Said, 1983 Said demonstrates that critical discourse has been strengthened by the writings of Derrida and Foucault and by influences like Marxism structuralism linguistics and psychoanalysis But he argues these forces have compelled literature to meet the requirements of a theory or system ignoring complex affiliations binding the texts to the world *Edward Said and the Work of the Critic* Paul A. Aram Veesser, 2010-05-10 This insightful critical biography shows us an Edward Said we did not know H Aram Veesser brings forth not the Said of tabloid culture or Said the remote philosopher but the actual man embedded in the politics of the Middle East but soaked in the values of the West and struggling to advance the best European ideas Veesser shows the organic ties connecting his life politics and criticism Drawing on what he learned over 35 years as Said's student and skeptical admirer Veesser uses never before published interviews debate transcripts and photographs to discover a Said who had few inhibitions and loathed conventional routine He stood for originality loved unique ideas wore marvelous clothes and fought with molten fury For twenty years he embraced and rejected at the same time not only the West but also literary theory and the PLO At last his disgust with business as usual politics and criticism marooned him on the sidelines of both The candid tale of Said's rise from elite academic precincts to the world stage transforms not only our understanding of Said the man and the myth but also our perception of how intellectuals can make their way in the world **Exile and Otherness** Alexander Stephan, 2005 In recent years Culture Studies Anthropology German Studies History Political Psychology and other fields have used the concept of exile in close connection with terms like migration border crossing identity and transnationality Views of a homogeneous culture and of centrality collide with ideas like multiculturalism pluralism creolization and the globalization of differences A transit culture inhabited by the flaneur and the nomad is supposed to have replaced citizenship in a nation At the same time there can be no doubt that the experience of those writers artists and intellectuals who were driven out of Germany and Europe by the Nazis was in many ways unique This book investigates the exile experience in a theoretical and comparative

way by exploring the possibilities and limitations of concepts like diaspora de localization and transit culture for understanding the lives and works of German and Austrian refugees from Nazi persecution It revisits the interaction of the exiles with the culture of their host countries in light of recent debates about migration and identity studies and it analyzes texts paintings and other methods of artistic expression which connect the experience of the refugees of 1933 with postmodern notions of de localization hybridity and marginalization

Michael Groden, Martin Kreiswirth, Imre Szeman, 2005 Publisher Description **Postmodernism and Its Critics** John McGowan, 1991 John McGowan brings a fresh perspective to ongoing debates about the political implications of postmodernist thought and the relationship of intellectuals to contemporary culture In addition to providing a comprehensive overview of the philosophical context of postmodernism he considers the kinds of freedom and oppositional politics that are possible under postmodern conditions **The Character of Criticism** Geoffrey Galt Harpham, 2013-10-28 Why are some critical texts more compelling memorable or engaging than others Can criticism be judged as a discourse of description explanation and analysis alone or do our evaluations reflect other kinds of investments in it In this book Geoffrey Galt Harpham argues that the most powerful and effective criticism demands to be read as an expression of a distinctive sensibility a way of being in the world it demands in other words to be read as a discourse of character Through a series of detailed and intimate intellectual portraits of leading critics Elaine Scarry Martha Nussbaum Slavoj Zizek and Edward Said Harpham unfolds the complex and indirect ways in which human character is expressed in criticism A final chapter on Criticism in a State of Terror assesses the contemporary situation The Character of Criticism represents not just a snapshot of contemporary criticism but a fresh approach to criticism itself that clarifies the stakes involved for writers and readers of

criticism alike It does so not by making difficult thinking easy but by making it stranger more idiosyncratic exotic and singular

Continental Philosophy and the Palestinian Question Zahi Zalloua, 2017-02-23 From Sartre to Levinas continental philosophers have looked to the example of the Jew as the paradigmatic object of and model for ethical inquiry Levinas for example powerfully dedicates his 1974 book *Otherwise than Being* to the victims of the Holocaust and turns attention to the state of philosophy after Auschwitz Such an ethics radically challenges prior notions of autonomy and comprehension two key ideas for traditional ethical theory and more generally the Greek tradition It seeks to respect the opacity of the other and avoid the dangers of hermeneutic violence But how does such an ethics of the other translate into real everyday life What is at stake in thinking the other as Jew Is the alterity of the Jew simply a counter to Greek universalism Is a rhetoric of exceptionalism with its unavoidable ontological residue at odds with shifting political realities Within this paradigm what then becomes of the Arab or Muslim the other of the Jew the other of the other so to speak This line of ethical thought in its desire to bear witness to past suffering and come to terms with subjectivity after Auschwitz arguably brackets from analysis present operations of power Would then a more sensitive historical approach expose the Palestinian as the other of the Israeli Here Zahi Zalloua offers a challenging intervention into how we configure the contemporary

The Translation Zone Emily Apter, 2011-10-16 Translation before 9 11 was deemed primarily an instrument of international relations business education and culture Today it seems more than ever a matter of war and peace In *The Translation Zone* Emily Apter argues that the field of translation studies habitually confined to a framework of linguistic fidelity to an original is ripe for expansion as the basis for a new comparative literature Organized around a series of propositions that range from the idea that nothing is translatable to the idea that everything is translatable *The Translation Zone* examines the vital role of translation studies in the invention of comparative literature as a discipline Apter emphasizes language wars including the role of mistranslation in the art of war linguistic incommensurability in translation studies the tension between textual and cultural translation the role of translation in shaping a global literary canon the resistance to Anglophone dominance and the impact of translation technologies on the very notion of how translation is defined The book speaks to a range of disciplines and spans the globe Ultimately *The Translation Zone* maintains that a new comparative literature must take stock of the political impact of translation technologies on the definition of foreign or symbolic languages in the humanities while recognizing the complexity of language politics in a world at once more monolingual and more multilingual

Archives of Authority Andrew Rubin, 2012-07-29 Combining literary cultural and political history and based on extensive archival research *Archives of Authority* argues that cultural politics specifically America's often covert patronage of the arts played a highly important role in the transfer of imperial authority from Britain to the USA during a critical period after WWII

[Transgressive Truths and Flattering Lies](#) Markus Schmitz, 2020-04-02 This book explores the formative correlations and inventive transmissions of Anglophone Arab representations ranging from early

20th century Mahjar writings to contemporary transnational Palestinian resistance art Tracing multiple beginnings and seminal intertexts the comparative study of dissonant truth making presents critical readings in which the notion of cross cultural translation gets displaced and strategic unreliability representational opacity or matters of act advance to essential qualities of the discussed works aesthetic devices and ethical concerns Questioning conventional interpretive approaches Markus Schmitz shows what Anglophone Arab studies are and what they can become from a radically decentered relational point of view Among the writers and artists discussed are such diverse figures as Rabih Alameddine William Blatty Kahlil Gibran Ihab Hassan Jabra Ibrahim Jabra Emily Jacir Walid Raad Ameen Rihani Edward Said Larissa Sansour and Raja Shehadeh

Secular Faith Vincent William Lloyd, Elliot A. Ratzman, 2011-01-01 Is faith a necessary virtue in the contemporary world May it be or must it be detached from religious commitment What do genealogies of the secular tell us about faith Does religion need secular faith Secular Faith brings together leading and emerging scholars to reflect on the apparent paradox of secular faith Ranging over anthropology religious studies political science history and literature from Muslims in China to Pentecostals in South Africa to a prison chapel in Texas this collection of essays is as engaging and accessible as it is penetrating and rigorous Communism was once labeled the god that failed Like Christianity Communism involves faith in a superhuman endeavor conversion myth discipline and salvation and from the perspective of secular liberalism both are unjustified and false In recent years scholars have begun to investigate whether secularism is itself based on faith in a god that failed or is failing Nevertheless many still embrace such a faith finding in the spirit of democracy an ethos of eternal renewal Secular Faith enters and broadens this conversation interrogating secular faith in a global context tapping new theoretical resources and grappling provocatively with the tragedies and opportunities of today s profane pantheon of beliefs
