Evil Town:

The Rimers of Eldritch Lanford Wilson, 1967 Mr Wilson handles the collage technique so beautifully that we leave convinced no other method would have served half so well This reviewer liked Rimers for its fluidity for its language for its almost musical sense of pattern The New York Times The mystery is who he is who murdered him and what were the circumstances And to solve it Wilson looks at the outsides and insides of his tiny Middle Western town He looks at a middle aging woman who falls in love with the young man who comes to work in her caf He looks at a coarse nasty woman mistreating her senile mother who is obsessed with visions of Eldritch being evil and headed for blood spilling He looks at a tender relationship between a young man a dreamy crippled girl But Wilson sees far more than this He is grasping the very fabric of Bible Belt America with its catchword morality virgin God fearing and its capability for the vicious He senses the rhythm of its life and the cruelty it can impose He understands the speech patterns of its loveless gossips its sex hungry boys its compassionless preachers its car conscious blondes In the end his portrait of Eldritch is full length and the truth of its revelations will be pondered long after the stage lights have dimmed and the play has ended *Stray Bullets #39* David Lapham, 2005-09-01 Hatukaraki The legendary noir series returns Includes letter from the creator and samurai sketch

Correctly Translated William Harwood, 2017-07-21 There has long been a need for a translation of the Judaeo Christian Bible that did not deliberately mistranslate certain words and sentences for the purpose of concealing that the biblical authors beliefs were quite different from those of modern Jews Christians and Muslims For example The LORD is a falsification of the proper name Yahweh a god like Zeus or Jupiter But the most blatant fraud has been the rendering of the Hebrew word allahiym as the male proper name God Allahiym is neither a proper name nor singular nor unisexual Al means a god The suffix ah is a feminine singular inflection so that allah means goddess The suffix iym is a masculine plural inflection making allahiym a dual sex generic plural male and female gods or in the common gender gods This translation corrects such falsifications For extra copies contact www.worldaudience.org **The Dynasty of Chernigov, 1146-1246** Martin Dimnik, 2003-06-12 Historians in pre revolutionary Russia in the Soviet Union in contemporary Russia and in the West have consistently relegated the medieval dynasty of Chernigov to a place of minor importance in Kievan Rus This view was reinforced by the evidence that after the Mongols invaded Rus in 1237 the two branches from the House of Monomakh living

in the Rostov Suzdal and Galicia Volyn regions emerged as the most powerful However careful examination of the chronicle accounts reporting the dynasty s history during the second half of the twelfth and the first half of the thirteenth century shows that the Ol govichi of Chernigov successfully challenged the Monomashichi for supremacy in Rus Through a critical analysis of the available primary sources such as chronicles archaeology coins seals graffiti in churches and architecture this 2003 book attempts correct the pervading erroneous view by allocating to the Ol govichi their rightful place in the dynastic hierarchy of Kievan Rus *Wings of a Poetic Mind* Cathy Young,2009-12-03 Wings of A Poetic Mind By Cathy Young How beautiful and erythematic your thoughtful mind Isnt that the expressions of most poetic minds With wings to carry you as far as you could go You are sure to land on heavens golden fl oor Th ese wings carries poetry from thrones above Imprinted impressions of poetry with fascinating love Th e winged mind as poetic as could be With Gods artistic gifts and talents descended on me With wings I can soar to heights and depths unknown Poetic wings can take one to dimensions of Kings and Queens thrones Wings of a poetic mind **Links** William A.
