Examining The Cults:

Examining the Cults Harold J. Berry, 1977 Cults in Context Lorne Dawson, 2018-02-06 In the face of the increasingly variegated ideological landscape of contemporary America cults have become the focus of public controversy The growth of new religions has been matched by the development of an organized and vocal opposition the anti cult movement This in turn has prompted an extensive investigation of new religious movements NRMs by sociologists and psychologists of religion as well as historians and religious studies scholars The readings collected here contribute to the debate about cults by sampling some of the best and most accessible publications from the academic study of NRMs The contributors address the questions most commonly asked about cults such as What brought about the emergence of new religious movements What is a cult or new religious movement Who joins new religious movements and why Are converts to new religious movements brainwashed Why did the Jonestown and Waco tragedies happen Are cults inclined to be violent What does the emergence of so many new religious movements say about our society What does it say about the future of religion Cults in Context surveys the descriptive typologies theories and data accumulated by sociologists and psychologists studying new religious movements over the last twenty years It serves to defuse many popular fears and misconceptions about cults allowing the reader to develop a more reasonable and tolerant understanding of the people who join new religious movements and the functions of these movements in contemporary society The How To of Qualitative Research Janice D. Aurini, Melanie Heath, Stephanie Howells, 2021-12-08 This book will support you through each milestone of your research project with step by step instructions to doing qualitative research Whatever type of data or data collection method you use it will help you to navigate the nuts and bolts of qualitative research from forming your research question to effectively writing up Your roadmap and toolbox all in one it helps you choose the best research tools for your project while managing any challenges you might encounter along the way It includes Guidance on putting different research designs into practice including using technology for interviews data management and unobtrusive research Practical mapping tools including checklists and quick tips Online case studies and further reading to deepen your knowledge and expand your bibliography Advice from experts on how to design and implement excellent qualitative research including considerations of ethical issues This book is the perfect companion for social sciences students carrying out their first qualitative research project **Unmasking the Cults** Alan W. Gomes, 2009-12-15 In this introduction to the Zondervan Guide to Cults and Religious Movements Dr Gomes defines the characteristics of a cult of Christianity and why such a group subverts the search for spiritual truth He explains the emotional and spiritual appeal of cults who is susceptible and the techniques cult leaders use to attract members This book in dealing with a wide range of issues relating to cults and religious movements in general complements the other books in the series all of which focus on specific religious groups Why this series This is an age when countless groups and movements old and new mark the religious landscape in our culture leaving many people confused or uncertain in their search for spiritual

truth and meaning Because few people have the time or opportunity to research these movements fully these books provide essential information and insights for their spiritual journeys Except for this book each book in the series has five sections A concise introduction to the group An overview of the group s theology in its own words Tips for witnessing effectively to members of the group A bibliography with sources for further study A comparison chart that shows the essential differences between biblical Christianity and the group The writers of these volumes are well qualified to present clear and reliable information and help us discern religious truth from falsehood

Cults Orlin D. Lucksted, D. F. Martell, 1982 Social Science and the Cults John A. Saliba, 2019-03-20 This book first published in 1990 brings together descriptive comparative and theoretical materials on cults and sects in Western culture focusing on literature published since 1970 A historical section links the rise of the new movements to similar past phenomena in Western culture Other sections examine the methodology of studying religious movements and the various theories which have been brought to explain them current studies on traditional sects that are sometimes compared to the new religions and many studies of individual contemporary cults

Mystery Cults in the Ancient World Hugh Bowden, 2023-09-07 Mystery cults are one of the most intriguing areas of Greek and Roman religion In the nocturnal mysteries at Eleusis participants dramatically re enacted the story of Demeter s loss and recovery of her daughter Persephone in Bacchic cult bands of women ran wild in the Greek countryside to honour Dionysus in the mysteries of Mithras men came to understand the nature of the universe and their place within it through frightening initiation ceremonies and astrological teachings These cults were an important part of life in the ancient Mediterranean world but their actual practices were shrouded in secrecy and much of what they were about has remained unclear until now This is the first book to describe and explain all the major mystery cults of the ancient world cult by cult reconstructing the rituals and exploring their origins It makes plentiful use of artistic and archaeological evidence as well as ancient literature and epigraphy Greek painted pottery Roman frescoes inscribed gold tablets from Greek and South Italian tombs and the excavated sites of ancient religious sanctuaries all contribute to our understanding of ancient mystery cults Making use of the most recent work on these cults the book is also informed by crucial current work on the anthropology and cognitive science of religion Not only is this clearly written book a significant contribution to the study of these cults but it is also accessible to a general readership More than any other book on ancient religion it allows the reader to understand what it was like to participate in these life transforming religious events

The Cult of Silvanus Peter F. Dorcey, 1992 One of the few studies that deals with Roman domestic religion as practised by the lower classes The author collects and analyzes the enormous epigraphic and archaeological evidence for Silvanus The Roman god of agriculture and forests challenging the widely held view that private cult was subordinate or inferior to civic paganism

The personality cult of Stalin in Soviet posters, 1929-1953 Anita Pisch, 2016-12-16 From 1929 until 1953 Iosif Stalin s image became a central symbol in Soviet propaganda Touched up images of an omniscient Stalin appeared everywhere emblazoned across buildings and lining

the streets carried in parades and woven into carpets and saturating the media of socialist realist painting statuary monumental architecture friezes banners and posters From the beginning of the Soviet regime posters were seen as a vitally important medium for communicating with the population of the vast territories of the USSR Stalin's image became a symbol of Bolshevik values and the personification of a revolutionary new type of society The persona created for Stalin in propaganda posters reflects how the state saw itself or at the very least how it wished to appear in the eyes of the people The Stalin who was celebrated in posters bore but scant resemblance to the man Iosif Vissarionovich Dzhugashvili whose humble origins criminal past penchant for violent solutions and unprepossessing appearance made him an unlikely recipient of uncritical charismatic adulation The Bolsheviks needed a wise nurturing and authoritative figure to embody their revolutionary vision and to legitimate their hold on power This leader would come to embody the sacred and archetypal qualities of the wise Teacher the Father of the nation the great Warrior and military strategist and the Saviour of first the Russian land and then the whole world This book is the first dedicated study on the marketing of Stalin in Soviet propaganda posters Drawing on the archives of libraries and museums throughout Russia hundreds of previously unpublished posters are examined with more than 130 reproduced in full colour The personality cult of Stalin in Soviet posters 1929-1953 is a unique and valuable contribution to the discourse in Stalinist studies across a number of disciplines *Soldiers, Cities, and Civilians in Roman Syria* Nigel Pollard, 2000 A study of interaction between the Roman army and the civilian population in Syria and Mesopotamia in the first five centuries A D *Baby and Child Heroes in Ancient Greece* Corinne Ondine Pache, 2004 Baby and Child Heroes in Ancient Greece is the first systematic study of the considerable number of Greek babies and children who became enduring myths objects of worship and the recipients of sacrifice Examining literary pictorial and numismatic representations Pache opens up a vast territory once occupied by children such as Charila Opheltes Melikertes and the children of Hercules and Medea She argues that the stories songs and sanctuaries honoring these heroes express parental fears and guilt about children's death Jacket *Cults of the Greek States* Lewis Richard Farnell, 1907

Unsafe Sects Roger E. Olson, 2023-08-29 For some decades American and other culture has been obsessed with cults But what does cult mean How should a religious group be identified as a cult Who joins cults and why These and other questions are answered in this book It provides a basic introduction to cults unsafe sects especially from an orthodox Christian perspective Here readers will also find accounts of the author's personal experiences of cults **Oregon Voter**, 1924 *Studying Religion, Past and Present* Nickolas P. Roubekas, Dimitris Xygalatas, Luther H. Martin, Donald Wiebe, 2024-09-05 Celebrating the contributions of Panayotis Pachis to the field this book discusses the past present and future of the study of religion in antiquity and modernity Panayotis Pachis has dedicated his celebrated career at the Aristotle University of Thessaloniki to the study of various aspects of ancient religions The contents of this book reflect Pachis conviction that the study of religious ideas and practices should be focused on three pillars the study of history the

formulation and application of theoretical frameworks and the utilization of traditional as well as innovative methodological tools Chapters range from the scientific study of Roman Graeco religions cultural evolution and neurocognitive theories in the history and study of religion to a look at why we need an integrative approach to study religion past and present *An Examination of the Isis Cult with Preliminary Exploration Into New Testament Studies* Elizabeth A. McCabe, 2008 This work serves as an investigation of the Isis cult by tracing its development from Egypt into Greco Roman society The origin of the Isis cult is described by using the accounts of Plutarch Apuleius and Diodorus before examining the effects of Isis on Egyptian culture The Isis cult soon overflows into the Greco Roman world While this mysterious religion initially encounters opposition especially since it clashes with Roman patriarchal society it overcomes these limitations The relevance of Isis to New Testament studies is demonstrated by comparing similar Pauline practices to Isiac beliefs and practices The concepts of freedom salvation baptism and resurrection in Pauline Christianity overlap with Isiac beliefs The possibility of the Isis cult as an historical context is explored in the book of 1 Timothy which serves as an example of the intersection between the biblical text and the Egyptian cult of Isis *A Historical Introduction to the Study of New Religious Movements* W. Michael Ashcraft, 2018-02-02 The American public s perception of New Religious Movements NRMs as fundamentally harmful cults stems from the anticult movement of the 1970s which gave a sometimes hysterical and often distorted image of NRMs to the media At the same time academics pioneered a new field studying these same NRMs from sociological and historical perspectives They offered an interpretation that ran counter to that of the anticult movement For these scholars in the new field of NRM studies NRMs were legitimate religions deserving of those freedoms granted to established religions Those scholars in NRM studies continued to evolve methods and theories to study NRMs This book tells their story Each chapter begins with a biography of a key person involved in studying NRMs The narrative unfolds chronologically beginning with late nineteenth and early twentieth century perceptions of religions alternative to the mainstream Then the focus shifts to those early efforts in the 1960s and 1970s to comprehend the growing phenomena of cults or NRMs using the tools of academic disciplines The book s midpoint is a chapter that looks closely at the scholarship of the anticult movement and from there moves forward in time to the present highlighting themes in the study of NRMs like violence gender and reflexive ethnography No other book has used the scholars of NRMs as the focus for a study in this way The material in this volume is therefore a fascinating viewpoint from which to explore the origins of this vibrant academic community as well as analyse the practice of Religious Studies more generally **Do As I Say** Sarah Steel, 2022-06-28 At the heart of being human is the desire to belong It can make us unspeakably vulnerable to the manipulations of others Cult leaders prey on this desire but so do many unscrupulous operators hiding in plain sight Sarah Steel the creator of the popular Let s Talk About Sects podcast has researched the cults you ve heard of and dozens you haven t What strikes her most are not the differences between bizarre cult behaviour and normal behaviour but the depressing similarities Her work reveals that we are all susceptible to

the power of cult dynamics In *Do As I Say* Sarah Steel tells the human tale behind the sensationalism Sharing deeply personal stories gathered over years of interviews with survivors and some shocking tales about the world's most famous cults she sheds light on the high cost of unchecked coercive behaviours to individuals and communities at large Praise for *Do As I Say* Sarah uses the stories of survivors to tease out the common threads of coercive control shared by cults and found in other parts of society The result is a much needed spotlight on the behaviours and personalities we are likely to encounter even if we never go anywhere near a cult David Gillespie bestselling author and lawyer In times of uncertainty when you long for simple answers and have a deep desire for community you can find yourself incrementally handing over your agency to a charismatic but authoritarian and manipulative leader or group think In this book Sarah Steel has brilliantly charted how this happens in all sorts of ways and for all sorts of people it provides an invaluable map to navigate this dangerous terrain Reverend Tim Costello AO This book is a most comprehensive and studied look at cults the leaders and perhaps most importantly the survivors Sarah Steel has given the world a real gem one that will not only educate but also help to destigmatize those who have been harmed by cults and con artists Bravo Dr Janja Lalich cult expert academic and former cult member

Lived Experiences of Ideologies in Contextual Islam Judy Wanjiru Wang'ombe, 2024-02-29 There is a tendency within the study of Islam to prioritize religious ideology over the lived experiences of ordinary Muslims While affirming the significance of such ideology Dr Judy Wanjiru Wang'ombe suggests that it is equally important to understand how Islamic teachings are actually lived out within Muslim communities Utilizing a cognitive anthropological framework and drawing from qualitative field data this study examines the phenomenon of spirit possession as experienced by Borana Muslims in Marsabit County Kenya Dr Wang'ombe analyzes the practices and beliefs of the Ayyaana possession cult in light of stipulations provided by official Islamic texts specifically the Qur'an and Hadith as taught by their Muslim teachers and explores the prominent gaps that often exist between tenet and practice An excellent resource for scholars and practitioners alike this study enhances anthropological understanding of contextual Islam as practiced in East Africa while offering insight into local perspectives on the spirit world

The Future of Religion Rodney Stark, William Sims Bainbridge, 2023-04-28 Religion is alive and well in the modern world and the social scientific study of religion is undergoing a renaissance For much of this century respected social theorists predicted the death of religion as inevitable consequence of science education and modern economics But they were wrong Stark and Bainbridge set out to explain the survival of religion Using information derived from numerous surveys censuses historical case studies and ethnographic field expeditions they chart the full sweep of contemporary religion from the traditional denominations to the most fervent cults This wealth of information is located within a coherent theoretical framework that examines religion as a social response to human needs both the general needs shared by all and the desires specific to those who are denied the economic rewards or prestige enjoyed by the privileged By explaining the forms taken by religions today Stark and Bainbridge allow us to understand its persistence in a secular age

and its prospects for the future This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1985 Religion is alive and well in the modern world and the social scientific study of religion is undergoing a renaissance For much of this century respected social theorists predicted the death of religion as inevitable consequence of science education

Examining The Cults Introduction

In today's digital age, the availability of Examining The Cults books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Examining The Cults books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Examining The Cults books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Examining The Cults versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Examining The Cults books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Examining The Cults books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Examining The Cults books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare,

which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Examining The Cults books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Examining The Cults books and manuals for download and embark on your journey of knowledge?

FAQs About Examining The Cults Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Examining The Cults is one of the best book in our library for free trial. We provide copy of Examining The Cults in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Examining The Cults. Where to download Examining The Cults online for free? Are you looking for Examining The Cults PDF? This is definitely going to save you time and cash in something you should think about.
