Ecology Recreation And Tourism:

Ecology, Recreation and Tourism John M. Edington, M. Ann Edington, 1986-08-21 Ecology Recreation and Tourism presents a comprehensive analysis of the effects of recreational and tourist activities on the environment **Recreation Ecology** M. Liddle, 1997-10-31 This text brings together disparate bodies of ecological knowledge pertinent to countryside areas used for recreation It summarizes our understanding of recreation as an ecological factor and outlines the problems needing further research for the benefit of students and others concerned with countryside conservation Information is drawn from several countries and the text highlights common features as a means for providing a theoretical base for practical advice which the planner or manager can use as a guide when faced with problems for which there is no direct information *Tourism, Recreation, and Sustainability* Stephen F. McCool, R. Neil Moisey, 2008 Sustainable development is the single most important consideration for those working in the tourism industry Presenting a discussion by leading contributors on the impacts of tourism on local culture and the environment this new edition moves forward the debates in sustainable tourism covering new locations concepts and perspectives and new case studies providing a global outlook for a universal issue From publisher s description **Outdoor Recreation** David Huddart, Tim Stott, 2019-10-25 This textbook presents a comprehensive overview of the environmental impacts of various types of outdoor recreation and how these can be best managed As a field of study recreational ecology is both multidisciplinary and interdisciplinary and the authors seek to develop a deeper understanding of both the role and function of the factors that influence visitor numbers and their impact An accessible and comprehensive textbook it features numerous types of outdoor recreational activities including hill walking rock climbing mountain marathons skiing scuba diving and more Drawn from several global case studies the authors estimate the current and future numbers involved in outdoor recreation and how best these numbers can be managed Effective visitor impact management actions arise from collaboration between recreation ecologists social scientists experienced recreation managers recreation stakeholders and the recreationalists themselves as such this book will be multi disciplinary in scope This practical and engaging textbook will be invaluable to students and scholars of outdoor recreation and adventure tourism as well as practitioners and managers working in the field Wildland Recreation William E. Hammitt, David N. Cole, Christopher A. Monz, 2015-02-03 WILDLAND RECREATION THE AUTHORITATIVE GUIDE TO UNDERSTANDING AND MANAGING THE ECOLOGICAL IMPACTS OF RECREATIONAL ACTIVITIES IN WILDLANDS This third edition provides an updated and thorough examination of the ecological impacts of recreational use on wildlands and the best management practices to employ in places where recreation and preservation of natural conditions are important and often conflicting objectives Covering the latest research this edition provides detailed information about the environmental changes that result from recreational use It describes spatial patterns of impact and trends over time and then explores the factors that determine the magnitude of impact including the amount of use the type and behavior of use and

the environmental durability Numerous examples drawn from parks and recreation areas around the world give readers an insight into why certain areas are more heavily damaged than others and demonstrate the techniques available to mitigate damage The book incorporates both the first hand experience of the authors and an exhaustive review of the world s literature on the subject Boxes provide quick access to important material and further resources are referenced in an extensive bibliography Essential reading for all park and protected area management professionals this book is also a useful textbook for upper division undergraduate and graduate students on recreation ecology and recreation management courses
