EcoKids Dan Chiras, 2005-06-01 To forge a sustainable future we need citizens who care for the Earth We need citizens who understand that planet care is the ultimate form of self care But we also need generations who live according to their values and convictions and who can effect positive change in their lives and the lives of others Because public schools and the popular media cannot be counted on to produce an Earth friendly citizenry the task falls to parents Yet even aware parents often lack the understanding and resources to take on such a task EcoKids addresses this gap by presenting a coherent plan that will help parents foster love for nature teach children the importance of environmental protection and promote environmental values and inspire action actions that will last a lifetime A hopeful and inspiring guide for parents topics covered include ways to avoid gloom and doom in favor of positive solutions foster love and empathy for nature develop environmental values put values into action help children discover the roots of problems and be part of lasting solutions walk the talk counter the consumer culture starting in your own home and community generate hope and combat apathy Each chapter includes an inspiring case study of a child who's making a difference short pieces that highlight serious problems such as global warming along with positive solutions that can be read aloud to children and activities for children A resource guide lists helpful books articles videos and organizations
