Examining Lives In Context Perspectives On The Ecology Of Human Development:

Examining Lives in Context Phyllis Moen, Glen H. Elder, Kurt Lüscher, Urie Bronfenbrenner, 1995-01 This groundbreaking book extends the work of Urie Bronfenbrenner whom Melvin Kohn described as the quintessential person for spurring psychologists to realize that interpersonal relationships are embedded in the larger social structures of community society economics and politics In *Examining Lives in Context* over two dozen distinguished scholars show how Bronfenbrenner's ecological theory and research led them to focus their own work on problems crucial to real life the complex rapidly changing world that challenges researchers to design inquiries in often dramatic new ways By taking into account the importance of time place process and life course the interdisciplinary contributors to this volume forge a new path in previously uncharted territory in human development BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

Examining Lives in Context Phyllis Moen, Glen H. Elder, Kurt Lüscher, 1995 The aim of this volume is to bring together the research and thinking of scholars whose work intersects with that of a behavioral scientist in the field of human development Urie Bronfenbrenner His theoretical paradigm the ecology of human development has transformed the way many social and behavioral scientists approach think about and study human beings and their environments Bronfenbrenner's ecological model requires behavior and development to be examined as a joint function of the characteristics of the person and of the environment **Handbook of Psychology, Developmental Psychology** Irving B. Weiner, Donald K.

Freedheim, 2003-01-03 This work provides an overview of cognitive intellectual personality and social development across the lifespan with attention to infancy early childhood middle childhood adolescence and early middle late adulthood Chapters cover a broad range of core topics including language acquisition identity formation and the role of family peers school and workplace influences on continuity and change over time **Towards an Interdisciplinary Perspective on the Life**

Course René Levy, Paolo Ghisletta, Jean-Marie Le Goff, Dario Spini, Eric Widmer, 2005-11-17 Despite the well established consensus on the need for an interdisciplinary research paradigm to understand the unfolding of human lives within their social context existing empirical research rarely embraces this belief This volume aims at examining the feasibility and hurdles of interdisciplinarity specific to given research fields by bringing together leading North American and European researchers in sociology psychology social psychology and social demography all highly concerned with fostering an interdisciplinary perspective for the study of the human life course The contributions are organized along four major axes three of them substantive agency and structure transitions and biographical reconstructions and one methodological methodological innovations leaving ample leeway for the contributions to address the specific gains and difficulties of empirical interdisciplinary research within their particular domain The editors introduce the volume by discussing general features theoretical linkages and transversal substantive themes of interdisciplinarity in life course research Likewise the volume is ended by the editors conclusions based on the contributions they single out major challenges and difficulties for

the interdisciplinary study of the life course together with some promising research meant to address such difficulties and improve current knowledge about the life course The volume speaks to both experienced scholars and graduate students of the life course Advanced scholars will benefit from the latest in life course research domains and from a comprehensive overview of life course methodologies Graduate students of the life course will find in the book an original introduction to many empirical aspects of life course research and to the application of innovative methods to various research settings as well as rich bibliographical references from the research literature in English German and French The Bronfenbrenner Primer Lawrence G. Shelton,2025-09-12 This revised and updated second edition of The Bronfenbrenner Primer builds on one of the first ever introductions to acclaimed child psychologist Urie Bronfenbrenner s Ecological Systems Model of Development Framework written specifically for undergraduate students The author provides a carefully structured guided introduction to Bronfenbrenner s concepts their interpretation and their potential applications Bronfenbrenner s scientific analysis of the role the environment plays in human development is essential for understanding how and why development happens how our environments can promote healthy development and how to address developmental issues when they arise Shelton emphasizes building a systematic foundation for using the theory to understand real situations and apply it practically The book describes the background and context that led Bronfenbrenner to develop his framework illustrates a wide array of potential applications and provides activities for students to practice applying the framework to their own experiences This new edition includes expanded coverage on adolescents and adults incorporating up to date examples relevant to life post pandemic It also addresses diverse perspectives and living environments and provides several applications and exercises to help explain Bronfenbrenner s concepts The Bronfenbrenner Primer is a highly regarded and valuable resource for students beginning their studies in Developmental Psychology Family Science Sociology Health Sciences Social Work Education and for anyone interested in understanding the social world **Young People and Stories for the Anthropocene** Peter Kelly,Peter Kraftl,Diego Carbajo Padilla,Rosalyn Black,Deborah MacDonald,Meave Noonan,Ana Sofia Ribeiro,2022-09-26 This edited collection presents stories of children and young people s entanglements with times of ongoing crisis in the Anthropocene The authors use biographical narratives and arts based methodologies to further the discussion surrounding young people s well being resilience and enterprise Through these stories they seek to critically engage with the literature on the Anthropocene and interrogate concepts such as agency structure and belonging Play as Engagement and Communication Eva E.
