Evolution Or Chaos Dynamics Of Latin Am:

The Continuing Struggle For Democracy In Latin America Howard J. Wiarda, 2019-06-18 This integrated collection of original essays evaluates and assesses whether democracy is viable in Latin America and if so how and in what form The authors examine the significance for both Latin America and the United States of the dominance of authoritarian political systems in most Latin American countries explore the implications of asse **Latin America, a Selected Functional and Country Bibliography: The Latin American area** ,1968 *Latin America: Hemispheric Partner* United States.

Martí, Nicolás Rubido, 2019-09-18 This book contains various works presented at the Dynamics Days Latin America and the Caribbean DDays LAC 2018 Since its beginnings a key goal of the DDays LAC has been to promote cross fertilization of ideas from different areas within nonlinear dynamics On this occasion the contributions range from experimental to theoretical research including but not limited to chaos control theory synchronization statistical physics stochastic processes complex systems and networks nonlinear time series analysis computational methods fluid dynamics nonlinear waves pattern formation population dynamics ecological modeling neural dynamics and systems biology The interested reader will find this book to be a useful reference in identifying ground breaking problems in Physics Mathematics Engineering and Interdisciplinary Sciences with innovative models and methods that provide insightful solutions This book is a must read for anyone looking for new developments of Applied Mathematics and Physics in connection with complex systems synchronization neural dynamics fluid dynamics ecological networks and epidemics Between Tyranny and Anarchy Paul W. Drake, 2009-02-27 Between Tyranny and Anarchy provides a unique comprehensive history and interpretation of efforts to establish democracies over two centuries in the major Latin American countries Drake takes an unusual interdisciplinary approach combining history and political science with an emphasis on political institutions He argues that without a thorough examination of the historical roots and causes of Latin American democracy most general theories can not adequately explain its failures successes and forms Latin America offers an extraordinary laboratory for the study of democratic experiments Alongside a well deserved reputation for authoritarianism it boasts one of the world s deepest richest histories of democratic movements ideas and institutions Contrary to conventional wisdom the region s leading democracies did not lag very far behind the United States and Western Europe in making numerous advances In comparison with those countries though Latin America s democratic history has been distinctive because of its fundamental dilemma how to reconcile political systems theoretically committed to legal equality with societies divided by extreme socio economic inequalities Parties, Elections, and Political Participation in Latin America Jorge I Dominguez, 2014-02-04 First Published in 1994 This is Volume five of seven of a collection of essays that gathers together scholarly debates from the 1950s to the 1990s on Mexico Central

and South America This text looks at topics such as government parties in Latin America the Mexican elections of 1958 political campaigning the scope of the Chilean Party systems the case of Peronism and electoral change amongst others
