Policy and Politics in Nursing and Healthcare - Revised Reprint Diana J. Mason, Judith K. Leavitt, Mary W. Chaffee, 2013-09-23 Featuring analysis of healthcare issues and first person stories Policy Politics in Nursing and Health Care helps you develop skills in influencing policy in today's changing health care environment 145 expert contributors present a wide range of topics in policies and politics providing a more complete background than can be found in any other policy textbook on the market Discussions include the latest updates on conflict management health economics lobbying the use of media and working with communities for change The revised reprint includes a new appendix with coverage of the new Affordable Care Act With these insights and strategies you'll be prepared to play a leadership role in the four spheres in which nurses are politically active the workplace government professional organizations and the community Up to date coverage on the Affordable Care Act in an Appendix new to the revised reprint Comprehensive coverage of healthcare policies and politics provides a broader understanding of nursing leadership and political activism as well as complex business and financial issues Expert authors make up a virtual Nursing Who's Who in healthcare policy sharing information and personal perspectives gained in the crafting of healthcare policy Taking Action essays include personal accounts of how nurses have participated in politics and what they have accomplished Winner of several American Journal of Nursing Book of the Year awards A new Appendix on the Affordable Care Act its implementation as of mid 2013 and the implications for nursing is included in the revised reprint 18 new chapters ensure that you have the most up to date information on policy and politics The latest information and perspectives are provided by nursing leaders who influenced health care reform with the Patient Protection and Affordable Care Act of 2010

My Way or the Highway (EasyRead Large Bold Edition) Harry E. Chambers, 2004 No one likes micromanagers They are petty dictators They constantly interfere with their employees They waste everyone's time They hurt morale They reduce productivity They make staffers' lives hellish The problem is micromanagers exist in almost every office Nearly eight out of 10 employees report that they work for micromanagers or have in the past Despite its near universal prevalence few executives managers or supervisors acknowledge micromanagement as a personal failing Harry E Chambers discusses why micromanagement occurs

He teaches you how to deal with a micromanager whether you work for that person or he or she works for you And he explains how to eliminate your own micromanagement tendencies getAbstract applauds Chambers for his thoughtful treatise on a common and odious problem Particularly note his recommended tactics for dealing with a micromanager s outbursts proactively before they occur It s like making sure dynamite doesn t explode by never connecting the fuse

Engineering Education and Technological / Professional Learning Clara Viegas,Arcelina Marques,Gustavo R. Alves,Francisco José García-Peñalvo,2019-12-16 The focus of this Special Issue is aimed at enhancing the discussion of Engineering Education particularly related to technological and professional learning In the 21st century students face a challenging demand they are expected to have the best scientific expertise but also highly developed social skills and qualities like teamwork creativity communication or leadership Even though students and teachers are becoming more aware of this necessity there is still a gap between academic life and the professional world In this Special Edition Book the reader can find works tackling interesting topics such as educational resources addressing students development of competencies the importance of final year projects linked to professional environments and multicultural or interdisciplinary challenges

Busting the Myth of the Communication Metaphor Sarah Read,2025-07-01 Traces the linguistic rhetorical historical cultural and economic origins of our most basic beliefs and practices for successful technical writing to initiate a reckoning about who they serve and who they harm Busting the Myth of the Communication Metaphor is a transdisciplinary approach to making visible and explaining the multiple origins of why our most basic beliefs about what makes scientific and technical writing successful are wrong ineffective and harmful These tacitly held beliefs and practices collectively called the Communication Metaphor stand in as symbolic for a messier more reality based understanding of how writing and communication works By starting from conventional statements made by scientists

technical professionals and standard textbooks that successful technical writing is short and to the point with the facts only no opinions the book traces the histories and structures of the multiple elements of the Communication Metaphor The text synthesizes survey results multiple strands of scholarship personal experience and original illustrations into a powerful argument for imagining a more just approach to scientific and technical writing
