severely disturbed person as Dahmer is adjudged sane and therefore culpable while Twinkiedefense killer Dan White and would be presidential assassin John Hinckley Jr are deemed not guilty by reason of insanity What are the origins of tests for criminal responsibility and how is mental illness defined under them Can causal links be shown to exist between specific crimes and disorders Psychiatry and Criminal Culpability explores in depth these questions and many others at the heart of one of the most controversial issues in our criminal justice system today Throughout Dr Ralph Slovenko an acknowledged expert whose professional experience straddles both the worlds of psychiatry and the law brings a wealth of scholarship and direct experience to bear on the subject Citing numerous landmark cases and historical formulations of criminal responsibility dating back to biblical times he traces the evolution of current legal and psychiatric notions of culpability and the relationship between culpability and insanity Writing for both a mental health and legal audience Dr Slovenko clearly and eloquently addresses a wide range of important topical issues He explains the distinctions between the defenses of not guilty by reason of insanity guilty but mentally ill and diminished capacity He identifies the types of mental illness that currently qualify under the test of criminal responsibility including disorders that psychiatrists do not regard as psychotic but which nevertheless many experts assert negate responsibility He explores the role of the mental health professional as an expert character witness in cases where it is uncertain whether the accused committed the crime in question And much more Fascinating thought provoking and enlightening Psychiatry and Criminal Culpability helps guide mental health and legal professionals through the moral and technical complexities of one of the knottiest issues of our day **Keeping My Head**
