The Routledge Handbook of Philosophy, Politics, and Economics C.M. Melenovsky, 2022-05-02 This handbook advances the interdisciplinary field of Philosophy Politics and Economics PPE by identifying thirty five topics of ongoing research Instead of focusing on historically significant texts it features experts talking about current debates Individually each chapter provides a resource for new research Together the chapters provide a thorough introduction to contemporary work in PPE which makes it an ideal reader for a senior year course The handbook is organized into seven parts each with its own introduction and five chapters I Frameworks II Decision Making III Social Structures IV Markets V Economic Systems VI Distributive Justice VII Democracy The Frameworks part discusses common tools and perspectives in PPE and the Decision making section shows different approaches to the study of choice From there parts on Social Structures Markets and Economic Systems each use tools from the three PPE disciplines to study and distinguish parts of society The next part explains dominant theories and challenges to the paradigm of Distributive Justice Finally a part on Democracy offers five challenges to current democratic practice

Handbook on the Economics of Philanthropy, Reciprocity and Social Enterprise Stefano Zamagni, Luigino Bruni, 2013-01-01 The recent era of economic turbulence has generated a growing enthusiasm for an increase in new and original economic insights based around the concepts of reciprocity and social enterprise This stimulating and thought provoking Handbook not only encourages and supports this growth but also emphasises and expands upon new topics and issues within the economics discourse Original contributions from key international experts acknowledge and illustrate that markets and firms can be civilizing forces when and if they are understood as expressions of cooperation and civil virtues They provide an illuminating discourse on a wide range of topics including reciprocity gifts and the civil economy which are especially relevant in times of crisis for financial capitalism The Handbook questions the current phase of the market economy that arises from a state of anthropological pessimism Such anthropological cynicism is one of the foundations of the contemporary economic system that is challenged by the contributors This highly original and interdisciplinary Handbook will provide a fascinating read for academics researchers and students across a wide range of fields including economics public sector economics public policy and social policy

Advances in Behavioral Economics Friedel Bolle, Michael Carlberg, 2012-12-06 This volume is dedicated to Horst Todt who celebrated his seventieth anniversary on March 14 2000 All the contributors know Horst Todt personally and with the exception of two younger co authors have accompanied his scientific career for several years some as his assistants some as his colleagues at the Frankfurt or Hamburg University some as fellow members in scientific societies All who know him acknowledge inspiring conversations on a broad field of issues often reaching far beyond the scope of economics Being

friendly and entertaining and without exaggerated personal ambition he often initiated work which others completed In particular the two editors of this volume experienced and enjoyed the stimulating atmosphere at his Chair of Economics at the Hamburg University We like to remember these scientifically and personally fruitful years under the tutorship of Horst Todt The editors would like to thank the contributors to this volume for their readiness to cooperate and for the promptness of their delivery

Game Theory Hans Peters, 2015-06-04 This textbook presents the basics of game theory both on an undergraduate level and on a more advanced mathematical level It is the second revised version of the successful 2008 edition The book covers most topics of interest in game theory including cooperative game theory Part I presents introductions to all these topics on a basic yet formally precise level It includes chapters on repeated games social choice theory and selected topics such as bargaining theory exchange economies and matching Part II goes deeper into noncooperative theory and treats the theory of zerosum games refinements of Nash equilibrium in strategic as well as extensive form games and evolutionary games Part III covers basic concepts in the theory of transferable utility games such as core and balancedness Shapley value and variations and nucleolus Some mathematical tools on duality and convexity are collected in Part IV Every chapter in the book contains a problem section Hints answers and solutions are included
