Edward Lear James Williams, James Atherton Williams, 2018 James Williams's account the first book length critical study of the poet since the 1980s sets out to re-introduce Lear and to accord him his proper place as a major Victorian figure of continuing appeal and relevance and especially as a poet of beauty comedy and profound ingenuity

Rhythms of Feeling in Edward Lear, T. S. Eliot, and Stevie Smith Jasmine Jagger, 2022 Rich with unpublished material and detailed insight Rhythms of Feeling offers a new reading of three of the most celebrated poets Edward Lear T S Eliot and Stevie Smith Tracing exciting lines of interplay affinity and influence between these writers for the first time the book shifts the terms of critical debate on Lear Eliot and Smith and subtly reorients the traditional account of the genealogies of Modernism Going beyond a biographically framed close reading or a more general analysis framed by affect theory the volume traces these poets affective rhythms fits tears nerves to consider the way that poetics the mental and physical process of writing and reading and the ebbs and flows of their emotional weather might be in dialogue Attentive acute and often forensic the book broadens its reach to contemporary writers and medical accounts of creativity and

cognition Alongside deep critical study this volume seeks to bring emotional intelligence to criticism finding ways of speaking lucidly and humanely about emotional and physical states that defy lucidity and stretch our sense of the human

Particular emphasis is given to sociological canon theories which have so far been under represented in canon research in children s literature The volume therefore relates historical changes in the canon of children s literature not only to historical changes in concepts of childhood but to more encompassing political social economic cultural and ideological shifts This volume s comparative approach takes cognizance of the fact that if canon formation is an important cultural factor in nation building processes a comparative study is essential to assessing transnational processes in canon formation This book thus renders evident the structural similarities between patterns and strategies of canon formation emerging in different children s literatures

Higher Gossip John Updike, 2011-11-01 One of the most gifted American writers of the twentieth century and the author of the acclaimed Rabbit series delivers the intimate generous insightful and beautifully written collection he was compiling when he died This collection of miscellaneous prose opens with a self portrait of the writer in winter a Prospero who though he fears his most dazzling performances are behind him reveals himself in every sentence to be in deep conversation with the sources of his magic It concludes with a moving meditation on a modern world robbed of imagination a world without religion without art and on the difficulties of faith in a disbelieving age In between are previously uncollected stories and poems a pageant of scenes from seventeenth century Massachusetts five late golf dreams and several of Updike s commentaries on his own work At the heart of the book are his matchless reviews of John Cheever Ann Patchett Toni Morrison William Maxwell John le Carr and essays on Aimee Semple McPherson Max Factor and Albert Einstein among others Also included are two decades of art criticism on Chardin El Greco Blake Turner Van Gogh Max Ernest and more Updike s criticism is gossip of the highest order delivered in an intimate and generous voice Nonsense and Other Senses Elisabetta Tarantino with the collaboration of Carlo Caruso, 2020-07-24 This book deals with a topic that is gaining increasing critical attention the literature of nonsense and absurdity The volume gathers together twenty one essays on various aspects of literary nonsense according to criteria that are deliberately inclusive and eclectic Its purpose is to offer a gallery of nonsense practices in literature across periods and countries in the conviction that important critical insights can be gained from these juxtapositions Most of the cases presented here deal with linguistic nonsense but in a few instances the nonsense operates at the higher level of the interpretation of reality on the part of the subject or of the impossibility thereof The contributors to the volume are established and younger scholars from various countries Chronologically the chapters range widely from Dante to Václav Havel and offer a large span of national literatures Czech English Finnish French German Italian Japanese and literary genres poetry prose and drama inviting the readers to trace their own pathway and draw their own lines of connection One point that emerges with particular force is the notion that what distinguishes literary nonsense is its somehow regulated nature Literary nonsense thus sounds like a deliberate last ditch attempt to snatch order from the jaws of chaos the speech of the Fool as opposed to the tale told by an idiot It is this kind of post Derridean retrieval of choice as the defining element in semantic transactions which is perhaps the most significant insight bequeathed by the study of nonsense to the analysis of poetry and literature in general Lawless and the House of Electricity William Sutton, 2017-08-22 In London s East End a corpse tumbles from a ship Tangled in tarpaulin it has lain forgotten for years A scrap of paper in its pocket reads Roxbury The shadows of European machinations loom over the capital For Sergeant Campbell Lawless fears become reality as a series of explosions tear across the country Home Office anxieties lead Lawless to Roxbury House where the Earl of Roxbury the country s foremost weapons manufacturer resides with a cavalcade of innovative scientists and researchers Lawless places his best agent ex street urchin Molly in the Earl s home as he races to find those behind the
