Nineteenth Century France

Wendelin Guentner

Eves Proud Descendants Four Women Writers And Republican Politics In Nineteenth Century France:

Eve's Proud Descendants Whitney Walton,2000 In post revolutionary France where they lacked political rights and were subject to an exclusively masculine republicanism George Sand Maria d Agoult Hortense Allart and Delphine Gay de Girardin wrote women into politics and republicanism by articulating a model of womanhood between the poles of feminist equality and republican motherhood Furthermore continues Walton history Purdue U the four acquaintances rewrote the republican script regarding family relations positing egalitarian alternatives to the patriarchal family *Women Art Critics in Nineteenth-Century France* Wendelin Guentner,2013-03-14 Over the past years studies have begun not only to identify the factors that impeded the full participation of women artists in French cultural life such as women s limited access to professional art education but also to bring to light the considerable artistic accomplishments of women occluded by historians for over a century A similar effort at historical revision has been under way for French women writers Works of fiction that enjoyed many editions in the nineteenth century receded from our field of vision for almost a century before being rediscovered and reissued during the last decades of the twentieth century Such efforts have resulted in scholarship that has helped revise the history of both artistic and literary expression in nineteenth century France Similarly many women in nineteenth century France had their art criticism published both in journal reviews and in book form often for decades in a number of the most influential venues of their day However it is perplexing that they remain almost totally invisible in histories of French culture *Women Art Critics in Nineteenth Century France* Vanishing Acts is the first sustained effort to bring these prolific and influential critics out from the shadows Although each of the chapters in this volume results from an interdisciplinary approach the fact that they are written by scholars in art history and in literature means that there will be inevitable differences in approach and methodology Thus we study the women s reception of specific artworks and aesthetic movements discuss intersections of aesthetics and politics in their essays and the literary styles and rhetorical strategies of individual critics explore the social conditions that allowed or impeded their successes and suggest reasons for their all but disappearance in the twentieth century In bringing to light for twenty first century readers the vanished writings of heretofore unrecognized or underrecognized women art critics the authors hope to contribute to the ongoing revision of women s role in cultural history The multifaceted approaches to word image studies modeled in this book and the many avenues for further research it identifies will inspire scholars in a number of disciplines to continue the work of reinscribing women in the history of cultural life *Women and Achievement in Nineteenth-Century Europe* Linda L. Clark,2008-04-17 A history of European women s professional activities and organizational roles between 1789 and 1914 **Women and Work in Eighteenth-Century France** Daryl M. Hafter,Nina Kushner,2015-01-12 In the eighteenth century French women were active in a wide range of employments from printmaking to running whole sale businesses although social and legal structures frequently limited their capacity to work independently The contributors to *Women and Work in Eighteenth*

Century France reveal how women at all levels of society negotiated these structures with determination and ingenuity in order to provide for themselves and their families Recent historiography on women and work in eighteenth century France has focused on the model of the family economy in which women s work existed as part of the communal effort to keep the family afloat usually in support of the patriarch s occupation The ten essays in this volume offer case studies that complicate the conventional model wives of ship captains managed family businesses in their husbands extended absences high end prostitutes managed their own households female weavers tailors and merchants increasingly appeared on eighteenth century tax rolls and guild membership lists and female members of the nobility possessed and wielded the same legal power as their male counterparts Examining female workers within and outside of the context of family Women and Work in Eighteenth Century France challenges current scholarly assumptions about gender and labor This stimulating and important collection of essays broadens our understanding of the diversity vitality and crucial importance of women s work in the eighteenth century economy

The Letter in Flora Tristan's Politics, 1835-1844 Máire Fedelma Cross,2004-04-19 This innovative study analyzes Flora Tristan s correspondence with militant republicans socialists and democrats active in the July Monarchy It examines the role of the letter in fostering links at a time of a significant growth of literacy and search for citizenship by the disenfranchised Combining a gendered analysis of socialist movements with a textual analysis of letters it illustrates the vitality of political tensions in Tristan s communications and the sophistication of political networks on the eve of the 1848 revolution

Daughters of Eve Lenard R. Berlanstein,2009-07-01 This pathbreaking study delineates the distinctive place of actresses dancers and singers within the French erotic and political imaginations Berlanstein argues that the public image of actresses was shaped by the political climate and ruling ideology thus they were deified in one era and damned in the next

The Family on Trial in Revolutionary France Suzanne Desan,2006-06-19 Annotation A sophisticated and groundbreaking book on what women actually did and what actually happened to them during the French Revolution

A Frenchwoman's Imperial Story Rebecca Rogers,2013-01-16 Eug nie Luce was a French schoolteacher who fled her husband and abandoned her family migrating to Algeria in the early 1830s By the mid 1840s she had become a major figure in debates around educational policies insisting that women were a critical dimension of the French effort to effect a fusion of the races To aid this fusion she founded the first French school for Muslim girls in Algiers in 1845 which thrived until authorities cut off her funding in 1861 At this point she switched from teaching spelling grammar and sewing to embroidery an endeavor that attracted the attention of prominent British feminists and gave her school a celebrated reputation for generations The portrait of this remarkable woman reveals the role of women and girls in the imperial projects of the time and sheds light on why they have disappeared from the historical record since then

Women and Political Activism in France, 1848-1852 Laura S. Schor,2022-12-06 This book is organized around the personal struggles of ten extraordinary French women activists Eugenie Niboyet Eugenie Foa Suzanne Voilquin Josephine Bachellery Pauline Roland

Jeanne Deroin Elisa Lemonnier Desiree Gay Adele Esquiros and Marie Noemie Constant Ranging in age from 52 to 20 in 1848 coming from different economic backgrounds these women share a common quest to be included in the economic and political rights won by the revolt against the July Monarchy Banding together in the face of exclusion from the right to work guaranteed to all men in February 1848 they write petitions to the Provisional Government and create the first daily feminist newspaper La Voix des femmes The newspaper is a forum for their demands midwives who demand to be paid as civil servants domestic workers who demand support while unemployed teachers who demand opportunities for higher education and for higher wages The right to vote and the right to divorce are debated in the newspaper Seeking to widen their support Niboyet and her cohort launch a political club Le Club de femmes which is ridiculed in the satiric press The women activists of 1848 do not withdraw from the public sphere They form workers associations Deroin and Roland are imprisoned for their activism All continue to work for women s rights as teachers writers and artists The women of 1848 inspire successive generations of women to continue their struggle

Women Readers in French Painting 1870-1890 Kathryn Brown, 2017-07-05 The first monograph to examine the depiction of reading women in French art of the early Third Republic Women Readers in French Painting 1870-1890 evaluates the pictorial significance of this imagery its critical reception and its impact on notions of femininity and social relations Covering a broad range of paintings prints and sculptures this book shows how the *liseuse* was subjected to unprecedented levels of pictorial innovation by artists with widely differing aesthetic aims and styles Depictions of readers are interpreted as contributions to changing notions of public and private life female agency and women s participation in cultural and political debates beyond the domestic household This highly original book explores images of women readers from a range of social classes in both urban and rural settings Such images are shown to have articulated concerns about the impact of female literacy on labour environments and family life while in many cases challenging conventions of gendered reading Kathryn Brown also presents an alternative way of conceiving of modernity in relation to nineteenth century art a methodological departure from much recent art historical literature Artists discussed range from Manet Cassatt and Degas to less familiar figures such as Lavieille Carri Toulmouche and Tissot

Gender and Politics in the Age of Letter-Writing, 1750-2000 Máire Cross, 2017-05-15 Letters have long been an outlet for political expression whether they articulate the personal politics of the daily routine or the political views of individuals who witness or participate in dramatic events In addition letters can be unusually revealing records of the relations between men and women Though letters have frequently been studied as a privileged space for literary social and cultural expression the three dimensional relationship of politics gender and letters has not been the focus of an entire volume The nineteen essays in this collection examine how the gendered nature of political literacy is revealed over a 250 year period through letter writing whether the writer is famous or unknown the wife of a prominent politician or activist a political prisoner or political militant Ranging wide in terms of subject matter and geography the contributors examine correspondence that ponders familial

concerns as well as letters providing political commentary on the effects of war or revolution on everyday life Among the impressive group of international scholars are Jim Allen Clare Brant Edith Gelles Jane Rendall and Si n Reynolds **Women Readers in French Painting 1870-1890** Kathryn J. Brown,2012 The first monograph to examine the depiction of reading women in French art of the early Third Republic *Women Readers in French Painting 1870 1890* evaluates the pictorial significance of this imagery its critical reception and its impact on nineteenth century notions of femininity and social relations Artists discussed in the volume range from Manet Cassatt and Degas to less familiar figures such as Lavielle Carri re Toulmouche and Tissot *Auguste Comte: Volume 2* Mary Pickering,1993 This volume explores the life and works of Auguste Comte during the last and most controversial part of his career the period from 1842 to 1857 **Writers and Revolution** Jonathan Beecher,2021-04-01 The revolution of 1848 has been described as the revolution of the intellectuals In France the revolution galvanised the energies of major romantic writers and intellectuals This book follows nine writers through the revolution of 1848 and its aftermath Alphonse de Lamartine George Sand Marie d Agoult Victor Hugo Alexis de Tocqueville Pierre Joseph Proudhon Alexander Herzen Karl Marx and Gustave Flaubert Conveying a sense of the experience of 1848 as these writers lived it this fresh and engaging study captures the sense of possibility at a time when it was not yet clear that the Second French Republic had no future By looking closely at key texts in which each writer attempted to understand judge criticise or intervene in the revolution Jonathan Beecher shows how each endeavoured to answer the question posed explicitly by Tocqueville Why within the space of two generations did democratic revolutions twice culminate in the dictatorship of a Napoleon **French Women Poets of Nine Centuries** Norman R. Shapiro,2008-09-22 Original texts and translations are presented on facing pages allowing readers to appreciate the vigor and variety of the French and the fidelity of the English versions Divided into three chronological sections spanning the Middle Ages through the sixteenth century the seventeenth and eighteenth centuries and the nineteenth and twentieth centuries the volume includes introductory essays by noted scholars of each era s poetry along with biographical sketches and bibliographical references for each poet **BOOK JACKET The Oxford Encyclopedia of Women in World History** Bonnie G. Smith,2008 The Encyclopedia of Women in World History captures the experiences of women throughout world history in a comprehensive 4 volume work Although there has been extensive research on women in history by region no text or reference work has comprehensively covered the role women have played throughout world history The past thirty years have seen an explosion of research and effort to present the experiences and contributions of women not only in the Western world but across the globe Historians have investigated womens daily lives in virtually every region and have researched the leadership roles women have filled across time and region They have found and demonstrated that there is virtually no historical social or demographic change in which women have not been involved and by which their lives have not been affected The Oxford Encyclopedia of Women in World History benefits greatly from these efforts and experiences and illuminates how women

worldwide have influenced and been influenced by these historical social and demographic changes The Encyclopedia contains over 1 250 signed articles arranged in an A Z format for ease of use The entries cover six main areas biographies geography and history comparative culture and society including adoption abortion performing arts organizations and movements such as the Egyptian Uprising and the Paris Commune womens and gender studies and topics in world history that include slave trade globalization and disease With its rich and insightful entries by leading scholars and experts this reference work is sure to be a valued go to resource for scholars college and high school students and general readers alike

Romantic Catholics Carol E. Harrison,2014-02-05 In this well written and imaginatively structured book Carol E Harrison brings to life a cohort of nineteenth century French men and women who argued that a reformed Catholicism could reconcile the divisions in French culture and society that were the legacy of revolution and empire They include most prominently Charles de Montalembert Pauline Craven Am lie and Fr d ric Ozanam L opoldine Hugo Maurice de Gu rin and Victorine Monriot The men and women whose stories appear in *Romantic Catholics* were bound together by filial love friendship and in some cases marriage Harrison draws on their diaries letters and published works to construct a portrait of a generation linked by a determination to live their faith in a modern world Rejecting both the atomizing force of revolutionary liberalism and the increasing intransigence of the church hierarchy the romantic Catholics advocated a middle way in which a revitalized Catholic faith and liberty formed the basis for modern society Harrison traces the history of nineteenth century France and in parallel the life course of these individuals as they grow up learn independence and take on the responsibilities and disappointments of adulthood Although the shared goals of the romantic Catholics were never realized in French politics and culture Harrison s work offers a significant corrective to the traditional understanding of the opposition between religion and the secular republican tradition in France

Ingres and the Studio Sarah E. Betzer,2012 An exploration of the portrait art of Jean Auguste Dominique Ingres focusing on his studio practice and his training of students [The Life & Legacy of Baroness Betty de Rothschild](#) Laura S. Schor,2006 Betty Rothschild grew up in Frankfurt nurtured in Jewish tradition and tutored in French music and drawing At nineteen she married her uncle James and moved to Paris where she presided over a salon famous for its opulence and the brilliance of its guests Betty was a friend of Queen Marie Amelie the pupil of Chopin and was painted by Ingres She prepared her five children to assume leading roles in French society while simultaneously serving the Jewish community She devoted her vast energy to philanthropic activities with a particular emphasis on the needs of young Jewish women

Crossing the Atlantic Thomas Adam,Nils H. Roemer,2011-04-19 travel as an exploration of the other which becomes an exploration of the self a confirmation of identity from the Introduction by Frank Trommler In an age when travel was more difficult but leisure was more available those who journeyed across the Atlantic from the Old World to America or back created a wonderful literature about the divergent cultures and the fertile interactions among them In travel diaries journals novels journalistic reports and guide books nineteenth and early twentieth

century writers recorded impressions and ruminations that not only offer opportunities for comparison and contrast but also shed light on the processes of modernization and the future that would emerge on both sides of the Atlantic This latest offering from the important Walter Prescott Webb Memorial Lectures series explores themes like urbanization modernization education gender Jewish identity nationalism and internationalism political and cultural values and the experience of travel itself Volume editors Thomas Adam and Nils Roemer have assembled a collection of varied studies that permit enlightened reflection on the ways in which travelers from the New and Old Worlds have observed documented understood and negotiated their similarities and differences The freshness and variety of the previously little heard voices documented in Crossing the Atlantic will serve as an important reminder that an attentive interaction with foreignness has been and will continue to be one of the best paths to a more enlightened engagement with the familiar
