**An Examination of Robert Beadell's (1925-1994) Four Major Works for the Lyric Stage** Scott Root, 2004 Robert M Beadell 1925-1994 modestly referred to himself as a neoclassic eclectic composer and an obscure regional composer yet these appellations do not begin to describe the importance of his contribution to twentieth century American music The four music dramas which are the subject of this study are each very different in their size and scope yet all bear the unmistakable stamp of Beadell's unique blend of music and drama This book intends to show that the four music dramas are unique examples of American opera and should have the opportunity to be examined for their musicological and dramatic worth so that American opera directors and impresarios can decide if they should be included as definitive examples of American opera

**The Dramaturgy of Mark Medoff**, 2004 Select social and academic communities accord cultural status to deafness and disability but cultural designation remains an intensely debated topic among many culture non members and a sensitive hot potato among culture group members As a result and with alarming speed and regularity an increasing number of scholars now examine multiple facets of deafness and disability and how culture members intersect with mainstream society This much needed research helps to bring into perspective and to reconcile distinct segments of our pluralistic world Yet relatively little in depth research investigates how dramatic literature represents deaf or disability cultures or people more specifically although for centuries plays have developed a myriad of disabled characters only a handful of plays have developed deaf characters Given these combined circumstances the entire fields of creativity and inquiry related to deafness are badly neglected To date only a small sprinkling of commercially produced playscripts include deaf characters or take deaf issues as their thematic through lines It is not surprising then that no existing anthology groups plays about deafness in order to p

**Notes** Music Library Association, 2004 **Ola Rotimi's African Theatre** Niyi Coker, 2005 This work is an exploration into the writing cultural and theatrical aesthetics of African writer and director Ola Rotimi It is a quest and search for an authentic African esthetic that has been transformed by at least two centuries of the European colonization

This work focuses on the aesthetic dimensions of the Ori Olokun theatre under the artistic direction of Ola Rotimi. It reviews Ola Rotimi's vision and impact with the Ori Olokun Company and his quest to formulate a truly authentic African theatre void of the imported European sensibility and colonially inherited aesthetic. The unique creative achievement of Rotimi's work at the Ori Olokun theatre is that it evolved out of the ivory towers of the University, an unfriendly territory as far as the indigenous theatre is concerned. Ola Rotimi dedicated his art to exploring the traditional indigenous artistic expressions of the Nigerian people at a point when the African aesthetic had completely lost ground to the European value system. Three of Rotimi's historical plays are analyzed to understand and locate his historical perspective. African theatre, an issue that has dominated African theatre for the past half century. His solution is that writers must tamper with the English language to temper its Englishness. Clearly, what makes Rotimi unique is that he brings to his plays the linguistic characteristics and nuances that are authentic to African people. *Book Review Index*, 2006. Every 3rd issue is a quarterly cumulation. **An Anthology of Israeli Drama for the New Millennium** Michael Taub, 2004. This book is a collection of Israeli plays translated into English and published for the first time. These new works cover the period of the 1990s, which is where the plays in the author's previous collections left off. These plays have now become classics. They have not only been chosen for their popularity but for how they touch on burning issues of the day, including the Israeli-Palestinian conflict, religious fanaticism, and the post-Zionist ideology of current Israeli society. *American Book Publishing Record*, 2003.
