The Handbook of Cross-Border Ethnic and Religious Affinities Charity Butcher,2019-04-16 Increasingly ethnic and religious variables are taken into account to explain conflict and relations between nations However ethnic and religious groups exist beyond the confines of frontiers In Africa for example hundreds of ethnic groups were divided by colonial borders and many retained kinship connections to their brethren in other countries thus creating cross border ethnic religious affinity Such cross border connections affect a variety of foreign policy from diplomacy to the use of force An internal problem can spread to other states or external actors can become involved in domestic disputes due to such factors Therefore data on cross border connections are essential to measure and assess their actual or potential effects on foreign policy or conflict This unique resource serves both qualitative and quantitative researchers For ease of use it is divided in sections for each region of world with the entries organized by pairs of contiguous countries Each entry for a pair of countries briefly discusses the ethnic and religious groups that are common to both countries and the historical and current connections between these groups The entries are organized based on the Correlates of War country codes which are widely used by researchers and allow for country pairs to be organized geographically within each section to facilitate easy use of the data

Strategic and Practical Information IBP, Inc.,2015-09-11 Ghana Investment and Business Guide Volume 1 Strategic and Practical Information *Ghana's Foreign Policy, 1957-1966* Willard Scott Thompson,2015-12-08 A systematic and thorough analysis of a small determined and comparatively wealthy new state s attempts to enlarge its influence and augment its power Originally published in 1969 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Sustainable Futures for Music Cultures** Huib Schippers,Catherine Grant,2016-10-03 The sustainability of music and other intangible expressions of culture has been high on the agenda of scholars governments and NGOs in recent years However there is a striking lack of systematic research into what exactly affects sustainability across music cultures By analyzing case studies of nine highly diverse music cultures against a single framework that identifies key factors in music sustainability Sustainable Futures for Music Cultures offers an understanding of both the challenges and the dynamics of music sustainability in the contemporary global environment and breathes new life into the previously discredited realm of comparative musicology from an emphatically non Eurocentric perspective Ethnicity and the Colonial State Alexander Keese,2015-11-30 Ethnicity and the Colonial State compares the choices of community leaders in three different West African groups Wolof Temne and Ewe with regard to selling their identifications to the colonial rulers The book thereby addresses ethnicity as a factor in global history *Slavery, Memory and Religion in Southeastern Ghana, c.1850-Present* Meera Venkatachalam,2015-08-10 Based on a decade of fieldwork in southeastern Ghana and analysis of secondary sources this book aims to reconstruct the religious history of the Anlo Ewe peoples from the 1850s In particular it focuses on a corpus of rituals collectively known as Fofie which derived their legitimacy from engaging with the memory of the slave holding past The Anlo developed a sense of discomfort about their agency in slavery in the early twentieth century which they articulated through practices such as ancestor veneration spirit possession and by forging links with descendants of peoples they formerly enslaved Conversion to Christianity engagement with modernity trans Atlantic conversations with diasporan Africans and citizenship of the postcolonial state coupled with structural changes within the religious system which resulted in the decline in Fofie s popularity gradually altered the moral emphases of legacies of slavery in the Anlo historical imagination as the twentieth century progressed
