Lawaty,2015-07-28 The studies in East and Central European History Writing in Exile 1939 1989 all written by experts in the history of the region give answers to the comprehensive question of how the experience of exile during the time of the Nazi and Communist totalitarianism influenced and still influences history writing and the historical consciousness both in the countries hosting exile historians as well as in the home countries which these historians left The volume comprises difficult to access information about the organization and the work of historians exiled from the Baltic States including Baltic Germans Belorussia Ukraine and Poland And it provides reflections on the intellectuals networking between their own national and the foreign traditions in the exile Contributors are Olavi Arens Mirosław Filipowicz Jörg Hackmann Volodymyr Kravchenko Oleg atyszonek Andreas Lawaty Iveta Leitné Artur M karski Andrzej Nowak Gert von Pistohlkors Andrejs Plakans Toivo Raun Rafa Stobiecki Mirosław A Supruniuk Jaan Undusk and Maria Zadencka Estonia David Smith,2013-12-16 In 1998 Estonia became the first of the former Soviet republics to enter membership negotiations with the European Union Since then it has been hailed as the model pupil amongst the current applicants This study traces the remarkable reforms that have propelled Estonia from the USSR to the threshold of the EU in less than a decade The work also explores the tensions inherent in the concept of a postcommunist return to Europe Since 1991 membership of western transnational organizations has been consistently portrayed as the best guarantee of Estonia's independence Yet the membership criteria imposed by these organizations have frequently conflicted with the nationalist priority of restoring a sovereign Estonian nation state At the same time Estonia's geopolitically sensitive location poses a dilemma for the West thereby ensuring that the country will remain the litmus test not just of Russia's intentions towards Europe but of the New Europe as a whole A History of the Crusades: The fourteenth and fifteenth centuries, edited by Harry W. Taagepera,2018-02-06 After breaking free from the Bolsheviks in 1918 Estonia enjoyed independence until 1940 when the country was subsumed by the Soviet Union Not until 1991 was Estonia able to make its next successful bid for sovereignty In this book Rein Taagepera traces the evolution of Estonia from prehistory to the present when a radical turn of events in the former Soviet Union once again altered the destiny of this Baltic nation The author explores in depth the remarkable changes in Estonia since 1980 framing his analysis within the larger picture of the Soviet Union and its demise He also examines the issue of ethnic tensions between Estonians and Russian colonists and speculates on how unrest will affect the future of the country Throughout his analysis the author weaves in such key questions as Why did Sovietization fail How did Estonia's quest for autonomy affect Soviet dissolution What role will the country play on the global stage What will Estonia's future
