A decorative graphic element consisting of a light blue horizontal bar with a rounded right end, and a red circular shape with a gradient, partially overlapping the bar's end.

Effective Corrections Manager Maximizing Staff Performance In Demanding Times:

The Effective Corrections Manager Richard L. Phillips, Charles R. McConnell, 1996 *Correctional Organization and Management* Robert M. Freeman, 1999 Bridges the gap between critical elements of organisational theory and psychosocial issues Explains the evolution of corrections related public policy and corrections organisational behaviour and structure over the past 200 years Also leads to an understanding of the ethical change management and 21st century challenges correctional managers and leaders must be prepared to address Correctional Mental Health Handbook Thomas J Fagan, Robert K Ax, 2003 The number of criminal offenders with mental health problems has increased steadily Yet few graduate programs offer courses that deal with the many complex assessment treatment and management issues encountered by correctional mental health workers The Correctional Mental Health Handbook is the first book to offer a comprehensive overview of the services provided by correctional mental health professionals for the various populations found in correctional programs and facilities Edited by Thomas J Fagan and Robert K Ax experts with over 40 years of correctional mental health experience this unique handbook is divided into three sections The first section provides a flexible model for organizing mental health services based on staffing levels facility mission and local need The second section considers typical offender problems in many correctional systems and how they are customarily managed The third section presents various clinical and consultative activities offered by mental health professionals within correctional settings A distinguished group of practitioners and scholars combine years of experience and cutting edge research to examine The ethics of correctional mental health practice Practitioner roles within the correctional community Core mental health services for both single offenders and special need groups Program planning and release preparation for inmates Mental health services offered to institution staff Training hostage and crisis negotiators Future trends in correctional mental health While the main audience will be correctional mental health professionals and academics involved with training correctional mental health professionals the Correctional Mental Health Handbook is also an ideal primer for graduate students studying corrections in criminal justice programs For the student preparing to enter the correctional mental health profession this indispensable text explains the general characteristics and treatment needs of specific inmate populations including substance dependent offenders female offenders sexual predators and juvenile offenders Federal Probation, 1997

Corrections John T. Whitehead, Kimberly D. Dodson, Bradley D. Edwards, 2012-09-17 Corrections Exploring Crime Punishment and Justice in America provides a thorough introduction to the topic of corrections in America In addition to providing complete coverage of the history and structure of corrections it offers a balanced account of the issues facing the field so that readers can arrive at informed opinions regarding the process and current state of corrections in America The third edition introduces new content and fully updated information on America's correctional system in a lively colorful readable textbook Both instructors and students benefit from the inclusion of pedagogical tools and visual elements that help

clarify the material

Correctional Ethics John Kleinig, 2017-07-05 Correctional Ethics gathers the most prominent contributions to this burgeoning field ranging from the philosophy of punishment through to ethical appraisals of incarceration the professional responsibilities of prison personnel and formative work in restorative justice In addition it provides an annotated research agenda to help shape the development of a comprehensive correctional ethic For those working in correctional ethics this collection provides an essential resource

Quick Reference to Correctional Administration Richard L. Phillips, John Walter Roberts, 2000 Provides an overview of all aspects of managing inmates in adult correctional facilities Takes key policies and procedures of the Bureau of Prisons and adapts them for general correctional use

Discretion, Community, and Correctional Ethics John Kleinig, Margaret Leland Smith, 2001-08-28 Some two million Americans are in jail or in prison Except for the occasional exposé what happens to them is hidden from the rest of us Is it possible to develop and instill a professional ethic for prison personnel that in partnership with formal regulatory constraints will mediate relations among officers staff and inmates or are the failures of imprisonment as an ethically constrained institution so deeply etched into its structure that no professional ethic is possible The contributors to this volume struggle with this central question and its broader and narrower ramifications Some argue that despite the problems facing the practice of incarceration as punishment a professional ethic for prison officers and staff can be constructed and implemented Others however despair of imprisonment and even punishment and reach instead for alternative ways of healing the personal and communal breaches constituted by crime The result is a provocative contribution to practical and professional ethics

Correctional Administration Richard P. Seiter, 2002 Paying particular attention to present issues policies and procedures Correctional Administration provides excellent coverage of both theory and practice The book is written to help readers understand the past present and future of corrections the functions of correctional administrators and the issues that drive administrators to create new operational approaches to new challenges The book is organized to provide readers with essential history and background an understanding of critical issues the functions of correctional operations and projections for future needs Features excellent case studies and practical examples This volume covers the past present and future of correctional management and administration managing offenders managing the environment managing correctional staff and the future of correctional administration For corrections professionals and others interested in correctional administration

Criminal Justice Review, 2005

Prison Governors Shane Bryans, 2013-08-21 This book provides the first systematic study of prison governors a hidden and powerful but much neglected group of criminal justice practitioners Its focus is on how they carry out their task how that has changed over time and how their role has evolved The author himself a former prison governor explains how prison governors have changed under external pressures and examines a number of the factors that have been influential in changing their working environment in particular the changing status of prisoners and the development of the concept of prisoners rights the

increasing scrutiny of the press and politicians competitive elements introduced by privatization of the penal institutions and the introduction of risk management approaches Based on extensive research including interviews with 42 prison governors this book also explores a number of important biographical factors The author describes the demographic characteristics of the sample of governors interviewed including their social origins educational and occupational backgrounds their reasons and motivation for joining the prison service their career paths and also explores their values and beliefs In the light of the findings of this study the author also makes a number of important suggestions for changes that should be made to policy and practice and explores the implications for how our prisons should be governed in the future **Publishers Trade List**
