murder plot He even explains why footnotes are like blind dates Carefully researched and highly opinionated The Devil s Details affirms that delight in reading can come from unexpected places *The Republic of Arabic Letters* Alexander Bevilacqua,2018-02-23 Alexander Bevilacqua shows that the Enlightenment effort to learn about Islam and its religious and intellectual traditions issued not from a secular agenda but from the scholarly commitments of a pioneering group of Catholic and Protestant Christians who cast aside inherited views and bequeathed a new understanding of Islam to the modern West

The Modern Cultural Myth of the Decline and Fall of the Roman Empire Jonathan Theodore,2016-08-13 This book investigates the decline and fall of Rome as perceived and imagined in aspects of British and American culture and thought from the late nineteenth through the early twenty first centuries It explores the ways in which writers filmmakers and the media have conceptualized this process and the parallels they have drawn deliberately or unconsciously to their contemporary world Jonathan Theodore argues that the decline and fall of Rome is no straightforward historical fact but a myth in terms coined by Claude L vi Strauss meaning not a falsehood but a complex social and ideological construct Instead it represents the fears of European and American thinkers as they confront the perceived instability and pitfalls of the civilization to which they belonged The material gathered in this book illustrates the value of this idea as a spatiotemporal concept rather than a historical event a narrative with its own unique moral purpose Moderate and Radical Liberalism Nathaniel Wolloch,2022-01-31 This book provides a new reading of one of the most significant chapters in the history of social and political thought the transition from the late Enlightenment to early liberalism In contrast with prevailing interpretations of the emergence of liberalism which emphasize the conservative liberal reaction of the nineteenth century it presents a more optimistic depiction of how formerly radical principles of the Enlightenment were eventually adopted by the mainstream of moderate early liberalism To substantiate this innovative interpretation the book provides a detailed history of late Enlightenment and early liberal social and political thought on both sides of the Atlantic See inside the book
