literary figures are not good subjects for biography because they are not men and women of action That literary biography is a kind of strip mining a pathography laying bare the subject s life to no good purpose is another canard this book demolishes The pieces here also expose the genre's weak points a proclivity for overstatement and excessive length the failure of biographers to build upon their predecessors work Rollyson invents a term biographology in order to discuss the biographical A Dictionary of Writers and their Works Christopher Riches, Michael Cox, 2015-01-29 Over 3 200 entries An essential guide to authors and their works that focuses on the general canon of British literature from the fifteenth century to the present There is also some coverage of non fiction such as biographies memoirs and science as well as inclusion of major American and Commonwealth writers This online exclusive new edition adds 60 000 new words including over 50 new entries dealing with authors who have risen to prominence in the last five years as well as fully updating the entries that currently exist Each entry provides details of a writer's nationality and birth death dates followed by a listing of their titles arranged chronologically by date of publication **Vocation and Identity in the Fiction of Muriel Spark** Rodney Stenning Edgecombe, 1990 Selecting novels representative of distinct phases in Muriel Spark's career Rodney Stenning Edgecombe explores their themes style and structure in a detailed way for the first time Edgecombe s approach brings to life the delicate nuances rich allusions and complicated ironies of Spark's fiction His careful reading of the novels makes this a penetrating assessment of an important writer Publishers website **Criminal Law and the Modernist Novel Rex** Ferguson, 2013-07-08 The realist novel and the modern criminal trial both came to fruition in the nineteenth century Each places a premium on the author's or trial lawyer's ability to reconstruct reality reflecting modernity s preoccupation with firsthand experience as the basis of epistemological authority But by the early twentieth century experience had as Walter Benjamin put it fallen in value The modernist novel and the criminal trial of the period began taking cues from a kind of nonexperience one that nullifies identity subverts repetition and supplants presence with absence Rex Ferguson examines how such nonexperience colours the overlapping relationship between law and literary modernism Chapters on E M Forster s A Passage to India Ford Madox Ford s The Good Soldier and Marcel Proust s In Search of Lost Time detail the development of a uniquely modern subjectivity offering new critical insight to scholars and students of twentieth century literature cultural studies and the history of law and philosophy The Book of Murdock Loren D. Estleman, 2010-03-30 Page Murdock has been many things in his day a cowhand a saloonkeeper a Comanche slave and lately a deputy U S marshal But the one thing the mean faced middle aged gunman never expected to be was a man of the cloth Funny how things work out sometimes Posing as Brother Bernard Sebastian of the Church of Evangelical Truth Murdock dons a clerical collar to worm his way into the good graces and confidences of the wary residents of Owen Texas Seems a gang of ruthless bandits is terrorizing the Texas panhandle and all evidence points to the dusty cattle town as their base of operations Murdock aims to unmask the gang provided he can pass himself off as a preacher long enough to stay alive Imitating a minister troubles his

conscience almost driving him to the Good Book for comfort and his prickly assignment grows even more complicated when he crosses paths with a shady lady from his past With one hand on the Bible and the other on his revolver Murdock navigates shoot outs and Sunday sermons He might not be well versed in the Gospels but one thing he knows for certain avenging angels don't get halos The Book of Murdock is an outstanding Western adventure by Page Murdock's celebrated creator Loren D Estleman At the Publisher's request this title is being sold without Digital Rights Management Software DRM American Biography Carl Rollyson, 2006-02-22 This collection of reviews selected from Rollyson's New York Sun column is as much about the romance of biography as it is about the American lives Certain concerns resonate throughout the book the American left's failure to reckon with Communist subversion McCarthyism and Stalinism the problematic nature of authorized biography the history of American biography definitive biographies literary biography the differences between autobiography and biography the importance of interviews in biographies of contemporary figures the differences between history and biography comparative biographies the virtues of short biographies and of biographies for children the tendency of biographers to fictionalize and of novelists to biographize psychology and biography Rollyson s own experience as a biographer and the way biographers treat one another s work Too many biographers he believes evince no interest in the biographical tradition Concerned only with possession of their subjects their proprietorial attitude deforms not only their biographies but also the genre itself If biography is reviewed badly receiving hardly more than a summary of the subject s life with a perfunctory nod to the biographer it is because the biographical tradition has been disregarded or discounted This book in other words has been written on the behalf of biography a genre that still awaits a full vindication Religious **Experience and the Modernist Novel** Pericles Lewis, 2010-01-07 Considers the development of modernism in the novel in relation to changing attitudes to religion Chronicle of the Pulitzer Prizes for Fiction Heinz-D.
