Gorsky, 1985 *Causes and Consequences of Alcohol Abuse: Overview of federal activities on alcohol abuse and alcoholism; alcoholism, biological and environmental determinants* United States. Congress. Senate. Committee on Governmental Affairs, 1988 Economics and Alcohol Marcus Grant, Martin Plant, Alan Williams, 2023-12-01 During the 1950s 1960s and 1970s general levels of alcohol consumption had risen considerably in all parts of the world In association with this there was a proliferation of alcohol related problems such as liver disease drunkenness offences marital disharmony and employment difficulties Many factors influence the probability of alcohol addiction and the habits of drinking they include age sex race occupation and income Economic aspects of the use and misuse of alcohol had been attracting increasing attention during the early 1980s Politicians and scholars alike had drawn attention to the benefits of a vigorous alcohol industry on the one hand and on the other the costs of providing medical social and educational services for those suffering from alcohol related problems Originally published in 1983 the real nature of the relationship between economics and alcohol is explored in detail for the first time in this book It argues for increased participation by economists in the processes of social policy decision making and considers the key issues of cost benefit analyses control policies taxation and programme efficiency No easy solutions are provided but a host of unjustified assumptions about this subject are clarified This book paved the way for substantial future collaboration between economists and those involved in alcohol studies **Tackling Harmful Alcohol Use Economics and Public Health Policy** OECD, 2015-05-12 This book examines trends and social disparities in alcohol consumption It assesses the health social and economic impacts of key policy options for tackling alcohol related harms in Canada the Czech Republic and Germany extracting policy messages for a broader set of countries **Third Special Report to the U.S. Congress on Alcohol and Health from the Secretary of Health, Education, and Welfare** National Institute on Alcohol Abuse and Alcoholism (U.S.), 1978 *Special Report to the U.S. Congress on Alcohol & Health*, 1990 Special Report to the U.S. Congress on Alcohol & Health United States. Human Services ,1990 **Alcohol Research & Health** ,1999 The Economic costs of alcohol and drug abuse and mental illness, 1985 ,1990 **Determinants of Substance Abuse** Mark Galizio,Stephen A. Maisto,2013-06-29 With the recent increase in the scope of drug and alcohol problems has come an awareness of the need for solutions In this context federal support for research on drug problems increased tremendously during the last 10 to 15 years with the establishment of the National Institute on Drug Abuse NIDA and the National Institute on Alcohol Abuse and Alcoholism NIAAA Funding from these and other sources has led to a substantial increase in the quantity and quality of published work related to substance abuse As data accumulate it is becoming more apparent that substance abuse problems are extremely complex and are influenced by a variety of biological psychological and environmental variables Unfortunately it has proved difficult to go beyond this conclusion to a description of how these multiple factors work together to influence the development of and recovery from drug and alcohol dependence The purpose of this book is to try to meet that objective by including in one volume literature reviews and theoretical analyses from a wide variety of drug researchers We chose the authors in an attempt to assure that each of the various levels of analysis appropriate to the substance abuse problems would be included In each case the author was asked to consider how the variables in his or her particular domain might contribute to the appearance of individual differences in both alcohol and drug problems **Special Report to the U.S. Congress on Alcohol and Health from the Secretary of Health, Education, and Welfare** ,1978
