Ew Kenyon And His Message Of Faith:

E.W. Kenyon and His Message of Faith Joe McIntyre, 1997 *Blessed* Kate Bowler, 2013-05-08 Kate Bowler's *Blessed* represents the first attempt to examine the twentieth century American prosperity gospel movement as a whole seeking to introduce readers to its major figures and features including its continuing pursuit of divine wealth as believers look to their bank accounts for proof of their spiritual progress and divine health as believers use their bodies as barometers of faith

Bold Faith Ben Pugh, 2017-03-09 Bill Johnson Joyce Meyer Heidi Baker The fame of these names is evidence enough that though the controversies are less intense the Charismatic Movement is alive and well today It continues to attract thousands of adherents who find its vision of a supernatural lifestyle uniquely compelling Now for the first time all that is most theologically innovative about the movement is synthesized into five distinct and original ideas These five brand new theologies have been created not by theologians but by practitioners who believed their concepts were inspired by the Spirit Inner Healing Shepherding Word of Faith Spiritual Warfare and Signs and Wonders Plenty of studies have been written by Pentecostal scholars about Pentecostal theology but these tend to group the very distinct approaches of Charismatics together with Classical Pentecostals **Bold Faith** aims to analyze and evaluate the ways in which practitioners within independent Charismatic networks especially in their Anglo American expressions have responded to the challenges of secular modernity *Prosperity Gospel?* Christopher Anthony, 2025-08-21 This book offers a fresh and challenging analysis of the prosperity gospel by providing both a historical examination of its six theological features and a theological analysis of their interconnected roles Uncovering new sources the author presents a constructive theology of the Word of Faith movement offering a deeper and more precise understanding of its development and function Combining historical and theological methodologies this work makes a significant contribution to the field shedding light on previously unexplored historical roots of Word of Faith theology and revealing their profound theological implications This title is a valuable resource for scholars and practitioners alike especially those interested in the world of Faith theology and its impact on contemporary religious thought **The Worldview of the Word of Faith Movement: Eden Redeemed** Mikael

Stenhammar, 2021-12-16 This volume approaches the Word of Faith as a worldview and analyses the movement through N T Wright's model for worldview analysis in order to provide necessary nuance and complexity to scholarly interpretations of the Word of Faith The reader receives insights into the movement's narrative semiotic practical and propositional dimensions which cumulatively offer a multifaceted understanding of how the Word of Faith interprets reality and engages with the world The analysis shows that there is a narrative core to Word of Faith beliefs in the form of a unique theological story with focus set on the present restoration of Eden's authority and blessings This study demonstrates how the Word of Faith operates as a distinct worldview that parses the world through the lens of faith's causative power to affect a direct correspondence between present reality and Eden's perfection The findings advance a critical and therapeutic approach that

acknowledges how the worldview both strengthens and subverts Pentecostalism **Post-Charismatic** Robby McAlpine,2023-08-14 Our weekly Charismatics Anonymous meeting is about to begin Join me will you It s like we re caught between a rock and a hard place We re continuationists We believe all the gifts of the Holy Spirit are alive and well and essential for today But we ve also been burned by unbiblical teachings spiritual abuse and the gaslighting subculture of pneuma fomo fear of missing out on the next great move of the Spirit We yearn for the Spirit s presence and power in our lives We don t want to throw the baby out with the bathwater but the water s teeming with spiteful pathogens It s time to roll up our sleeves and take responsibility for disinfecting the tub Toxic beliefs have produced spiritual casualties among Pentecostals and charismatics for far too long Our Kairos moment has arrived Let s hone the charismata of discernment

Pugh,2015-02-26 With the subject of the atonement of Christ attracting such a lot of polemical work at this time it is easy to conclude that the current debate is generating more heat than light Atonement Theories presents the beginning student pastor or researcher with an accessible and fair treatment of every school of thought on this subject Atonement Theories significantly updates previous histories of the doctrine providing analysis of some fascinating and highly significant recent developments It also intriguingly highlights at various points where aspects of this central message of Christianity might find a connection within contemporary culture It aims to empower the reader to quickly gain a working knowledge of current debates and the history behind them *The 'Spiritual Death' of Jesus* William Atkinson,2009-02-15 Winner of the Award of Excellence of the Foundation for Pentecostal Scholarship 2010 The teaching of Kenyon Hagin and Copeland that Jesus died spiritually JDS is important because of the influence of these men not least on Pentecostalism JDS originated with Kenyon and has been taught in the Word faith movement by Hagin and Copeland despite much criticism It incorporates three

elements in this death Jesus was separated from God partook of a satanic nature and was Satan's prey This theological appraisal takes research far further than previous works both in method and in scope It concludes that adoption of JDS by Pentecostalism would be damaging in several respects and thus draw the latter away from its moorings in traditional Christianity Pentecostals and others are advised to reject the bulk of this teaching **Authority to Heal** Randy Clark, 2017-01-17 The Supernatural Quest to Restore Your Lost Birthright The Bible is filled with divine healing From cover to cover Scripture reveals many miraculous healings where the sick terminally ill and even the dead are restored to wholeness So how did healing something natural for Jesus and the early church become **A Different Gospel** Dan R McConnell, 2011-12-22 The name it claim it theology of the Word Faith Movement is presented as biblical but is it In this compelling book McConnell documents the historical link between faith theology and New Thought metaphysics He then analyzes faith theology's doctrines of healing and prosperity as well as its understanding of the atonement of Christ to show how they deviate from biblical teaching This updated edition features a foreword by Hank Hanegraaff and an afterword by McConnell Softcover from Hendrickson **Words That Move Mountains** E. DeCenso,Bill Johnson,Randy Clark,2011-07-28 The need for power ministry is as strong today as it was when Jesus and the apostles walked the earth The need for demonstrations of God's powerful love exhibited through His church will demolish strongholds of unbelief and relativism as well as tear down cultural barriers that may bring confusion when only the words of the good news are shared but its power is neglected When Jesus and the apostles proclaimed the good news of salvation to people works of power accompanied them Today the entire church needs mentored in how to bring God's word to the world in power This book is a prophetic call to engage the mission of bringing God's radical love to this hurting world through power ministry Thinking in the Spirit Douglas Jacobsen,2003-11-20 This book is about the boisterous beginnings of the American Pentecostal movement and the ideas that defined that movement during those formative years It follows a group of men who rethought the Christian faith in light of their new experience of God Thinking in the Spirit aims to provide scholars and general readers who know little or nothing about Pentecostalism with an introduction to the ideas of the movement's most articulate early spokespersons and to provide Pentecostals with a non judgmental historical source to help them in their theological reflections Douglas Jacobsen focuses on the individuals who formed the original brain trust of this now gigantic religious movement In a 25 year burst of creative energy at the beginning of the 20th century these leaders articulated almost all the basic theological ideas that continue to define the Pentecostal message in the United States and around the world **Two Paradigms for Divine Healing** Pavel Hejzlar,2009-11-23 The doctrine and practice of healing through faith has been a hallmark of Pentecostalism since its inception and helps to account for the widespread appeal of the movement While divine healing as it is called by insiders has brought hope to the sick it has also been a source of disenchantment and controversy The present study offers a close look at the teaching of four major ministers of healing in the twentieth century United States The author distinguishes between the healing evangelists and pastoral ministers of healing who react to them This book discusses in detail the merits of both schools and the author proposes a solution to the problems inherent in the two paradigms under scrutiny **Charisma and Christian Life** ,1999 *Word of Faith* Steven Lyn Evans,2019-08-28 I want to highly recommend Dr Steven Lyn Evans book Word of Faith Exposing the Critics Mythology Dr Douglas J Wingate President and Founder of Life Christian University Florida USA Bishop Steven Evans is clearly the person to write this defense of the Word of Faith I wholeheartedly endorse this book Bishop Tom Brown Word of Life
